Cable Television for the Beaches?

by Lorraine Neal

Cable television for the beaches area - from Victoria Beach to Lakeshore Heights, is this a dream or reality? If two enterprising young men have anything to say about this, it will be a reality within the next year.

Marc Fenez, and Greg Wheeler, are seriously planning a venture concerning a cable company. They even have a tentative name on a three month hold. They plan use the name "Beaches Cable Television Ltd." They have been advised by their lawyer not to incorporate as yet.

The two have done their homework, and would like to build a two hundred foot microwave tower on or near the Belair Hill. At present a tower, owned by Rogers Cantel is situated on the hill. Acquiring property for the tower is one of the first things on their agenda.

The first thing however, is to ascertain just how much interest permanent residents may have in this venture. An informational letter has been placed in all local retail stores, with explanations of what the pair hope to deliver.

With the help of bank financing, and grants. Marc and Greg hope to begin a low powered multichannel distribution service. This will pro-

vide multi channel TV where cable is not now feasible.

The present plan is to provide a basic package of a maximum of fifteen channels, and a minimum of thirteen, including a community service channel. To be a viable operation, approximately three to four hundred subscribers will be required. After determining the type of programming residents are interested in, they will try to supply the programs.

An example of some of the programming available are: CBS, NBC, TSN, TBS, CBC, TNN, WPIX, WSBK, MUCHMUSIC and NEWSWORLD. In addition to permanent residents, the service will be available to seasonal residents, who would pay a much reduced rate during the winter months.

Each subscriber will require an antenna, which this cable company will supply, install and tune for \$100.00, plus a hookup, and de scrambler which carries a price tag of \$75.00. The estimated monthly cable subscription cost would be approximately \$25.00. Planned will be the inclusion of "local" channels, such as CBC, CKND, MTN, CKY, and CBWFT.

Long range plans include the possibility of also supply-

P.V. Senior Cmplx Gets Govt. OK

Lac du Bonnet MLA Darren Praznik announced Saturday October 13 formal approval of the Powerview Seniors Complex to be located on Laura St. in Powerview. Construction of the 18 unit, 1.25 million dollar project will begin in the spring.

Praznik congratulated Winnipeg River Lodge Board Chairman Rene Papineau and project sponsors Winnipeg River Lions Club and Pine Falls Knights of Columbus Council for "all of their hard work and perseverance over the last four years." He said mortgage guarantees and funding for the six subsidised

units is in place. "Now we are ready to proceed with a sod turning ceremony for the spring." He said. He noted that 75% of project funding will be supplied by the federal government.

To Rene Papineau it has been a long four years. He said they started talking about the project in the Powerview Seniors Club in 1989. They discussed it with George Harbottle of the Lions Club, and with Darren Praznik, who arranged for Manitoba Housing and Renewal official Herb Debowits to meet with Powerview Seniors in March 1990. "We were supposed to

have the project ready for the 1991 provincial budget, but Debowits retired, the file got lost, and we had to start all over." Papineau said.

He said he became chairman of the committee because no one else had any free time. The committee contacted consultant Douglas Leeies of Acorn Development who visited Powerview in February 1992, did a feasibility study, and helped stick handle the project through government red tape and bureaucracy. The group incorporated and elected a board of directors. Papineau was elected chairman, and George Harbottle see seniors p. 2

MLA Darren Praznik presents official notification of approval for PV seniors complex to Rene Papineau. L to R: Charles Norman - Knights of Columbus, Henry Ostrowski, Mayor of Powerview, Darren Praznik, Rene Papineau and George Harbottle - Lions Club.

Host
Successful
Dinner**

The Senior Scene, 1 Ateah Road, in Victoria Beach, was the scene of another very successful evening of dining and dancing. The

theme of this month's dinner was multicultural. Everyone attending was encouraged to bring an ethnic dish of their country of origin. The array of food was absolutely mind boggling. Everything from head cheese, with special mustard, to holubci, spicy red cabbage, Swedish meatballs, Irish Stew, lasagna, ribs, tiny cocktail buns, and a wonderful assortment of salads. Dessert was Scottish shortbreads, pie and rice krispie squares.

seniors continued secretary/treasurer. Other board members were Frank Thibedeau, John Coulomb, Madelaine Guay, and Wayne Rudd.

Papineau said board members visited several complexes in the surrounding area, in addition to Pine Falls and St Georges, they went to Steinbach, St Pierre, St Malo, Tyndal and others. He said the older units, built about 20 years

ago with units around 400 square feet were too small. "People said they did not want to live in those matchboxes." The units in the Powerview Complex will be 600 to 800 square feet.

Three door prizes were given, and each table was given a sheet of paper with nineteen quiz questions to answer. Only one table was able to answer all nineteen. The ever popular line dancing followed the sumptuous feast, and of course regular dancing.

Next month will be the Annual Christmas Dinner and Dance. This will be a catered affair, and open to members only. Each member is requested to bring a gift. (A \$5.00 limit has been imposed, and women are requested to bring a gift suitable for a woman, and of course men for men.) Date for the Christmas Dinner is December 11th.

Remember the V B Seniors Bazaar on Saturday December 4th, 11 AM till 1 PM, the more the merrier.

earned through A T & T. Marc is now with Artillery in Shilo, and will be obtaining his release from the military in July 1994. He then will be able to devote his time to the technical aspects of communications, a field which he most enjoys.

Greg Wheeler, is a native of Newfoundland, also married with one son. Greg, is a Radar technician in the Armed Forces, and has been in the military since 1987. Greg and Marc met while stationed in Shilo, as they are neighbors. Greg has microwave experience, and has completed a course in T. Q. #5 advanced

electronics in Newfoundland. He has successfully completed four different radar courses while in the military. He has also completed a computer test equipment course. This is used for testing transistors, integrated circuits and chips. Greg is interested in completing courses in T V and V C R repair, and also a computer maintenance course. Greg will also be obtaining his release from the military in July 1994. Greg will be relocating to the beaches area, with his family, for he says it reminds him of Newfoundland, and the people here are so very friendly. We can't dispute that!

If you have any ideas about the proposed cable development for the beach area, please send your comments, ideas, and T V likes and dislikes to:

Marc Fenez,
PO Box 1156,
Shilo, MB
ROK 2A0.

Those residents who have picked up the informational letter from their local retail store, may return the letter to the store, with appropriate information at the bottom of the letter. Those people will be given first priority for installation.

**Letters to the Editor,
Remembering Remembrance Day**

The Community Voice
Box 4000
Pine Falls, Mb.
ROE 1M0

I remember the whole school lining up for the Remembrance Day ceremony, not a few kids showing up with their parents. I remember Earl Manson playing Last Post with a real musical instrument, not a tape recorder that sometimes malfunctions. I remember the men from the Pine Falls area who were killed in action, but deserve a moment of my time once a year; men like George Dean, Dave Gold, and others. I remember the

men from this area who served during the war and lived, but should also be remembered; Clayton Farmer, Dave Hutchison, Red Halpin, Stan Gold, my uncles and my dad, and all the others. I remember a young man who was born in Pine Falls, and died in Vietnam fighting for his country. I remember the traffic brought to a stop so that the ceremony could be conducted without cars and trucks disrupting. I remember the cold and the

wind and the snow along with a large attendance; not the beautiful sunny winter day with not so many remembering. Let's not forget the reason for this day. Don't let it become just another day off. Next year take 15 minutes of your time, one day a year, to pay tribute to those who served their country. Let next year's Remembrance Day be one that is worth remembering for all of us.

Cable for beaches fm. p. 1 ing Fort Alexander with cable. In this instance the plan is to provide communications training to two electronically oriented residents of the Fort, thus enabling them to become a "satellite" of the parent company. These employees would look after the installation and maintenance of this system, thus allowing for complete autonomy. A repeater would be a necessity if this plan is followed.

Just a word about these entrepreneurs... Marc Fenez, son of Mr. and Mrs. Louis Fenez, of St. George, is married with a family, and is at present a member of Canada's Armed Forces, stationed in Shilo. He has been in the military since 1988, and works as a communication lineman. He was recently posted to Shilo from No. one Line Troop, which is the largest unit for men in the forces. He has worked on big communications projects worldwide. He also has fibre optics experience, with papers subscribers.

St. Georges Craft Show - a Great Success!

by Lorraine Neal
The annual Craft Sale, held in the basement of the St. George Roman Catholic Church, was as usual a huge success. There were artists of almost every venue in attendance. Le Petit Soleil were in attendance with a table of mouth watering baked goods. Dee Sparrow, was also very visible with her table of lovely hand crafted, and quilted items for sale. Mrs. Sparrow consistently shows high quality goods. The Winnipeg River Women's Institute were out in full force, with their new cookbook, soon to be in print, on display. They also had a box of food items which was raffled off at the conclusion of the show.

other attendee of the craft show. Nicole had beautiful jackets, stuffed matching geese, and for the children, wonderful stuffed dinosaurs. Library Allard was there with a table filled with what else? Books, books and more books. Books for children, and teens, some in French. What better gift for the holiday season. St. George Community Club was also well attended at the craft show, and their table was heavy laden with the items turned out by the ladies of the club. The work these talented ladies do is really something! These are but a few of the crafters who year after year turn out wonderful gifts and craft items for your home, family and friends.

The Test of Time

With old man winter dragging us into an alley and bludgeoning us with the whims of the weather the C.F.L. playoffs are here once again. This, of course, brings, the second place Hamilton Tiger Cats to grace Manitoba with an appearance at Winnipeg Stadium Sunday afternoon. They also have about as much chance of winning as they do of catching a tan. All they have to do to win is set up Sammy Garza and achieve some motion in

the game.

Neither team should be happy just to be there nor should they be looking at playing in the Grey Cup. The Winnipeg Blue Bombers will have their hands full this Sunday and they know it. The Hamilton team as a whole has something to prove to the league and their fans and they don't intend to give the Bombers any chances.

Hamilton's defence didn't give O'Hara much room and they will definitely pick up their play against Winnipeg. The difference in the game will be the Bombers' defensive squad. The last two games

they've played the defence has come up big and allowed opposing teams offences very little room to operate. Our offence will have to play better than the meager twelve points they put against Toronto but the defence should keep them in the game to the end.

The biggest test this play-off game will give to the Bombers will be to the quarterback/coach exchange. Matt Dunigan has many times proven his ability to read defence and take advantage of the flaws he sees in them. With Mike Kelly supporting his daughter's recovery Matt will

have to achieve this without the use of an audible. He will, however, have the advantage of watching from an outside perspective. He's had two games to sharpen his skills and should have another half to read the Hamilton defence.

Sammy Garza, in the last two games, has shown streaks of brilliance. With the defence's, and Dunigan's help he should be able to put the offence in motion. He should also get the experience he needs to be able to call his own audibles at the line of scrimmage and adjust to the defensive line up. The key to Garza's success will largely depend

upon his confidence. If he can become oblivious to the word doubt his troops will rally for him and get the job done.

The twelve to ten win over the Argonauts featured the old mainstays of this '93 ball club, the defence and specialty teams, foremost being the kickers Bob Cameron can always be called upon to get us out of a jam, and Troy Westwood, after the Toronto Award, practically has sole rights to the Community Voice Victory Point. A strong game from Troy will mean the second last possible award being handed out.

Patrick S. Plunkett

PUBLIC NOTICE

APPLICANT: MANITOBA HYDRO

APPLICATION: Manitoba Hydro intends to apply to The Public Utilities Board (the "Board") for an Order:

- (a) approving new rate schedules for implementation April 1, 1994 sufficient to produce an increase in general consumers revenue of 1.5% for the year ending March 31, 1995;
- (b) approving further new rate schedules for implementation April 1, 1995 sufficient to produce an additional increase in general consumers revenue of 1.5% for the year ending March 31, 1996;
- (c) confirming the Board's Interim Ex Parte Order No. 24/93 which approved changes in Manitoba Hydro's Diesel Full-Cost rates effective April 1, 1993;
- (d) confirming the Board's Interim Ex Parte Order No. 148/93 which approved the introduction of nine new Curtailable Service rates to be made available to qualifying General Service customers, at discounts from firm rates, effective November 1, 1993.

NOTE: The purpose of this Notice is to advise members of the public about the intended application and to encourage interested persons to obtain further information from Manitoba Hydro when it becomes available. Once particulars of the Manitoba Hydro application become available, a subsequent notice will appear in these papers providing more information, including the time, place and date of the full public hearing to be held commencing February 21, 1994.

FILING: Manitoba Hydro anticipates that the application will be filed on November 19, 1993, and will be available from Manitoba Hydro after the date of filing as noted below:

Manitoba Hydro
Attention: Mr. K.D. Munro/Ms. K.J. Moroz
3rd Floor, 820 Taylor Avenue
Winnipeg, Manitoba
R3C 2P4

Phone: 474-3468/474-4539 (collect if necessary)

Following the filing, the application can be examined at the Board's offices by contacting the Secretary at 945-2638.

PRE-HEARING CONFERENCE:

All persons, firms or Corporations wishing to intervene in respect of this Application and participate in the examination of witnesses, provide evidence, or make submissions and final arguments, are requested to advise of their intention to do so by being present in person or by representative at a Pre-Hearing Conference to be held by the Board at its offices - 2nd Floor, 280 Smith Street, Winnipeg, Manitoba on November 26, 1993 at 10:00 a.m., at which time their reasons for intervention will be reviewed by the Board.

Persons wishing to address this Pre-Hearing Conference in French are required to notify the Board's Secretary prior to November 19, 1993.

The purpose of the Pre-Hearing Conference is, among other things, to identify the interveners and their reasons for intervention, to provide an opportunity to interveners to co-operate with other interveners to avoid duplication of interventions and to finalize a timetable for the orderly exchange of evidence and information. All persons seeking Intervener Status should be present or represented at the Pre-Hearing Conference.

Parties who merely wish to address the Board or present a brief will be classified as presenters and do not have to be in attendance at the Pre-Hearing Conference.

PROCEDURE:

The Board has adopted Draft Rules of Practice and Procedure which will apply to the conduct of this General Rate Application. All interveners must familiarize themselves with the Board's requirements which will be reviewed at the Pre-Hearing Conference. Copies of this document are available upon request to the Board by writing to the Secretary or by calling 945-2638.

INTERVENER COSTS:

Board Order No. 163/87, dated November 12, 1987, provides for, among other things, the possible award of costs to interveners and the guidelines for so doing. Any party contemplating making Application for an award of costs should familiarize themselves with this Order.

DATED this 5th day of November, 1993.

D deGraft
Acting Secretary
The Public Utilities Board
