Mill skyline to change

Visible changes are beginning to take place at the Pine Falls newsprint mill.

Next week the two 100 foot Acid Towers will be demolished. Almost immediately afterwards site surveying will begin in preparation for the construction of a new waste paper recycle mill.

The two tile lined concrete acid towers, dating back to 1926, were taken out of service many years ago and replaced by a much smaller stainless steel vessel inside the mill. They have begun to lean towards the East - Pine Falls own leaning towers of Pizza - currently they are about 6 inches out of vertical. They are in no immediate danger of

collapse but the construction of the recycle mill will make it very difficult (and expensive) to remove them at a later date.

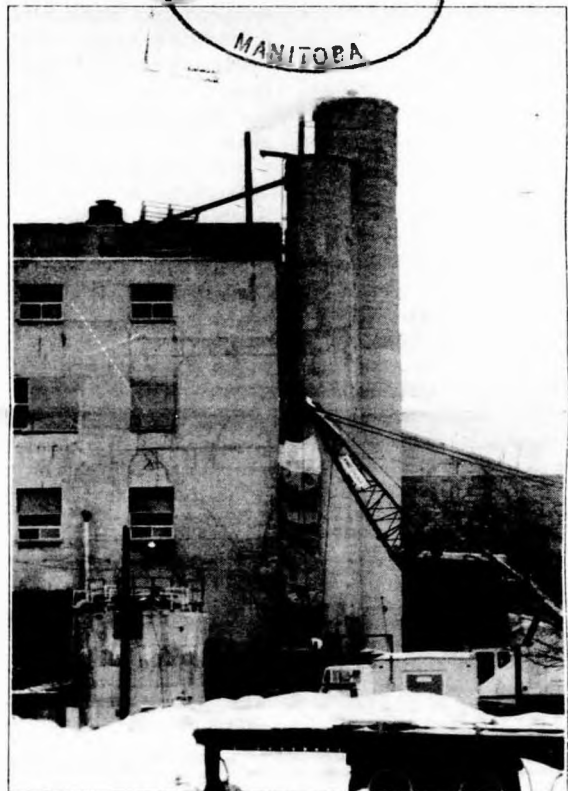

The demolition contractor, Rakowski Cartage and Wrecking will use hydraulically operated jaws suspended from a crane to crush concrete and cut reinforcing steel. Rubble will be dropped inside the towers and removed at the end of each day. The concrete rubble will be used as a road bed for the reconstruction of the road alongside the conveyor feeding the block pile conveyors.

Demolition is scheduled to begin Monday, February 27, and will be completed by the end of the week - weather

permitting. In a North-East wind water vapour from the mill could restrict visibility to a point where a spotter on the roof would be unable to see well enough to direct the crane operator by radio.

Demolition will take place between 8:00 am and 4:30 pm. Unloading of sulphur, caustic soda, and clay will be carried out on an evening shift. There will be no employee access within 100 ft. of the towers during demolition.

Around the middle of March surveying will begin for a 36 million dollar, 100 tonne per day recycle plant processing 70 tonne per day of old newspapers and 30 tonnes per day of old magazines. The plant is scheduled to be in operation in late spring next year. It will be built immediately South of the Acid Towers.

\$12,000 donated to Pine Falls Health Complex

by Lorraine Neal

Mrs. Sharon Coote, President of the Pine Falls Health Auxiliary presented Susan Derk, C.E.O. of Pine Falls Health Complex, with a cheque in the amount of \$12,000.00. The funds, presented on Wednesday, February 15th, 1995 are to be used for the purchase of much needed equipment for expanded surgical and obstetrical programs at the Complex.

Funds are raised by fifteen dedicated, active, volunteer members of the Auxil-

iary, through events such as the Crocus Tea, held every spring, the membership drive held each autumn, an annual quilt raffle, (the quilt handmade by Mrs. Lynn Wingate.) Funds are also raised through sales of crafts and recycled greeting cards from the Gift Display case in the Hospital waiting room, two mobile carts which sell personal items to patients, the sales of soft drinks from the drink machine (stocked by another volunteer) and craft sales in Pine Falls and St. Georges.

Province committed to improvements on Broadlands Road

by Lorraine Neal

A delegation comprised of Darren Praznik M.L.A., Bill Hood, Barry Prentice, Jules Gosselin, and Ken Cowie appeared before Council of the L.G.D. of Alexander at the regular meeting of February 14, 1995. Mr. Cowie appeared on behalf of the residents of Broadlands Road, who are requesting remedial repairs be undertaken on Broadlands Road as soon as possible. Praznik, and his assistant Hood appeared on behalf of the Provincial government, and Prentice and Gosselin on behalf of the Department of

Highways.

Barry Prentice, while he sympathized with the residents of the road, (Broadlands Road is horrible in dry weather, and horrendous in wet, rainy weather) his position on repairs is that there is only so much available funding. He did agree that the road needed repairs. Prentice committed to upgrading the road, beginning in early June. The road base will be stabilized, and compacted with a 'Sheepsfoot,' after which calcium chloride will be applied. It was agreed that

once this remedial work is complete, the L.G.D. of Alexander will take on the responsibility of weekly grading to keep the road in top condition.

The heavy snowfall this winter has created problems with snow clearing in some areas of the L.G.D. Some agreement with the Department of Highways was sought by the L.G.D. for more compatible and efficient use of road graders by both provincial and municipal graders. This would ensure quicker snow clearing for the entire district.

Agassiz School Division #13

The Minister's Action Plan on Renewing Education - New Directions contains information which will be of interest to parents who may wish to have their children attend another school in the Division.

Action 9 - enable parental choice, within limits, in selecting the public school best suited to their child's learning requirements in order to increase flexibility of parental choice within the school system.

Manitoba Education and Training will facilitate parental flexibility in choosing a public school best suited to their children's learning requirements. By the Spring of 1995, the department will change regulations to allow for parental choice of schools within school divisions for the 1995-96 school year. In the fall of 1996, a change in legislation is planned to allow parental choice of schools between school divisions for the 1997-98 school year.

The following table outlines the rights and responsibilities of parents, students, school divisions that will govern parental choice of schools. Parental Choice of Schools Responsibilities of Parents and Students

To facilitate planning and budgeting by schools and school divisions, parents intending to send their children to a school outside their catchment area must notify both the school in their catchment area and the school of choice by February 15 for the following school year. For the 1995-96 school year only, this deadline will be extended to March 15, 1995.

Students or parents are responsible for transportation requirements unless the student is attending an out-of-division school for one of the four school programs not offered in the home school division.

Rights of Resident Students
Priority for placement in a school shall be, first, a student who is a resident from the catchment area, second, a student who is a resident within the division, and third, a student from outside the division.

Rights of School and School Divisions
Applications of out-of-division or out-of-catchment area students could be denied by the school of choice for the following reasons:

- *proper notification was not provided (in the case of in-division choice, access to an out-of-catchment school could be denied by a school division if the catchment area school had not been properly notified).
- *space is unavailable.
- *special equipment or physical facilities required by the student is unavailable.
- *an appropriate program is unavailable.

Funding Out-of-Division Students
Home school division will transfer local taxation funds to the receiving school division in support of students who have met the stated criteria.

All provincial funding goes to the school division where the student attends school.

The opportunity to be involved in Advisory Councils for School Leadership and to choose a school program that fits their children's needs will become the right of all parents. Regardless of whether a parent chooses to exercise these particular rights, parents do have rights and responsibilities with respect to their children. These rights and responsibilities will be included in the Public School Act.

Slide visit to India highlights Winnipeg River Women's Institute Day

by Lorraine Neal

A wonderful visit to India, Nepal, Katmandu, and the Taj Mahal were the fare for a group of armchair travelers on Sunday, February 19th at Library Allard in St. Georges. The cause for celebration was W I Day. Winnipeg River Women's Institute organized an afternoon of Flicks, Friends and Fun. And flicks and fun it was!

President Edith Bourgeois welcomed the women and introduced Mrs. Edna Fortier, who was prepared with memo-

ria and slides. Mrs. Edna Fortier entertained about a dozen and a half women all afternoon with her excellent slides of India and Nepal. Mrs. Fortier visited the area a few years ago. The slides showed a beauty of the countries and their inhabitants. Yes there really are Sherpa guides, we saw pictures of them in the Himalayas. It was mind boggling to see slides of the Ganges River, and listen to the explanations

of the perceived holiness of the river. Thousands of people bathe in it's waters daily.

The Taj Mahal is a magnificent structure which has been standing for more than four centuries. Mrs. Fortier showed slides of mosques and other religious buildings which are dreams of architecture. Some buildings contain intricate design which is never seen in North America. It was a memorable afternoon. The women in attendance were left hoping Mrs. Fortier would share the slides of her Kenyan visit soon. Coffee, tea, and dainties were served. Next meeting of the Winnipeg River Women's Institute will be held on Tuesday, March 21st at 7:00 P M in Library Allard. Everyone welcome! "For Home and Country."

Police Report

On the 11th day of February, 1995 a complaint of hockey equipment was reported being stolen from the Brandon Stinger's team bus. Police are investigating.

Three arrests were made by Police over the past weekend in connection with a number of break and enters which

started back in October of 1994. Stolen property has been recovered and a number of charges laid against these individuals. These break and enters were subject to last week's "Crime of the Week" publication and involved the LGD of Alexander, Pine Falls and St. Georges areas.

Rural Crime Watch

Crime Prevention is..... PEOPLE

Good neighbors have always looked out for each other. Unable to constantly safeguard their own homes and property, they've been willing to help protect each other's. They know that this friendly interest is a strong deterrent to crime.

What has largely been an informal agreement between neighbors is now expanding into community wide efforts to make life safer and more enjoyable for all. Across Canada, community groups are working with local police to develop crime prevention programs that not only bolster individual efforts to protect families and property but which also enhance the overall quality of neighborhood life. It's Important....

Crime places an enormous social and economic burden on everyone. Tax dollars for law enforcement are just the beginning. As consumers, we pay for shoplifting with higher prices. The merchant pays with lower profits. We all pay for break and enters with steadily climbing insurance rates.

We could pump more dollars into police enforcement. But recent evidence suggests crime does not decrease in proportion to an increase in dollars spent on police protection. More police patrols, more surveillance is not the best answer.

It's time for a fresh tactic, time to take back some of our social responsibility from hard working professionals.

Crime prevention is about people working together. Neighbors work with neighbors to prevent break ins. Parents work with teachers to reduce vandalism, educators work with the media to combat child abuse, women work with women to fight rape, letter carriers watch out for seniors, rural citizens work with police to grapple with rustling, pharmacists work with parents to combat drug abuse, and citizens of all ages join together to fight drunk driving. We're all neighbors and we can all join in these efforts to reduce crime. Together we CAN make a difference.

Irish stew dinner planned for Pine Falls United Church

Put on your best bib and tucker, (green if you wish) invite your Colleen, and come on over to Pine Falls United Church on Wednesday, March 15th, for a hearty Irish Stew Dinner. The good ladies of the UCW have planned a great

dinner for the evening. All the stew and fixin's will be home cooked, so it's guaranteed to be delicious. Bring your bud-

dies, invite the gang, and come out for some good food. Tickets available from Mrs. Shirley Finkbeiner, call 367-2738.

Letter to the editor

Dear Editor:

The question of year round policing in Ward One LGD of Alexander has reared its head again (Jocelyn Stewart's letter of February 8 Community Voice). Mrs. Stewart feels that a vote of 7-2 against year round policing carries no weight because "the seven against were only interested in their taxes going up". We thought we still lived in a democratic society where majority vote rules.

In July 1993 this issue went to a public referendum and was soundly defeated by a majority of the voters. This was well publicized and both sides campaigned vigorously to ensure a high voter turnout. They were successful in getting people out to vote - and an overwhelming number voted NO. Does this referendum not count? Maybe all these year round and summer residents were only worried about their taxes going up too.

If another referendum is being pushed by those who were upset with the majority vote so soon after the one in

1993, then we feel that the cost of this referendum should be borne by them. The funds should be collected by the LGD in advance and place in a special trust account to offset all costs associated with another referendum. If the majority rules YES, then the funds can be returned. However, if the majority is another NO vote, the LGD has the funds to pay for the referendum and the cost is not borne by the taxpayers who already footed the bill for a referendum in 1993.

Perhaps instead of calling for more policing, we would have better results with a citizens on patrol or neighbourhood watch program. This may be a more effective way to stop break and enters, and gives us more control over what happens in our communities.

Signed, concerned residents of Belair
 Jack Aspin
 Mary Aspin
 Daria Makota

News

Notre-Dame-du-Laus Parish News

For Christians, Lent is a very important time of the year. Lent is a time when we, as individuals, families, and parishes, stop to reflect on how well we are following Jesus. Lent is a time for increased prayer and a time to undergo a profound change of heart. We are to turn away from our sinful behaviour and return to God wholeheartedly. Lent is a time for recalling our baptismal commitment and for developing a penitential spirit. Lent is a time to prepare our-

selves for the great events of Holy Week which are central to our faith - Christ's passion, death and (the climax) resurrection.

On Ash Wednesday, (March 1), the first day of Lent, ashes are placed on our foreheads and we are exhorted to: "Repent and believe the Good News." These words are those of Jesus himself. When Jesus says to repent, He is asking us to turn away from sin. The essence of sin is to deliberately break of our relationship with God. When He says believe the Good News, He means that we should place

our hope and trust in his teaching which reveals God's love for us. Lent is a special season for meditating on God's love as revealed through Jesus, the Christ. Let us abandon our self-centredness and seek to centre our lives on God and His will for us. Let us also do the good works which will benefit others.

Start the season of Lent on the right foot by attending the Ash Wednesday Mass which will be celebrated at 7:30 pm, March 1, in the Notre-Dame-du-Laus Catholic Church. Everyone is welcome to attend.

Book Nook

The eleventh annual observance of Freedom to Read Week will be marked Feb. 27 - March 5, 1995. Freedom to Read Week, sponsored by Canada's book and magazine industry, is intended to focus public attention on the vital issue of intellectual freedom. The Freedom to read is essential to a democratic society, and must be defended constantly against governing actions and pressure from special interest groups who seek to limit public access to print materials in schools, libraries and bookstores. Our library will mark Freedom to Read Week with a display of books that have been challenged in the past 15 years, as well as some that have been banned over the past two thousand years.

New Videos

The new block of videos from Public Library Services are in. Some of the titles include: Agatha Christie's Appointment with Death, Courage Mountain, The Musical, Singing in the Rain with Gene Kelly, Walt Disney's Big Red and The Sword in the Stone, National Geographics Panda's and Polar Bears and Travel Videos, Ireland and Archeological Yukatan. Come in and check out our selection, members can borrow up to 4 videos per family for a 1 week loan period.

Winner of our Valentine Sweet Heart Candy Guess was Emile Lessard.

See you soon at the Library!

BEACHES BUZZES

Big news in Grand Marais again. How about a nice Mixed Spiel to break up the winter eh?

Get your team together and register with either Debbie Thomas or Irene Thomas at 754-8178. Registration for this fun, fun, fun event will be \$100.00 per team. Dates for this one are March 3rd, 4th, and 5th. The first rock will be thrown at 6 P.M. on the third, and inquiries about game times for Saturday and Sunday, can be made at the time of registration.

Another Fun Spiel in Grand Marais, this time a Mixed Spiel on Saturday, February 25th... a four ender beginning at 9:00 A.M. Registration will be \$80.00 per team. Register at the Four Jakes Saloon. A buffet dinner will follow the spiel, and all proceeds from this will be donated to the Rec Hall Fund. Try to take this in, it's all good fun and certainly for a good cause.

CORRECTION

While this reporter certainly is in favor of promotions for people... we did not intentionally promote Hon. Darren Praznik, M.L.A. to the lofty post of M.P. This was erroneously reported in "Beaches Nursery School..." in the February 16th edition of the Community Voice. We do apologize if this error caused any inconvenience to Hon. Praznik or anyone else. (Our Editor didn't catch it either!)

Maskwa Poker Derby a success

The Poker Derby on Feb. 19 was a huge success, with people coming from as far away as Fort Frances, Sioux Lookout, Lorette, St. Claude, Anola, Grand Beach and Winnipeg. It has been the best turnout we have had in many years.

First, I would like to thank Fred and Loreen Carlson, Fern Dubé, Oscar Papineau, Emerille Papineau and Carl Vincent for breaking and rerouting the trail because of logging on the 27 road. A job well done with such short notice.

Secondly, I would like to thank the boys who widened the 24 road, Dave Vincent, Bob Vincent, Murray Steinke and Rene Caya. For the signing of the trails, Kelly Kembal and Gazoo. For the grooming of the trails, Oscar Papineau, Louis, Grant Cyr and Grant Henderson. A job well done.

Thirdly, thanks to all checkers; Gunner Postnicks, Linda Cyr, Gazoo, Clydie Siegel, Gilbert Papineau, Richard Delaquis, Vic Dupont, Marcel Chevrefils, Jules Fontaine and finally Jagger, Bits and Charlie "Rawhide" Niedemeyer. Check point 3 was a major success again this year, with Charlie's Balsam Tea and great hot dogs. Thanks Charlie! Hopefully next year we will have a new shack for check point 3, something larger and dryer.

The winners of the Derby were: 1st place - Bridgette Delaquis with 4-10's, King high. 2nd place Jason Sippola with 4-2's, Jack high. 3rd place was Frank Pearce from Anola with 3 Kings and 2-5's which equals a full house. Congratulations and hope to see you next year.

To bring everyone up to date with the news, the new groomer will be purchased Jan. 1/96. Anyone who hasn't been approached by Grant Cyr or Henry Dubé and would like to contribute for 4 years until the groomer

is paid for, please give either one of them a call.

Just a reminder, that on Feb. 25 the Maskwa will be hosting the final points race

for the Can - Am Racing Circuit starting and finishing in St. Georges. To make the race a success we need volunteers, so please call Grant Henderson

at 367-2498 and make a day of it and help support the St. Georges Winter Carnival. Maskwa President, Ian Cyr

Get in the Guinness Book of Records

For one dollar you can make an attempt to break the world record for the longest curling rock toss next weekend in Beausejour.

The existing record, set in Neepawa in 1989, is officially recorded at 576 ft. 4 in on a 1200 feet sheet of ice. Beausejour has already qualified for the longest sheet -

1250 ft.

Registration begins at 10:30 am Saturday February 25 at the Canadian Power Toboggan Complex at the South end of Beausejour on Highway 302. A cash prize of \$25 and a trophy will be awarded for the longest toss in each of four categories: Men's, Women's, Boys 12 and

under and Girls 12 and under. If a new world record is established, a special trophy will be awarded to the winner.

The event is part of next weekends "Winter Farewell" celebration organised by the Lions Club. See centre pages for more details

NOVICE CHAMPIONSHIP HOCKEY TOURNAMENT

Top six teams will play off for the championship Saturday Feb. 25, 10:00 - 5:30 at Powerview Arena
Final game on Sunday Feb. 26, 1:00 pm at Pine Falls Arena

Cyanide Cans And Powder Boxes

by Wilda Ward

Prairie sod huts, igloos made of snow, birch bark canoes and teepees, shanties in slums around the world made of tar paper, cardboard and scrap metal - from the beginning of history, when the first ape man tool shelter in a cave, people have used whatever material was at hand to build and furnish homes for themselves. In the isolated mining town of Bissett, the materials of choice were cyanide cans and powder boxes.

Cyanide cans and powder boxes. They weren't like sod or snow, occurring naturally. They had to be brought in, for use in the mine.

Cyanide cans were heavy galvanized steel drums, as big around as a 45 - gallon oil drum but only about a third as

high. They contained the pie-shaped bricks of sodium cyanide used in the Mill to treat the gold ore, and they were imported from England, where they were produced by Imperial Chemical Industries. The tops of these barrels had to be cut off with a cold chisel and a hammer, and once the cyanide was removed they were thoroughly washed to remove all trace of cyanide, and then piled outside the Mill for local use.

Powder boxes were even commoner. Newcomers to town, like Pearl Van Toever (formerly Pearl Maston of Pine Falls), were puzzled by the term "powder" boxes. Pearl thought they contained face powder, and couldn't under-

stand why there were so many of them laying around. The truth of the matter was that powder boxes were so named because they contained the dynamite (which the miners called blasting powder) that was used Underground. To confuse things even further, this dynamite wasn't even in the form of powder. It was shipped in paper-wrapped sticks shaped like sausages, consisting of nitro glycerine and a clay filler. These dynamite sticks were quite safe to ship and handle, and were detonated Underground with electric detonator set off with a blasting machine. Powder boxes were made of sturdy spruce or poplar wood and were approximately 10 inches wide, 20 inches long, and a foot deep. After the dynamite was distributed underground by Shorty Doherty, who was known as the Powder Monkey, the empty boxes with their tops removed were taken up to surface where they could be picked up by anyone who wanted to use them.

And how could cyanide cans and powder boxes be used! Without them, the town could hardly have existed. They were an almost universal source of everything,

Cyanide cans, for example, were used in local out-houses, which had trap doors in the back so the cyanide cans could be taken out periodically (usually once a week) and dumped into the honey wagon. This honey wagon, driven by such notables as Norris Wilson and Joe Winkelmeier, then disposed of its load at the garbage dump on the shores of Horseshoe Lake, about 3 miles west of town. Cyanide cans also made handy incinerators for burning garbage, after holes were punched in the bottom so air could circulate. They were also cut up and flattened (a difficult chore since they were made of such heavy metal) and used for lining garages and outhouses.

Powder boxes were even more versatile, and their uses were almost endless. They were probably the first example of modular furniture, since they could be stacked and combined in so many different ways. They were used as shelves for dishes, books, groceries, etc., and for furniture of all kinds - tables, footstools, chairs, step stools, even beds for babies. Maggie Clark talked about how she and her husband George used powder boxes to sit on in their first home in Bissett, back in 1928. Dr. Com McCawley said that powder boxes were placed under the feet of beds used in the home delivery of babies, to raise the beds since lumber was expensive and hard to come by. My first baby carriage consisted of a powder box attached to a sleigh with handles nailed on at the back and it was also later used by my baby brother, Billy. Powder boxes were also used Underground, as comfort stations, by the miners. Steve was the person responsible for

taking these boxes and their contents, which he called the "soft garbage" (a phrase then adopted and used by everyone in town) up to the Surface. The term that was used to describe his job is however unprintable in a family newspaper such as this one. Steve was suppose to dispose of this soft garbage down at the garbage dump, but he had his own ideas on the matter. He reportedly was a common sight, pedalling his bicycle through town with a boxful of soft garbage attached to the handle bars, which he then would dump on his garden for fertilizer. When the neighbours complained, he is quoted as saying "It make grow very fine turnips and cabbage. Good for garden. Where I come from we do it all the time." An early environmentalist and recycler, was Steve! Powder boxes also had the ultimate use - they were chopped up and used as kindling in wood stoves, to cook the meals and heat the houses of Bissett.

The most amazing thing about cyanide cans and powder boxes, however, was not their versatility. It was their durability. Anne and Diane Tamre told me that when their cottage was destroyed in the disastrous Wallace Lake fire of 1988, a fire so hot that it burnt everything in its path, even the earth right down to bed rock, the only thing left standing were the cyanide cans used in Tamre's outhouse. And powder boxes which are by now several decades old are still being used by former residents of Bissett. Lil Rousseau says she had one in her apartment in Winnipeg which she uses for storage, and on occasion as a step stool. And we still have powder boxes at our cottage at Manigotagan which we use for storing fire wood.

Unfortunately, the ongoing supply of cyanide cans and powder boxes had dried up. Since the mine shut down, cyanide cans are no longer brought in. And powder boxes aren't even made any more, since the high explosives now used Underground are shipped in heavy paper bags, and mixed on the spot with fuel oil before detonating.

It sure would be great if we could get our hands on a few more cyanide cans and powder boxes, wouldn't it!

THANK YOU TO ALL THE GREAT PEOPLE WHO CAME IN TO HELP PINE FALLS SERVICE CENTRE

CELEBRATE OUR BIG 5TH BIRTHDAY!

Cards of Thanks

THANK YOU to everyone for making my long stay in the hospital easier to bear. Thanks for all the lovely cards, flowers, baskets and chocolates, and to all who came to visit. A big thank you to all the nurses for their special care and their understanding shown to my family, especially my grandchildren; the kitchen staff do a great job, the meals were super, and also the cleaning staff for their little chats and keeping the hospital looking so good and clean. A special thanks goes to Dr. Zeiler for all his great concern and care given to me during these last few months. It all was greatly appreciated. Lois Mann

PINE FALLS PAPER COMPANY LTD. PUBLIC NOTICE. Public notice is hereby given that the Town of Pine Falls intends to conduct the following Pesticide Control Programs during 1995. 1. To control noxious weeds within the town and golf course. The projected dates of application will be from May 1, 1995 to October 31, 1995. The herbicides to be used include: - 2,4 Diamine - Roundup - Killlex - Tersan - Quintozene - Daconic. 2. To control the following insect pests including grasshoppers, mosquitoes, elm bark beetles, cankerworms, etc. The proposed dates of application for these programs will be from May 1, 1995 to October 31, 1995. The insecticides to be used include: - Baygon - Dursban. The public may send written submissions within 15 days of the publication of the notice to the department below: Manitoba Environment Pesticide Approvals Building 2 139 Tuxedo Avenue Winnipeg, Manitoba R3N 0H6

MANITOBA HEALTH INTRODUCES 24-HOUR HEALTH CARD HOTLINE. Do you have a new address? Have you lost your card? Manitobans can now call a 24-hour telephone service to report changes that affect their health card. The new, automated telephone reporting system makes reporting changes quick, easy and convenient. Use the new phone line to report: • Lost health cards • Change of address (within Manitoba) • Births • Deaths • Marriages. It is important to keep your health card information accurate and up-to-date. Manitoba Health is the first province to introduce an automated system to make changes easier than ever. Call the telephone report line today at 786-7101 for service in both official languages. Manitoba Health

A NEW DIMENSION IN CUSTOMER SERVICE

We're Changing for You!

This is the last time that all Manitoba motorists will renew their Autopac in February. We're changing to a new Autopac anniversary date system. Under this system, Manitoba motorists will renew their vehicle insurance and registration on personal anniversary dates throughout the year. This will mean no more line-ups in February and better customer service.

The new renewal system also makes it possible for us to introduce more customer service improvements in the future. We'll be telling you about these in the months to come.

To find out how the new Autopac anniversary date system will affect you, see your Autopac renewal information in the mail.

For more information, talk to your Autopac agent or contact:
