RCMP Suspend School Buses

One driver charged

by Todd Gulmond

On Tuesday, November 5/96 RCMP officer Carver pulled all school buses off the highway, because they appeared to be unregistered. Assuming one bus had just finished dropping off children at school and pulled into the bus port was not a registered vehicle. Cst. Carver decided to charge one driver with driving a unregistered vehicle. One officer later found out the bus was registered but Sagkeeng Education Authority (SEA) forgot to put the registration stickers on the licence plates. The driver intends to challenge the charges made against him. The buses, however were not safety inspected. So Cst. Carver froze all buses from further operation. SEA are the owners of the school buses, but stated that a local band member is the contractor, and should be responsible for getting the buses safited and maintained every year. The contractor feels he is being under paid and that the board of Directors should re-negotiate his contract. The Board of Directors suggested to him, the contractor that he should provide some financial statements so they may discuss the contract. However the board feels it is pretty difficult because of their budget.

For the time being SEA

will be getting the two buses from Winnipeg and can use one they have now for two weeks. On Wednesday, November 7 at approximately 8:30 a.m. Constable Carver recognized one of the bus drivers that operates one of the suspended buses and decided to stop it. He (Carver) questioned the driver about driving a vehicle that was suspended.

The driver answered saying the bus was registered and safited because it was borrowed from the bus owner from the North Shore of Sagkeeng. The bus drivers say they feel that they are being harassed from this Constable and say they would like to get this matter straightened out.

file photo

Bus drivers for the Sagkeeng Education Authority fear Constable Carver (above) has been harassing them.

The sign outside the Rusty Nail. The Grand Opening saw a capacity crowd turn out to cheer on the new establishment.

Full house joins in Grand Opening celebration

A capacity crowd of more than 100 people joined in celebrating the official opening of the Rusty Nail last Saturday evening.

Peter Raymond said "It's a special day - a special night for all of us - a time to have fun and celebrate a new bar and the revitalization of the old Pinewood."

He said the Raymond family took over the Power-view Hotel more than a year ago and the hotel was closed for close to half of that time - what should have been a six week project took almost six months. He said last winter continual snow and bitterly cold weather had a major impact on the construction schedule.

Raymond said "We did this for a number of reasons - the main one was to give back to the community, and people hated to see the way the Pinewood was going".

He said the reason for the

"Rusty Nail" was not for the cocktail with the same name (which was a special for the opening) but for the many rusty nails in the lumber removed during the reconstruction. Mrs. Lorraine Raymond cut the ribbon assisted by Marlene Raymond and Rusty Nail Manager Mitch Papineau.

Delays in construction of the Rusty Nail caused a set back in work on the Manitou Lodge but plans to turn the lodge into a four star hotel began to materialize about three weeks ago when work started on rooms on the main floor. Raymond said the rooms will be up to four star type standards and if everything goes well rooms will be available in the middle of January.

The lodge will have a brand new sprinkler system, rooms will have their own heating and air conditioning under the control of guests, windows will be replaced sometime be-

fore Christmas.

He said the restaurant will be opened when the rooms are finished, and the intention is to get into a "banquet type" business. "We want to operate a full service hotel" he said.

News

Notre Dame du Laus Parish News

The Confirmation program for the area is unfolding well. The Confirmation candidates have attended their second class (which are held at the Powerview School). They are now getting ready for a Special Confirmation Enrolment ceremony which will take place this Sunday, November 17th during the 10:00 a.m. Mass. All Confirmation candidates, parents, sponsors and prayers partners are asked to be at the church early (9:30 a.m.), so they know what will be happening and what they have to do.

The catechism classes which are held every Wednesday evening from 6:30 to 7:30 p.m., are also progressing well. The turnout so far has been good. ALL children Grades 1-6 can attend. You can still join in!!! Thank you to the parents who bring their children every week and a Special Thank You to all who are teaching catechism.

Wpg. River Health District update

Another First for Winnipeg River Health District. Winnipeg River Health District was the first to connect to the College of Physicians of Surgeons of Manitoba's new web site. The College of Physicians and Surgeons of Manitoba is headquartered in Winnipeg but it has vital information for physicians, health care providers and clients.

The information includes guidelines for practice, registration requirement, physician human resources statistics, College activities, etc. The advantage of having this information "On-line" is that all areas can have this important information as soon as it is available. For further information, please contact Linda West at 753-2334.

"Taking Care of All Your Building Needs"

POLICE REPORT

On November 1, Manitoba Hydro reports theft of 69 kg of copper wire from Black River Station. Workers found gates open and lock gone on Tuesday morning.

On November 2, A report that some soapstone rock had been stolen from a leased quarry near Manigotogan.

On November 4, The Pine Falls Paper Company reports the theft of a 1994 Honda ATC from the warehouse. Also stolen were two Honda water pumps valued at \$600.00 each and numerous tools from the Woods Garage.

On November 5, The Northern Furniture Store in Fort Alexander reports a BB was shot through one pane of window glass.

COUNTRY COOKING...

JULEBROD (Norwegian Christmas Wreath) - Bernice Phillips

...Taken from Tried, and True Tasty Treasures

1 & 1/4 c. milk
1/3 c. honey
4 tbsp. sweet butter
1 1/4 tsp. salt
1 1/2 tsp. ground cardamom
1/4 tsp. ground ginger
4 - 5 c. unbleached white flour
1/2 c. gold raisins
egg for glaze
1/3 c. warm water
1 1/2 tsp. dry yeast
1/2 tsp. sugar or honey
1 egg
1/2 tsp. mace
2 tsp. grated orange peel
3/4 c. candied fruits & peels (optional)
slivered almonds for decoration.

In a saucepan, scald the milk. Add the honey, butter, and salt; let sit until lukewarm. In a lg. mixing bowl, combine the yeast, warm water & 1/2 tsp. sugar or honey. When bubbly, add the cooled milk mixture, egg, cardamom, and mace, ginger & orange peel. Beat well to mix. Add 2 1/2 c. flour & beat at least 200 strokes by hand or 2 min. with electric mixer. Stir in the fruits & raisins. Gradually add more flour until the dough clings together & leaves the sides of the bowl. Turn out onto a floured board & knead until smooth and elastic, adding a bit more flour as neces-

sary, but striving to keep a soft dough.

Put the dough in a buttered bowl, turn to coat all sides or brush top with melted butter, cover with a towel & let rise until doubled in bulk. Punch the dough down, turn out onto a lightly floured board, knead a few times to press out air bubbles and cut into 3 equal pieces. Cover and let rest about 10 minutes.

Work with the pieces one at a time with your hands, forming into long ropes. This takes some strenuous rolling with your hands and palms. It also helps if you have a large surface to work on. The ropes should be skinny, of equal thickness, and about 30 - 36 inches long. This seems quite long, but they shrink a great deal when braided. Pinch the 3 ropes together at one end & braid them, not too tightly. When you've finished, see if the braid will form a circle; if not, undo it & roll the ropes longer or braid them more loosely. Curl the bread into a circle, on a large, buttered baking sheet (be sure there is room around the edges for expansion). Try to join the ends of the wreath together neatly by tucking them in & pinching together on the underneath side; don't worry as long as they are touching and no loose strand is poking out; they will

grow together. It is helpful to put a jar in the middle of the wreath (butter it and the dough first) to maintain the hole in the centre. You might also put a buttered springform collar around the outside to encourage the braid to rise up rather than out (it should be a bit larger than the wreath). Brush the wreath with melted butter, getting some into all the nooks & crannies. Cover with a light cloth and let rise until not quite double.

Preheat the oven to 350°. Remove the jar & or springform before baking. Bake about 30 min. Remove from oven and brush all over with a glaze of whole egg beaten with 2 tsp. milk. Return to oven for about 10 more min. Or until a toothpick poked into the side comes out clear.

With 2 pancake turners, carefully lift the wreath to a lg. rack to cool (or slide it off if your sheet has no sides) Drizzle with icing made of icing sugar and milk, and sprinkle with slivered almonds, or for a trompe l'oeil effect, decorate with sprigs of real holly and berries or candied red cherries sliced in half.

If you don't want to bother with a wreath, simply make 2 round loaves and bake on cookie sheets until the bottoms sound hollow when tapped. Makes 1 wreath or 2 loaves.

Laugh for the day..

ARE YOU READY FOR THIS?

Just when you think things can't possibly get any worse... A Letter to A Well Known Health Insurance Company.

Sirs:
I am writing to answer your request for additional information regarding my recent accident. In block number 3 of the accident report form, I put "Trying to do the Job Alone" as the cause of the accident. You stated in your letter that I should explain more fully, so I hope that the following will suffice.

I am a bricklayer by trade. On the day of the accident, I was working alone on the roof of a new six storey building. Upon completing the day's work, I discovered that I had some 500 pounds of bricks remaining. Rather than carry these bricks down by hand, I decided to lower them in a barrel, using a pulley, which, fortunately, was attached to the building at the sixth floor.

Securing the rope at ground level, I returned to the roof, swung the barrel out, and loaded the bricks into it. Then I went back to the ground, untied the rope, holding it tightly to ensure a slow descent of the 500 pounds of bricks. You will note, in block number 11 of the accident report, that I weigh 135 pounds.

Due to my extreme surprise at being pulled from the ground so suddenly, I lost my

presence of mind and forgot to let go of the rope. Needless to say, I proceeded up the side of the building at a rapid rate. At the vicinity of the third floor, I met the barrel, which was coming down. This is how I suffered the fractured skull and broken collarbone.

Slowed only slightly, I continued my rapid ascent, not stopping until the fingers of my right hand were two knuckles deep into the pulley. Fortunately, by this time I had regained presence of mind and was able to hold on tight in spite of my pain.

However, at approximately the same time, the barrel of bricks hit the ground, and the bottom fell out of the barrel. Now devoid of the weight of the bricks, the barrel weighed only some 50 pounds. I refer again to my weight in block number 11, As you might imagine, I now began a rapid descent down the side of the building.

At the vicinity of the third floor I met the barrel coming up. This would account for the fractured ankles and lacerations to my legs and lower body. The encounter with the barrel slowed me enough to reduce the level of injury when I landed on the pile of bricks and fortunately, only three vertebrae were cracked. I am sorry to report, however, that as I lay there on the bricks, in pain, and unable to stand, watching the empty barrel six storeys above me, I again lost mental control and released my grip of the rope. The empty barrel, weighing more than the rope, dropped quickly, and broke both of my legs. I hope that this answers your questions satisfactorily.

COMMUNITY HEALTH WATCH

Sleep Deprivation and Driving

Sleeping...how safe a sleeper are you? What's your biological clock? ...Your biological clock tells you when it's lunch time, gives you pep at certain times of day, and affects your body temperature. Most people's clocks run on a daily rhythm of approximately 24 hours. But what "time" it is differs from person to person. "Morning People" feel most alert in the early part of the day, while "night people" enjoy staying up late. Many teenagers and young people have clocks that make it easy to stay up late and sleep late. As people get older, they tend to wake up earlier and go to bed early.

Almost everyone's clock is programmed to make them feel sleepy in the middle of the afternoon and this can be a dangerous time. Many fatigue related collisions happen between one and four p.m., during the "afternoon lull."

Sleeping and driving don't mix. When you're behind the wheel of a car, being sleepy is dangerous. Sleepiness slows reaction time, decreases awareness, and impairs judgment, just like drugs or alcohol. And, just like drugs and alcohol, sleepiness can contribute to a collision.

Night time is especially risky for drivers. Most people are programmed to sleep when it's dark, and sleep becomes irresistible late at night. Avoid driving during the "low" period between 2 and 6 a.m.

To be a safer driver, become aware of your own biological clock. What times of day do you feel most alert? What times do you feel most drowsy? Once you are aware of your personal cycle, you can take extra care when you're likely to feel sleepy.

The following are seven statements about sleep. See if you can tell which are true and which are false. Answers to follow.

1. Coffee overcomes the effects of drowsiness while driving.
2. I can tell when I'm going to go to sleep.
3. I'm a safe driver so it doesn't matter if I'm sleepy.
4. I can't take naps.
5. I get plenty of sleep.
6. Being sleepy makes you misperceive things.
7. Young people need less sleep.

The answer to # 1, is of course false. Stimulants are no substitute for sleep. Drinks containing caffeine, can help you feel more alert, but the effects last only for a short time. If you drink coffee and are seriously sleep deprived, you're still likely to have "micro sleeps" - brief naps lasting four or five seconds. At 55 mph that's more than 100 yards, and plenty of time to kill you.

The second question is also false, but the truth of the matter is you cannot control your sleep. Sleep is not voluntary. If you're drowsy, you can fall asleep and never even know it. You also cannot tell how long you've been asleep. Sleeping even for a couple of seconds while driving, can kill you.

Number three is also false - the only safe driver is an alert driver. Even the safest drivers become confused and use poor judgment when they are sleepy. In order to be a safe driver you must have your eyes open - and that means staying off the road when you're sleepy.

It's a false for number four...many people insist they can't nap. Yet even people who say they aren't tired will quickly fall asleep in a darkened room if

they're sleep deprived. If you think you can't nap, stop your car and recline for 15 minutes. Chances are you'll sleep if you give yourself the chance. You should be concerned for your safety, so if you do nap during your journey, do it at well lit rest areas or truck stops that are busy. Remember to close the windows and lock the doors.

The answer is false for number five...chances are good that you really aren't getting enough sleep. If you go to bed late, and wake to an alarm, you are likely building up a sleep deficit. Most people need seven to eight hours sleep a night.

The answer to number six is true...for instance have you ever driven at night and seen something you thought was an animal but turned out to be a paper or plastic bag moving around? That's only one of the many ways sleepy drivers misjudge their surroundings. A drowsy driver doesn't process information as fast or as accurately as an alert driver and is unable to react quickly enough to avoid an imminent collision.

Finally for number seven...it too is false. Young people need more sleep than adults...the often get less because they like staying up late, and have wide ranging responsibilities. Teens and young adults who get up early tend to feel alert in the evening. They think that means they don't need much sleep, however the temporary alertness wears off and they end up getting into trouble on the road when they drive home drowsy.

You can't bank sleep, but you can go into debt with it. To overcome this difficulty the only answer is to ensure you get enough sleep each day. Here are some danger signals for drowsy drivers: your eyes close

or go out of focus by themselves; you have trouble keeping your head up; you can't stop yawning; you have wandering disconnected thoughts; you don't remember driving the last few miles; you drift between lanes, tailgate or miss traffic signs; you keep jerking the car back into the proper lane; you have narrowly missed hitting another vehicle. If this pattern describes you, or someone you ride with, there are some things

you can do. If you are a passenger in a car being driven by someone who's falling asleep, you can offer to drive or talk to the driver constantly, asking for responses. If you are the driver the best thing is to schedule a short break, get out of the vehicle, walk around it a couple of times. However if that's just not possible, open your window, crank up the radio and talk to yourself. ...And GET MORE SLEEP!

BEACHES BUZZES

by Lorraine Neal

Hello....I bet you thought all that material regarding storm preparations in last week's edition was jumping the gun, didn't you. Who knew we'd have the kind of weather we did, or that some of us would be without power for four hours. Speaking of being without power, what did you do while the lights were off? I've been asking that question, and the answers ranged from a blank stare to "just a minute let me think", to "well I tried to read, but the flickering light of the fireplace was just not strong enough."

Did you have all the materials at hand to make your life without heat and light just a bit more enjoyable? I truly hope so. Freezing is no fun, nor is being hungry. Everyone should run to their closest hardware store and purchase an old fashioned kerosene lamp. They're just the greatest!

The roads have been very treacherous these past few days, it doesn't help that no plowing or snow clearing was undertaken during the weekend when so many seasonal people were out. The roadway at some of the stop signs are like skating rinks and it's

virtually impossible to keep from sliding all over the place.

Now's the time for all defensive drivers to start practicing to be better. There's nothing like inclement weather to bring out those highway menaces who drive as though it's still summer. You know the type, tailgating and passing when it's really not safe....

Remember the St. Georges Bazaar to be held on Saturday, November 23....also the Christmas Craft Sale at Walter Whyte School on Thursday, November 28th....then there's the big Christmas Craft Sale in Pine Falls on Saturday, November 30th, times to be announced later....

Everyone is invited to the RCMP detachment in Grand Marais on Wednesday, November 20th, to come have a cup of coffee, a few laughs, some reminiscences and say goodbye to Cpl Ken and Bev Homer. Ken is retiring from the force and they will be moving to Alberta where Ken will be continuing his career in real estate and they'll be setting up a Bed and Breakfast business. Come on out and wish them luck. They're fine people and we hate to see them go....who else is ever going to tell me he's "Tickety-Boo?"

Th-th-that's all Folks!

Q - How will you get more out of your car this winter?

A - Use your block.

Another Manitoba winter is on the way, and that means plugging in the car. If you're like most, you'll plug it in when you get home from work and unplug it when you leave the next morning. Why plug in for 14 hours when your car's engine only needs four? That's plugging in for ten hours too much everyday. Add that up over a winter.

The answer? An automatic timer. Do shift work or need to leave on a moment's notice? Try a power saver cord. Your car is always ready and you save up to 70% on plug-in costs.

Either option pays for itself in a couple of months. And you know winter's going to be around for a lot longer than that.

Check with your local Power Smart retailer or call Manitoba Hydro. Get more out of your car this winter. All you need is a little know how.

SNAP SHOTS

By Carole G.

Leo Fenez

Leopold was born to Martial and Malvina Fenez in Ste. Agathe, MB on August 20, 1914. His father immigrated to Canada from France in April of 1912. Family legend said that he was to cross on the Titanic, but family members talked him out of it, and he sailed instead after his birthday on April 8th. Good thing, because the Titanic left early April and sunk on April 12th.

Leo grew up in Ste. Agatha where at the age of 14, he had to quit school to help on the farm. During the winter, however, he worked with his team of horses at bush camps cutting and hauling wood back to the woodroom at the mill. He and his team of horses would receive \$1.00 per day each. During the Depression, there was little else to do for work. One of Leo's job when returning to bush camp with an empty load, was to pick up the bakery goods. Mr. Anderson, Myrtle Mackie's father was the baker then. In the camp he met Maurice Dansereau, Omer and Archie St. Croix, Jack Heinkel, and Red Halpin.

In 1937, Leo helped his father teach farming at the Fort Alexander Mission. He also hauled wood the mission needed to heat the building, school, and laundry. He always had the help of eager students such as Alec and Wilfred Fontaine, Henry Courchene and the Martin Boys from Roseau River. In 1940, Father McDougall from St. Georges offered him a job at \$3.00 per day to cut wood.

Leo quit his job at the mission only to find that when he got to St. Georges, the position he was offered, no longer existed. His job at the mission had been given to someone else, so Leo returned to Ste. Agathe to work for farmers until he joined the army in 1942. He was sent to Victoria, BC. for basic training. He was there ten months but spent most of that time in the hospital with a bad hip. In 1943, he moved to Powerview, which seemed to be a central place for work in bush camps between Pine Falls and the Broadlands area.

He was continually, yet unsuccessfully, trying to get work at the mill. One day, he was told to see Mr. Gretsinger who told him to return at 4 P.M.. What was supposed to be three weeks of work turned out to last thirty-two years. He started in the woodroom, then in the winter was moved onto the crane at the wood blockpile. At that time, wages were .65 cents per hour. Other mill projects Leo worked on were: digging the foundation for the addition to the pumphouse in 1960; helping to build the additions onto the old hospital, school, and the CN station. He also dug basements for many of the homes near the Pine Falls rink. His last job before retirement was to empty coal cars by crane into the hopper that moved the coal upstairs to the boilers. He continued at this job until his retirement at 62 years of age.

Leo has also been active in community efforts. Like many others, he helped build the Notre-Dame-du-Laus church in Powerview. Leo gave 300 hours of free labour. Leo and Albert Pelland were the two men who put up the first rafters of the present roof. Leo along with Leo Tardiff built the first outdoor rink in Powerview where the existing arena parking lot is today. They bought two shacks from the mill which served as dressing rooms and a waiting area

where the children put their skates on. Years later, the rink burned down and again Leo helped in building the second arena. Unfortunately, this one collapsed with the weight of the snow. When asked to help build the present arena, Leo replied: "No, twice was enough".

Leo has seven children, sixteen grandchildren, ten great-grandchildren, and one great-great-grandchild. He has lived in the same home in Powerview for the past 47 years. One of his favourite memories is when he attended a Fenez family reunion on his 80th birthday. Many of his brothers and sisters, and their children came from all over Canada to celebrate. Best known as "Pepere" by many children, Leo can be seen at the arena watching the majority of ringette games.

Leo Fenez - Feb. 20, 1935

To All Our Readers

If you would like to suggest an individual to be interviewed for our Snapshots article, please contact the Voice at 367-4466.

We are also wishing to collect some interesting past Christmas stories to feature in the month of December. If you have had a memorable or funny Christmas occasion to share with us, or know of anyone who does, please contact us as soon as possible at 367-4466 or 367-9656. Or fax us at 367-4078.

Women's Health Day

by Marilyn Zarecki

Set aside this Friday, November 15, to attend the Women's Health Day at the Springfield Curling Club in Dugald. The sessions go from 9:00 a.m. to 3:30 p.m. and cost is \$8.00 which includes lunch.

The eight sessions cover topics such as Osteoporosis, Menopause and Hormone Therapy, Breast Cancer, Alzheimer and Dementia, Anorexia and Bulimia, Women and Heart Disease, Stress Management, Manitoba's Hottest Food Trends, and Victim Services. Each topic will be repeated twice, so participants are able to hear four different topics

throughout the day. There will be several displays with pamphlets and handouts available.

Please register immediately by calling the Springfield Recreation Commission at 444-3321. It will be fun to learn and visit with friends and neighbours. Everyone is welcome!

If we do not have enough people registered, we will cancel the day.

This seminar was organized by Manitoba Agriculture, Springfield Recreation Commission, and Springfield Seniors Support Program.

8th Annual Christmas Craft Sale

Saturday, November 30th
10:00 a.m. - 3:30 p.m.
Pine Falls School Gym

Santa's Coming... 10:00 a.m. - 12:00 noon.

1ST ANNUAL PUBLIC MEETING

WEDNESDAY NOVEMBER 27, 1996
8:00 P.M.

(immediately following the Pine Falls Health Complex and Sunnywood Manor Annual Meeting)

IN THE PINE FALLS HEALTH COMPLEX CONFERENCE AND MULTI-PURPOSE ROOMS

There will be complimentary refreshments. Please Join Us.

Everyone is Welcome!

Pine Falls School News

Important Dates:

November 20 - *Man. Theatre for Young People 2:15 pm.*
November 21 - *Scholastic Book Fair - School Library.*
November 22 - *Inservice - No Classes.*
November 27 - *School guest - Dr. Robert Nero.*

FIRST FORMAL ACADEMIC REPORTS

On Friday November 8, all students in K to 8 will be issued formal academic progress reports. On that same day the high school students in nine to twelve will also be receiving their first semester progress reports. Time as been set aside for formal parent teacher meetings in the afternoon and evening of November 12. Therefore there will be no classes on that afternoon. Parents are invited to visit the school to discuss the reports. Pine Falls times are from 1:00 P.M. till 4:00 P.M. and from 6:30 till 8:00 P.M. Powerview High school times will be announced in the reports.

POWerview HIGH SCHOOL PARENTS COUNCIL

All parents of high school students are reminded that they are specifically invited to attend Parent Council meetings held monthly in Powerview School. The next scheduled meeting is Tuesday, November 4 at 7:00 P.M.

SCHOOL PICTURES

Students will soon be bringing home a copy of the school photo taken earlier this year. The format for ordering is vary different this year. Kindly look carefully at the formate your child brings home. Retakes are scheduled for Wednesday, November 13.

YOUNG PEOPLE'S THEATRE

On November 20 at 2:15 P.M. the entire Pine Falls School student body will be participating in a theatre production. The show is called *THE ICE CREAM STORE AND MORE*. Parents and friends are invited to attend; but you must be on time. There will be no seating after the show begins.

LIBRARY BOOK FAIR

This year's Book Fair will be held on Thursday, November 21 in the Pine Falls school library. The hours will be from 9:30 a.m. till 1:00 P.M. till 3:00 P.M. There will be some of the newest titles from over 70 publishers available for purchase. Christmas is just around the corner. This is an excellent opportunity to take care of some of your shopping list. All proceeds go to purchase of additional titles for our school library.

THANK YOU to all the families who donated goodies or came to help out with the Elementary Halloween parties. The children and staff appreciated your participation.

NOVEMBER 27 SCHOOL GUEST DR. ROBERT NERO

A world renowned naturalist and expert on great grey owls will be a guest in our school on November 27. He will make a general presentation to all students and guests at 11:00 am. He will have a live owl, GREY L with him. Parents and community members are invited to hear him also. Pictures may be taken. There will be items for sale - Posters - \$3, photos - \$5, and buttons - \$2. All funds raised go to owl research. The Pine Falls School student council will be making a donation. Doctor Nero will also spend an afternoon session with the grade five class who have invited him to our school as part of their science study on owls.

HONDA RUN FOR THE CURE RESULTS

We are proud to report that our school was the top school fund-raiser in the recent breast cancer research fund-raiser. This was a national event and a group of thirty four Pine Falls students managed to raise \$1,600 for breast cancer research. For their efforts they were awarded the top school prize of \$1,500 in sports equipment from NIKE Canada. They brought a nice trophy home from Winnipeg to proudly display in the school. Leading student fundraisers were Justin Kemball, Tanya Vincent,

Alaina Robb and Jenna MacLellan. Top student fund-raiser was Christy Bruneau. A great thanks to Jeff Whitford for organizing this school activity.

TRAFFIC SAFETY

The street corner in front of the Pine Falls School has now been posted as a four way stop. Parents and community members are asked to please be on the lookout for children and students walking on the road. As you know our sidewalks disappear in the winter as the snow gets deeper and everyone walks on the road. Please drive safely.

SCHOOL DANCES

Our school recently held a Halloween Dance Party for our own grade five to eight students. Only our own students and specifically invited guests were allowed in the dance party. The evening was successful and hopefully future events will be able to be held. Special thanks to the Student Council and parents Mrs. Vincent, Mrs. Robb, teachers Mrs. Fraser and Mr. Boblinski, Michael Breton did a good job providing the DJ service and music.

REMEMBRANCE DAY

Remembrance Day again this year falls on a school day. This is a national school holiday. A special school service will be held on Friday, November 8. Parents are invited to also attend the service on Monday at the Pine Falls Legion Cenotaph at 11:00 am with their children. It is important for everyone to remember why this day is special!

GRADE EIGHT FIRST AID COURSE

The entire grade eight class has successfully completed a 15 hour first aid course taught by Ms. Pam Simmons of the Pine Falls Ambulance Service. All the class passed their final exam and will be receiving their certificates soon. Thanks to the local Ambulance Service for making this course possible.

Victoria Beach Christmas Craft Sale - Happy Event

by Lorraine Neal

The Christmas Craft Sale, hosted by the Merry Makers and held in the Sports Club on Saturday, November 9th was very successful. There were several vendors all featuring wonderful items just made for Christmas. "The Angel Lady" was there in full "wing" with all her beautiful angels. With the exception of the precious metal angel pins, she makes all her little and large lovelies herself. "The Angel Lady" indicated that the crocheted angels were not stiffened with the sugar water solution as in years gone by, but the stiffening agent was a solution with glue. The newer models won't collapse, or become mildewed in humid weather. Oh some were so cute!

Nellie Danwich shared a table...and she had some pretty as well as useful scarves for winter. These are fastened at the back of the neck with velcro. This is one scarf you shouldn't lose! Nellie also showed some of the Watkins products we all know and love.

There were other crafters on site too, some had gorgeous hand knitted sweaters for both young and old, as well as scarves, mitts and other winter wearables. I also saw pretty Christmas paper, and packaging items, beautiful candles, and one crafter who had the prettiest hand made stained glass earrings! Those are an item I've never seen here before and she was busy.

Gerry Stammers and Joanne Jonson were both on hand with their own brands of beauty. Joanne does such wonderful things with dried flowers...they are simply exquisite matted and framed. She also had some very nice lovely stained glass tree ornaments, as well as more conventional dressy ornaments, and she has a tree angel to give your eyeteeth for!

The only problem with these sales is that everything purchased as gifts are items I'd rather keep myself.

Administrative Assistant

The person will possess good inter-personal skills with the ability to communicate and work effectively with fellow employees and the general public. This person will be responsible for all phases of accounts payable, assisting with the preparation of Board agendas and minutes, and some receptionist and general secretarial duties.

The person must be a take charge type of person who can identify weaknesses and inefficiencies in the work flow and make changes. You must have the attitude to get the job done in the most efficient manner possible.

You must have a good working knowledge of computerized accounts payable systems and procedures and electronic spreadsheets applications, with a high proficiency in Word for Windows or a similar word processing program.

This full time position will be working in the Division Office in Beausejour, with the salary being \$22,164 plus benefits.

Please forward resume by Monday, November 18th, 1996 to:

Gary C. Hainsworth, C.G.A.
Secretary Treasurer
Agassiz School Division No. 13
Box 1206
Beausejour, MB. R0E 0C0
Fax N. 204-268-4149

SENIORS INFO CORNER

More info regarding wills...some frequently asked questions.

Does the administrator of a will have to post a personal bond?

Yes, in most cases an administrator must give a personal bond to the court. A person who is applying to be the administrator will usually have to give a personal bond for twice the amount of the estate. In addition, a surety may be required. Simply put, a surety is a person who binds him/herself to satisfy the obligation of another person, if the latter fails to fulfill the obligation. When the total value of the estate is less than \$50,000. A surety is not required. Where the total value is more than \$50,000. But less than \$100,000, only one surety is required. Where the estate is valued at more than \$100,000, two sureties are usually required. However, where all of the beneficiaries of the estate area adults and give their consent, the court may dispense with the requirement of having a bond, or reduce the amount of the bond, or dispense with the need to have a surety.

I have recently moved here from another province, where I had a will made. Should I have my will rewritten in Manitoba?

Under The Wills Act, moving to Manitoba from another province after a will has been made does not necessarily render the will invalid. In wills made in another province, provisions dealing with movable property are valid in Manitoba if, when they were made, they complied with the law of the province where the maker lived or where the will was made. (Movable Property is all property other than land or an interest in land, such as a mortgage. It includes most types of chattels, such as cash, vehicles, stocks, bonds and other personal possessions.) Furthermore, provisions dealing with land are valid in Manitoba if they are also valid under the law of the province where the land is located.

Can I overrule the executor's decision regarding the burial of my spouse?

Generally, the executor, not the surviving spouse, has the right to decide the place and manner of burial. As well, directions contained in a will respecting burial usually are not legally binding. Similarly, it has been decided that directions in a will respecting funeral arrangements that are objectionable to the deceased's family do not have to be followed. Incidentally, since wills are often left unread until after the funeral, it is usually better to put directions about burial in a memorandum to be read upon death instead of in the will.

Is my will valid if I do not have witnesses to the signature?

A holograph will does not require witnesses to the signature of the person making the will. A holograph will is valid in Manitoba if it is written entirely in the handwriting of the person making it and is signed and dated. A formal will (one that is not entirely in your handwriting) must be signed by two witnesses. Generally witnesses and spouses of the witnesses cannot benefit from the will. In addition, other requirements apply to all wills: they must be in writing; the person making the will must be of sound mind; and usually be at least 18 years of age.

If I have a valid will, can The Intestate Succession Act still apply?

Yes. If your will does not fully dispose of your property, The Intestate Succession Act will, responsibility for administering the estate is usually given to the guardian of the minor. The guardian retains responsibility for the estate until the minor reaches the age of 18, at which time it may be given to the minor.

How old must one be in order to be an executor of their parent's will?

In Manitoba a person must be at least 18 years of age to be an executor. Where a minor is the sole executor named in a will, responsibility for administering the estate is usually given to the guardian of the minor. The guardian retains responsibility for the estate until the minor reaches the age of 18, at which time it may be given to the minor.

My daughter witnessed my will. Can she also be a beneficiary?

No. If a will makes a gift to a witness or the spouse of that witness, the gift becomes invalid. It is possible to validate a gift, however. By drafting a codicil that confirms the contents of the existing will and is signed by two different witnesses, the gift would then become valid. Also, in certain circumstances, the court can validate a gift to a witness.

Can the executor of a will also receive a gift in the will?

There is no rule that prevents an executor from being a beneficiary under a will.

What happens when you cannot find the will of the deceased person?

This situation raises two distinct problems. First, if the will was destroyed, it is presumed that the maker revoked

it. The presumption will be strong if the maker was a careful person who would not misplace or accidentally destroy the will, and was known to have custody of the will. So it must be shown that the will was wither misplaced or accidentally destroyed. Second, if a valid will is found to have existed, it is very difficult to prove what was in it. The court may hear from someone who saw or heard the maker discuss the will. The court may also review the lawyer's draft or his or her notes if applicable. If the court does not feel it knows most of the will's contents, it may ignore it completely.

What happens if the maker sells something given in the will?

If a person writes a will and then sells or gives away the proposed gift, there is no gift and the beneficiary gets nothing.

Next week: Power of Attorney...a much misunderstood function. Material used in this column courtesy of Manitoba Seniors Directorate.

Pine Falls Golf Club News

For the 1997 season we will have more new benches on the course. The benches will greatly improve the course and make rounds more enjoyable. These benches are being made locally by Pappy's Woodwork in St. Georges.

Benches were donated by the following generous people. # 1 Tee Par 3 - South Interlake Credit Union, new # 6 Tee Par 3 - Dr. Arnold Anderson and Papertown Motor Hotel, # 13 Ladies Tee Par 5 - Yvs Normandin Trucking, # 14 Par 5 - Bluewater Medical Group, # 15 Par 3 - Peter's Pro Hardware, # 16 Top Tee Par 4 - Mr. Pic's.

As mentioned, these benches will greatly improve our course. Many thanks to the above mentioned people. Any other organizations who want to make donations to future improvements, please call Glenn Hibbert at 367-8982.

Pine Falls Five Pin Bowling League News

by Janelle Carlson

week #1

The ladies high games were: Denyse Smith 242 and 224, Shirley Adams 211, Carol Griffin 210, Jan Bonekamp 204, Eve Dodds 203, Doris Kahle 202, Donna Davis 201.

The men's high games were: Pat Papineau 258, Jerry Gauthier 252, Lyle Velie 247, George Dodds 243.

The female bowler of the week was Denyse Smith with a 242.

The male bowler of the week was Pat Papineau with a 258.

The Legion Special was won by the Oddballs for their three game total of 2888.

Pineview Ringette News

by Roger Lavallee

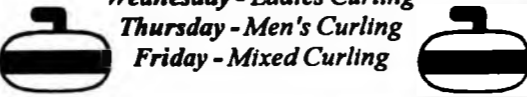

Welcome to Pineview Ringette news, where you'll get the scoop on what's happening in ringette in our area. This is the first of what I hope to be a weekly article covering our sport.

The ringette team started on the weekend of November 2nd, with all but our bunnies team playing their first games of the 96-97 season. The novice team coached by yours truly and Ramona Forsyth have a small but talented team. The team went 1 and 1 over the weekend losing to Lorette and beating Grunthal in two high scoring games. The teams two centers Kela Lavallee and Holly Forsyth combined for 19 goals through both games. Holly scored 9 of her 10 goals in the second game against Grunthal. Denise Harry was a steady force and is the runner-up for our player of the week. Samantha Cyr made some

outstanding saves in her first games in goal. The Novice team plays at Pine Falls Nov. 16 at 3:00 p.m. Our powerful Tweens team skated to a lopsided victory against Niverville. The victory was supported by some great goaltending by Christine Dube. Christine's performance was even more remarkable because of the fact that this is her first year playing ringette. She is Pineview's player of the week. Our Petites team played two away games and lost both. They are last years Provincial Champs. They have alot of talent and depth and their chances at a repeat as Provincial Champs are good. The Belles split their first two games. I'm told they've got alot of talent but need a few practices to get the squad into game shape. That's it for this week. Good luck to the teams this weekend!

Maskwa Snowmobile Club Newsletter

Last April the Maskwa held their annual General Meeting and elections. The Maskwa executives for the 96-97 season are:

President - Ian Cyr, Vice - President - Dave Kemball, Secretary - Denise Cyr, Treasurer - Henry Dube, Safety Officer - Lauris Kleven, Snowways Reps - Ian Cyr and Rene Chevrefils, Groomer Operator - Marcel Roy.

Board of Directors: Glen Sinclair, Mike Dupont, Omer Vincent, Richard Delaquis, Larry Munroe, Kevin Alarie, Eric Carlson, Bruce Johannson, Bob Vincent, Rene Caya, Shawn Jackson, Kelly Kemball.

The snofund was major success for the Province of Manitoba snowmobiles last year, taking in a total of \$280,767.00 which equals 7500 passes sold province wide. Snoman is projecting to sell 14,000 passes this coming year. I received some statistics from Snoman and thought I would share them with you. Number of Snoclubs in 95-96 was 51. Number of Snoman members was 3340. Kilometres of groomed maintained

Snofund designated and non-designated trails of 7241. Trail maintenance cost was \$194,000.00, kilometres of new trails developed was 1651. The cost to sign was \$17,944.00.

1995-96 North American snowmobile market maintained the growth it has established over the past few years. Estimates made from available data place the total industry sales at 235,000 units at the end of the selling season on March 31, 1996 compared to 193,000 in 1995.

Snoman also produces a newspaper from September thru March. They only charge \$3.00 for a subscription and it has valuable information. If subscribing please contact Ian Cyr at 367-8084.

Snopasses have increased from \$37.45 to \$40.00 to eliminate the change factor at snopass vendors. Your snopass can be purchased at Powerview Agencies again this year, but please have your registration with you. Last year we had a total of 208 passes sold in this area and we would like to thank everyone who had purchased one. However,

this year we would like to see it increase to 250. Remember all monies go back into your local trail system. This year the Maskwa received \$11,000.00 from the fund and most of that money went into the loan for the tractor. The good news is the tractor should be paid off by October 97.

The Maskwa and Village of Powerview have come to the conclusion to designate certain streets in Powerview for snowmobile access routes. These routes do not consist of Art, Church, and Vincent Avenues. These three Avenues are off limits to all snowmobiles, anyone caught on these streets will be disciplined and their license revoked for trespassing. There will be signs on the edges of town outlining the route. This route will be signed and groomed for your service. If you do not use these routes and elect to make up your own routes, will only ruin it for yourself and all snowmobilers and businesses in the community.

There will also be a speed limit on this route to ensure the safety of others. There will also be a snowmobile curfew, this means no snowmobiles in after midnight. This route will be outlined in a further issue of the Voice as well as local businesses.

Mark your calendars and book your days off for these events;

December 26 - Boxing Day Night Derby - book as soon as possible, contact Grant Henderson.

February 15 - Maskwa Open Derby - There will be a new format this year to speed things up. Start and Finish at the clubhouse.

February 22-23 - Can Am X-Country points race, for more information contact Kevin Alarie or Grant Henderson.

February 7 - Bissett Trip - This year there will be two separate weekends, as the hotel is unable to accommodate such a large group this year. Please contact Dave Kemball for more information and watch the Voice for further details.

The Maskwa is also selling tickets for four snowmobiles, one from each manufacturer. The tickets are \$5.00 and can be purchased at the Pineview Shell, Midway Foods, Papineau Motors and Osis Building Supplies. The draw will be held February 15 at the Beausejour Race Complex.

If you don't have a 96-97 membership, you can purchase one at Osis Building Supplies for \$25.00.

Manitoba Christmas Craft Sale

Timely motifs linger in the fine glaze of a tea pot readied for family gatherings. A gleam of delight rivals the sparkle of finely crafted keepsake jewellery. Well turned wood pieces lend warmth and whimsy to modern spaces. Time honoured recipes leave their secret on delighted lips.

This is just some of what can be discovered at an event where tradition and tomorrow touch. Season's gift buyers choose from thousands of hand crafted original works by over 200 of Canada's most exciting artisans and crafts people. Manitobans present the majority or works in both country craft, locally grown products made from bees, crops and craft from local material as well as new designs.

Memories in the Making - In Manitoba and Coast to Coast

"The hand made pieces featured at the show are memories in the making," says show organizer, Karen Watt. "We are proud to both strongly support Manitoba crafts people and also to welcome literally from coast to coast clothing and furniture designers, gourmet food producers, toy makers, potters, quilters and creators of pieces des arts."

Watt notes that most exhibitors' work is only offered once a year through the show

and sale. "Manitoba is a very strong and discerning craft market. The event presents both the practical and beautiful gift in traditional craft and materials. It also introduces new talent and modern materials and designs from across Canada." For rural Manitoba artisans the Manitoba Christmas Craft Sale offers an excellent chance to meet the market, launch a new business and introduce themselves to fellow artists across Canada.

Original works, many signed, all represented by the creators themselves are offered for home, office or wardrobe. Unparalleled variety at the 17th and annual show includes Christmas motifs to celebrate the season, or collectibles and gifts to be savoured for generations. The show continues to fill wish lists for holiday shoppers and lovers of craft when the doors open to the public: Wednesday, November 20, at 11:00 a.m. and runs through Sunday, November 24. Admission is \$4.99 for visitors 13 and older. Children under 12 free when accompanied by an adult.

Visitors with creative kids age 5+ can enjoy hands and worry free shopping while kids create and play at the FREE and professionally supervised Children's Activity Centre.

PUBLIC NOTICE SNOW REMOVAL

The Local Government District of Alexander hereby gives notice that any party who deposits snow upon a highway or the shoulders thereof, may be in contravention of section 217(2) of the Highway Traffic Act, which reads as follows:

A person who drops, throws or deposits upon a highway any substance or thing likely to injure a person, animal, or vehicle shall immediately remove or cause it to be removed.

As the practice of cleaning private lanes and driveways and leaving of snow on the road and/or shoulders creates hazardous driving conditions, the Local Government District of Alexander will take whatever action is necessary to enforce the above-mentioned section of the Act.

NB *The term "highway" applies to all roads and streets within the district, both Provincial and Municipal.

Council of the LGD of Alexander

WINTER HOURS FOR TRAVERSE BAY NUISANCE GROUNDS

As of November 1, 1996, winter hours are in effect at the municipal nuisance grounds at Traverse Bay. The facility will be open daily from 9:00 A.M. till 4:00 P.M., except Tuesday and Wednesday when it will be closed.

Remember to take only real refuse to the dump and recycle all recyclable material. Bins are located at most commercial facilities throughout the L.G.D. Should you decide to use a burning barrel to dispose of some

refuse, the following will be of help to you....

A poorly constructed burn barrel, or improper burning can result in a run away fire. Be sure that you:

- use a metal barrel in good condition.
- use a heavy mesh screen with a mesh size no greater than 7 cm to cover the barrel
- weight the screen or hinge it to prevent it blowing off
- draft holes no larger than 2/5 cm (1 inch) must be punched

in the bottom area of the barrel

• push steel rods or pipes through the bottom of the barrel to support the burning material. This will result in a cleaner faster burn.

• locate the barrel at least 4.5 meters from trees or any flammable material. An area of 5 feet immediately must be cleared to bare mineral soil, or bare rock.

• Avoid burning on windy days

• never leave the fire unattended

• have fire fighting tool close at hand.

Provincial Pre-Budget Consultation Meeting to be held in Pinawa

The Pinawa Community Development Corporation and the Lac du Bonnet Chamber of Commerce are hosting a Pre-Budget Consultation Meeting for the Hon. Eric Stefanson, Minister of Finance on November 26th in Pinawa. The meeting will provide input to the Minister for the formulation of the 1997/98 provincial budget.

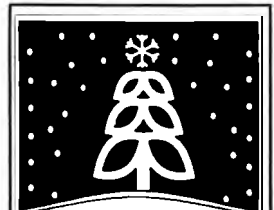

The meeting will include a presentation by Mr. Stefanson, followed by facilitated round table discussions. Participants will be divided into working groups for the round table discussions and will be asked to provide their views, suggestions and advice on issues related to government spending priorities for the upcoming budget.

Invitations are being extended to a variety of commu-

nity groups and organizations throughout the region. It is hoped that representation from municipal councils, the medical community, the educational community, businesses, industry, economic development organizations, labour, agricultural groups, recreational groups, tourist associations, aboriginal communities, seniors, youth, church groups, and community service organizations will provide the government with the full spectrum of various interests that exist in our communities. Interested members of the public are also invited to attend. Spaces are limited so it is recommended that you register in advance. Refreshments will be provided and there is no cost to attend.

Plan to attend the Pre-Budget Consultation Meeting

on November 26, from 7-9:30 p.m. at Kelsey House, Burrows Road in Pinawa. To register please contact Stulverson at 753-8801, or Rita Lansard at 345-6846.
