VICTORIA BEACH

Our Reeve Reports . . .

As head of this Municipal Council it is my responsibility amongst other things to see that the general interest and welfare of the community at large is protected. This can be interpreted in several ways. However, the way I wish to discuss tonight, and the proposal I wish to put forward to this Council, deals with the long range plans of our community and at the same time relates historically to the original intent of our founders.

In order that we may all be clear on the intent of this proposal I would therefore like to briefly chronologize the history of our area to date, so that a suitable background may be formed for the new proposition.

Captain John Thomas, who originally sailed Lake Winnipeg in a steamer, may be considered one of the men responsible for the beginning of Victoria Beach. In order that a saw mill at Selkirk could be supplied with suitable material, Capt. Thomas cut some eight hundred cords of pine and birch from the high part of the island, which originally gave the golf course its start. It was on one of these trips that Mr. Charles W. N. Kennedy saw the potential of the island, with its beautiful sand beaches and fine trees. Mr. Kennedy also as an ardent sportsman, found that the lagoon area—as we now know it—was well populated in the fall with migratory birds and therefore saw too the possibility of sport shooting during the fall season.

Mr. Kennedy along with a group of friends formed the Victoria Beach Investment Co. which was first listed in the Winnipeg Directory in 1912; and under this company they set aside subdivision plan number 1755 registered in January that year which covered lake front lots along Victoria Boulevard and Sunset Boulevard. In 1913 plan 2483 was registered covering the area bounded by Arthur Road, Eighth Avenue and First Avenue, which was followed shortly by the subdivision that went into the Bayview area. Mr. Kennedy and his rather powerful group of associates concluded negotiation with the Canadian National Railway and the laying of track was culminated with the arrival of the first train in 1916, which consisted of three coaches. At this time the Victoria Beach Investment Co. commenced to sell lots in earnest and an aggregate sale in the first few years totalled \$135,000.00.

In 1921 the Community Club was organized — as the cottagers and the Victoria Beach Co. realized then they needed community recreation for themselves and their families. The company also erected the Victoria Beach Inn on Pier Point as we now know it — (which unfortunately burned down) — and they also built the stores that are presently being used for groceries, bakery, Moonlight Inn, and of course the Golf Course was part of the Master Plan.

All these things made for a very comfortable summer and as they conceived it at that time Victoria Beach was "a haven to mothers and children", where rest and comfort could be had in the summer months and the distractions of public beaches should know no place here. The community did not aspire to occupy any other niche in the role of fame as a lake resort, they only wanted to guard and preserve intact what had been largely inherited from Mother Nature.

Mr. Charles Kennedy died in the early 1920's and his original plan was carried out by his successors and administrators.

Because of the growth of the permanent community, and the mink ranching industry, and also the advancement of the automobile, pressure was placed on the Provincial Government to build a highway to Victoria Beach.

During this period several things happened—the highway was built, the railroad remained and the Victoria Beach Co. changed hands. Following that, the highway was improved, the railroad because of the highway was removed, and the new Victoria Beach Co. owner in accord with the Municipal Council at that time decided to build a parking lot for automobiles and continue to keep the Victoria Beach resort area free of vehicular traffic.

To this end then, all those responsible for the company's operation and the Municipal operation have maintained the original policies of the founders. Victoria Beach is the finest resort despite the depression in other areas, and makes us realize how much we would lose if any of these things were changed.

Bridge Club

The Victoria Beach Bridge Club was in full session by 8 p.m. August 7th. It was as though a blue fairy had waved her magic wand over the shambles of the week before. True it was raining but that did not deter twenty five from showing up.

The floor had been cleaned, the windows installed, and the lighting immensely improved by four tri-lights purchased from the fine furniture department of Goodwill Industries.

Our canteen staff, Gordon and Bill, waited on us at bridge tables, and we felt privileged indeed.

Mrs. June Harvey of 129 Sunset one of our charter members won first prize, and John Coppinger of 204 5th placed second.

Our budget for bridge is overextended after our shopping spree for floor lamps, however we expect a bigger turnout this week and welcome all to come and enjoy an evening of bridge. We would like to replace some of our tacky cards, so please keep the bridge club in mind, when treating yourself to new cards.

Owing to the glorious weekend last, your writer hated to leave the beach to contact the Executive of the V. B.

OUR REEVE REPORTS . . .

(Continued from page 1)

At this point I would like to leave history and become more current — not only as head of Council — but as a third generation Victoria Beacher, and as a family man with children who all love this area. It has been my purpose in the last two years—and will continue to be my purpose in the next two years, to reconstruct areas of Victoria Beach in keeping with many of the principles that have been handed down to us. While some of the projects have not gone as quickly as we would all like, I believe that the Municipality is making very decided strides in its restoration program.

The Victoria Beach Co. has played a very important role in these programs because in many areas there had to be complete co-operation—and I must add that Mr. Arthur Vincent, President of the Company, has at all times been very helpful and always with the concern of the community in mind.

Most recently however, Mr. Vincent has become desirous of selling the Victoria Beach Company—and in the interest of the community and as Reeve I have since early spring continually negotiated with Mr. Vincent about the purchase of his company by the Municipality. It is my innermost and sincere conviction that this company should be bought by the Municipality of Victoria Beach as a measure of protection—and in order that we may preserve our privacies and ensure the appreciation of tangible and natural assets.

Councillor Kenneth Gray in his capacity as a chartered accountant has for some time been reviewing the financial position this Municipality would be taking on in the purchase of the Victoria Beach Company. Along with Coun-

cillor Gray—I am prepared to recommend that we purchase the Victoria Beach Company.

With the acquisition of the company, through elected representatives, the original concepts can be continued in perpetuity and will allow us, for instance, to restore pier point as a garden area; (similar to the Centennial Memorial Park) re-establish other services such as the barber shop, maybe with the addition of a beauty operator; a combined hardware store and laundromat, lumber needs etc. It will also protect us from the possible intrusion of land developers and commercial operators and our properties naturally will appreciate in value.

I believe the Municipality can afford it and it is my recommendation to the Council—that an Order in Council be adopted tonight agreeing that an investigation be undertaken, subject to adjustments by our auditor and the appearance of our Municipal Legal representative before the Manitoba Law Amendments Committee. This then will clear the way for a Private Members Bill to permit the Municipality to incur this indebtedness, wind up the Victoria Beach Co. and take it in the Municipality for the benefit of all.

So the subject may be properly discussed—may I first have a motion to this effect which I trust will find a seconder.

MERRY MAKER'S CLUB

The Merry Maker's Club would like to extend a sincere thank you to all those who attended and supported our Sale and Tea on August 4th. The sum of \$366.65 was realised, also \$13.00 in donations.

The Centennial quilt was won by Sharon Mignon, Victoria Beach. The table cloth, made and donated by Mrs. Alf Warne, Traverse Bay, was won by Mr. Tooke, 126 Centre Avenue. Pillow cases were won by G. W. Balnes, Pine Falls, and Mrs. Bannatyne, 85 Seighton Avenue, Winnipeg. Miniature mukluks were won by Walter Thomas. The centennial cushions were won by Pansy Quiggan, Winnipeg and Mrs. Bamford, 25 Bayview. Cake was won by Mrs. Ruth Warne, Traverse Bay.

We would like to thank Mrs. W. J. T. Kerr and Jessie Kerr, the Ashtons, 334-336 4th Avenue, and Mrs. Dack for their kind donations.

Wind-Up Dance - August 26, 1967

For those of you who did not attend
The Roman bit, I'm sure
That MARTIN and QUINTON now have found
For your BEECH blues a cure.
If SWYSTUN sings and REEVE will dance
And LITTLE'S belly wiggles,
Our friends the GUESTS like all the rest
Will join with JACKSON'S giggles.
I'll GRANT you now if you come DOWN,
The MOORE'S will "foil" us all
And IVANOFF that happy toff
Drives KACHMAR to the wall.
Now SHARP is SCOTT if he's not caught
With SUDERMAN'S wife, Barb,
And if you get gay with sweet JOYCE GRAY
Ken's right is sure a darb.
That TOOTHILL'S a card and he'll try hard
To keep that DENNEHY going,
And DEL McCLOY is full of joy
When he gets the REISS' glowing.
Now PATRICK and POYNTZ can sure shake
their joints,

And LORNA O'BRIEN'S a swinger,
So join us my friends 'cause this is the end,
Make the closing dance a humdinger!
From 9 until 1 we all will have run
For a buck, now, how can you lose?
With favors for you, great prizes, too
I'm sorry, we do not serve booze!
McTAVISH, McKECHNIE and BILL JUZDA, too
We're hoping will be at the door
While IRVING and POLLARD are showing the rest
The real way to cut up a floor.
We'll have Alpert and Miller and Lombardo too.
To bring you the best of their stuff
So you ROULSTON'S and TRAINORS bring your
friends all along,

Of your type we can't get enough.
McFARLANE, who works so hard for us all,
And McCUAIG that rambling Roman,
With STEWART and STEVENSON we'll all have a ball;
We'll go till long past the gloaming.
DO BENNINGEN you will have to come, too
So we'll not litter the BEECH
And GROVER and HUGHES will swing with the blues
With a beat that's quite out of reach.
Now our clan ATEAH will be there, don't feah,
TED BACKHOUSE will lay down his brush

While GIBSON and GILMOUR stand breathlessly by
For JANE HEFFELFINGER to make like a thrush.
So ANDERSON asks and SQUIRES enquires
Will TOMLIN'S and BROWN'S come on down
To meet MITCHELL and PARKER in a quiet
schottische
That'll soon put an end to their frown?
So come one and come all to our last Beach Ball
And swing with all who are square
We're bound to have fun if you come every one
We're sure we will find you all there.
