

LGD Alexander council discusses handi-van

by Dess Trudell

Council reflected on meetings members of council had attended and authorized the attendance of future meetings, as well as discussion of general business.

Councillor Raymond reported on his attendance in Pine Falls with the Adult Day Care meeting to discuss the purchase of a handi-van. Financing falls on the municipality that sponsors its purchase. The purchase is through grants and community fund-raising. This was felt to be a good thing for those who are several miles from the main business sections. The financial responsibility has to be carefully

considered, and more information should be available after P. Raymond attends the handi-van seminar in Neepawa on January 29-30.

Should the LGd of Alexander assume responsibility for operation of the Great Falls townsite, which is presently the priority of Manitoba Hydro, some studies were undertaken by J. Richmond for council. Copies of this study will be reviewed with both Manitoba Hydro and council before a final decision is made.

Discussion of salaries was held in camera at this point of the meeting, and after a period of time council resumed general business. This was to appoint members to attend the following meetings and seminar: at the Gull Harbour Resort, March 15-17, one member for the TIAM annual conference. Ken Danwich to attend a meeting with the Albert Beach property owners at Birds Hill, January 25. Resident Administrator R. Bouvier and Rose Boudry attend the professional development seminar, Winnipeg, February 20-21. Reeve, council, and resident administrator to attend the meeting with the Cottage Owners Association, Winnipeg, February 11.

The meeting concluded with a motion to request the Minister of Highways to widen the service road and extend the approach off PR No. 304 near the intersection of Highway No. 11.

Operating expenses required is estimated at \$2,000,000.00, with the breakdown shown in the minutes of the LGD of Alexander, elsewhere in this paper.

3-year-old Patrick Bruyere still in critical condition

Patrick Bruyere, the youngster who survived a freezing dip when he fell into a water filled hole on his grandparents farm, is reported to be still in critical condition. He remains in the Winnipeg Health Sciences Children's Hospital, and medical staff are reluctant to reveal what his chances may be, as he remains unconscious at this time.

As we receive more information, we will keep the public informed as to his progress. We are all concerned and wish the family strength during their ordeal.

VOLUME NO. 2 ISSUE NO. 19 .35¢ WEDNESDAY, JANUARY 21, 1987

Village of Powerview meeting deals with lengthy agenda, many issues

by Dess Trudell

The Village of Powerview meeting held January 13 was lengthy and covered several issues, as well as appointing representatives to head the various departments. Council appointed two for the major departments in the event of an emergency in the absence of one representative.

Mayor and police commissioner — E. Trudell; Deputy mayor, chairman of finance, Powerview Housing board, and Pineview Senior Citizens board — R. Legasse; General Public Works, garbage, sanitation, drainage and weed control: R. Tardif and R. Legasse; Sewer and water, Winnipeg River District Planning Commission, social services, recreation and community affairs — A. Tardif and D. Gelinax; Handi-van; Manitoba Rapids Adult Day Care and Recreation board — R. Tardif; Pine Falls District Hospital board — D. Gelinax; Secretary-treasurer and Pine Falls Am-

bulance — G. Harbottle. Salaries will remain the same this year as 1986 for the mayor, as he felt this was satisfactory. Councillors accepted an increase of \$5.00 for attending regular meetings as well as special meetings. Mileage rates will stay the same as 1986.

Public Utilities board will confirm the coming increase of rates to the council and public in early February, with possibly a public hearing.

The decision of the board of reference to deny the split proposed by petitioners in the Agassiz School division was discussed by the council. They felt that some studies to relocate the boundaries seemed to be the most acceptable alternative. Spokesman on behalf of council, and the petitioners, George Harbottle said the point was made with the petition and having the hearings. A decision has been made, and now the Village has other important business to consider.

The councillors felt that since other municipalities had supported the previous trustees in principle, the newly elected trustees should also be given a chance to see what they can do. The previous trustees who had initiated the split of the division, had a valid argument. Had a decision by trustees to re-run in the past election been made, they may have seen it through.

The on going problem of ATVs and snowmobiles speeding through town, failing to stop at intersections and for stop signs, trespassing on private property and carelessness, has made it necessary for the Village council to inform the RCMP police to crack down and warn the operators of these vehicles, to take notice that the Village now feels that the actions of a few will make it necessary to ban the use of ATVs and snowmobiles in winter, as well as ATVs and dirt See *VILLAGE* / page 10

Powerview School holds 3rd annual Science Fair

by Dess Trudell

Soon after school started in September last year, the students at Powerview School began working on their research of subjects and topics they would submit at the third annual Science Fair held on January 14 of this year.

It takes several months of planning, studying, investigating and collecting the data, for the wide variety of displays shown in the Powerview School gym. The exhibits were arranged in such a manner to show that all six of the guidelines were followed. The judges were made up of teachers and lay people. The teachers graded their pupils' work and these marks would be considered through to the end of the school year. The entries were all judged by grade and equally on merit. A Grade 5 student's work may be just as complicated as a Grade 11's entry, so all judges followed these guidelines with points used for a final total.

The judging criteria for the final awarding was as follows: scientific thought 25 points, depth of understanding 25 points, originality 10 points, dramatic value and clarity 10 points, skills 10 points, and writ-

ten report 20 points, for a possible total of 100 points. This would be important for the students for their own personal satisfaction, and to improve their projects for the next year.

The exhibits were of such a wide variety of subjects with a great deal of time and research put into the work. Just by walking through the gym, the eye was drawn to the well written and original displays. Some were exceptionally designed and constructed layouts, with the proper scientific terms displayed neatly with graphs and charts. Equipment and approach were used to clarify from the simplest, to the more sophisticated exhibits, and proves once again that the students are genuinely interested in, and capable of using the information, technical materials and data available.

Individuals and teams, made up of two students per team, created exhibits which covered every possible idea and subject from acupuncture to braille, to optical illusions to yeast, and many, many more. The winners of gold and silver will be entered in the regional science fair, to be held later in the year.

See *SCIENCE FAIR* / page 4

At the annual Powerview School science fair, of the dozens of exhibits, this earned a gold award presented to Grade 11 students Peter McMullen and Stephan Cooper, for their display of acupuncture. The pressure points, pain control and knowledge of the ancient Chinese method of easing pain, was well set up with a light display as well as informative literature. Their exhibit drew a crowd throughout the fair.

◆◆◆◆◆
CALENDAR OF EVENTS

Saturday, February 14 — The Victoria Beach Snow Drifters Snowmobile Poker Derby will be held. Call Desi Trainor, Victoria Beach for details.

Friday to Sunday, February 20-22 — Victoria Beach Men's Honspiel.

Monday to Wednesday, February 23-25 — Grand Beach Mixed Honspiel.

Friday - Sunday, February 6-8 — Victoria Beach Ladies' Honspiel.

Hagpipe Lessons — Every Wednesday evening at the Pine Falls School, 6:00 - 7:00 p.m. by Pipe Master Bill MacLeod.

Snare Drum Lessons — by Mr. John Bulmer.

Community Pipe Band Project — All welcome, juniors and adults.

Robbie Burns Social — Pine Falls Legion Hall, Saturday, January 24, 1987, 9:00 p.m.

The Eastman Region Choral Committee — will be holding a general meeting on Monday, January 26, 1987 in the music room of the Edward Schreyer School at 8:00 p.m. Everyone welcome.

4P Festival meeting — Every first Monday of the month 7:00 p.m. in the Townsite Office in Pine Falls.

Scout meetings — Every Wednesday night at 7:00 p.m.

Adult Day Care — Meetings every first Tuesday of each month at 8:30 p.m. at the Townsite office in Pine Falls.

Le Petit Soleil — Parents' meeting is every third Monday, 7:30 p.m. at Le Petit Soleil, St. Georges Community Centre.

Three Bears Day Care board of directors meeting — will take place the first Wednesday of every month starting in January.

Winnipeg River Historical Project — 7:00 p.m. every second Wednesday at St. Georges Allard Library.

Winnipeg River Lions Club — Every second Wednesday of the month, 6:30 p.m., St. Georges Community Club. Supper meeting.

Winnipeg River Lions Club — Every fourth Wednesday, 6:30 p.m., St. Georges Community Club.

Manitou Rapids Arts Council — Every second Monday of the month, 7:30 p.m., Townsite Office, Pine Falls.

Pine Falls Horticultural Society — Every first Tuesday of the month, 7:00 p.m., Golden Leisure Club, Pine Falls. Everyone welcome.

Winnipeg River Women's Institute — Every third Tuesday, 7:00 p.m., Library Allard, St. Georges. Everyone welcome.

Lazy Lopers 4-H Club — Every fourth Tuesday, 7:00 p.m., Library Allard, St. Georges. Everyone welcome.

Cribbage tournament — First Monday of every month, 1:30 p.m., Golden Leisure Club, Pine Falls.

Pine Falls Health Auxiliary — Every fourth Tuesday of the month, 2:00 p.m., Pine Falls General Hospital board room, Pine Falls.

Brownies and Girl Guides — Every Thursday, United Church Hall, Pine Falls.

St. Georges Sand Bag League — Every Thursday, 7:30 p.m., St. Georges Church basement.

Great Falls Women's Institute — Every first Thursday of the month, 7:30 p.m., Great Falls Hall.

Great Falls W.I. to host meeting on disposal of hazardous wastes

The Great Falls Women's Institute is sponsoring a public meeting regarding disposal of "Hazardous Wastes" at the Great Falls Community Hall on Thursday February 5, at 8:00 p.m.

Mr. Norman Branbison, director of Environmental Management, Province of Manitoba will come prepared to discuss this problem.

Some issues which will be addressed are:

1. What constitutes hazardous wastes?
2. What is happening to these hazardous wastes now?
3. What will decide the location of a hazardous waste treatment plant in Manitoba?
4. What benefits, dangers and hazards would a hazardous waste plant be to an area?
5. What is the provincial govern-

ment doing regarding the treatment of hazardous wastes?

6. What is the federal government's role and actions in disposal of hazardous wastes in Manitoba?

All interested residents in this area are urged to attend.

December and January, the Great Fall WI sent donations to the Lac du Bonnet District Christmas Hamper Committee, the Salvation Army, the Lions Telethon and the Rick Hansen Canadian Trust Fund for spinal cord research. In addition, a car load of clothing, etc. was delivered to the new home of abused women and children in Selkirk, Manitoba. The Great Falls WI members also donated 17 gifts to patients of the Selkirk Mental Hospital for Christmas.

Pine Falls Five Pin Bowling League news

by Sharon Mignon
Week No. 11

The ladies' high games were: Susan Best 307, Doris Kahle 287, Mitch LeClair 248, Jeanette Doyle 242, Elsie Pfeifferle 240, Jeannette Lavoie 230 and Kathie O'Neill 230.

The men's high games were: Pat Papineau 270, Nick Bonekamp 258, Bob Pfeifferle 252, Don Powell 237, Lyle Velle 232, and Marcel Thevenot 231.

The female bowler of the week was Susan Best for her single game of 307 which is 128 pins over her average. Susan's 307 game is now the league record for the ladies' second high single game.

The male bowler of the week was Bob Pfeifferle for his triple score of 679 which is 133 pins over his average for the three games.

The Legion Special was won by the Pfeifferle team for their single game of 1296. This score is now the league record for the second team high single game.

The Poitras Special was won by the Challengers for their triple score of 3333.

Friday night cash fun league

by Don Powell

There are eight teams bowling in this league which started on January 9. There were a few good games bowled the first week. Terri Papineau 311, Elsie Pfeifferle 231, Evelyn Dodds 229, Don Powell 335, Nick Bonekamp 245, and Pete Richardson 237. High scores for the second week were Shirley Adams 255, Elsie Pfeifferle 252, Terri Papineau 238, Flo Vincent 233, George Bodley 326, George Dodds 263, Nick Bonekamp 254, Omer Vincent 249, and Terry Markwart 246.

At the end of week number two, the teams of Powell and Vincent are tied for first place with 11 points. Team high single game score is Vincent 1273 and team high triple score is Doyle 3504. Of course there are four weeks left in the first round so these scores can change. The teams are bowling for \$480.00 in prize money in this first round and an additional \$480.00 in the second round.

Mrs. Rosa Boiteau celebrates 75th birthday

Mrs. Rosa Boiteau (left) and her sister Blanch Challe

On January 11, a surprise birthday was held in the home of daughter and son-in-law Alice and Larry Pasaluko. Out-of-town guests were: Mrs. Blanche Challe, Rosa's sister from Surrey, B.C. Paulette Johnson, daughter, from Delta, B.C., Elise and Glen Mathews, daughter and son-in-law of Enderly, B.C., Leo and Eva Boiteau, son and daughter-in-law of Winnipeg. Nieces and nephews from Winnipeg, Brian Boiteau and wife, Donna Boiteau and her husband, David van Kouten and wife, Brunel and Liz Boiteau and family of Powerview. Also grandson Tony Pasaluko and great-granddaughter Christine Pasaluko.

Red roses and other floral arrangements were presented by family and friends.

INSIDE THE LEGISLATURE

by Russell Doern

Biting the bullet

You can give a government grant to an organization, but you can't withdraw it without a fight. Most organizations immediately run to the media, mobilize their supporters and lobby like mad to retain their government goodies. Consequently, many government programs that have run their course are continued indefinitely because of the fear of unfavourable publicity, public controversy and the possible loss of some votes.

Politicians are reluctant to bite the bullet.

In the past few weeks there have been a number of organizations fighting to receive money in perpetuity. The new Winnipeg School board is facing Ilak over program cuts. The Festival du Voyageur doesn't want to repay its loan. And then there is *HERizons*.

HERizons magazine is a feminist publication which has had massive amounts of federal assistance, but still can't stand on its own two feet.

HERizons was first provided with generous government funding by Liberal Lloyd Axworthy under the guise of employment creation. In this way, the government focused on a handful of jobs and ignored the contents of the publication. Over the past few years they have received a staggering \$600,000. Similar federal programs now total some \$12,000,000 annually.

A year ago, the lid was blown off in the Manitoba legislature by Clayton Manness, the Conservative member for Morris, and the Independent MLA for Elmwood. They described the publication as foul mouthed, anti-male, anti-Catholic and pro-lesbian.

Education Minister Maureen Hemphill was reluctant to do anything about the militant feminist publication.

Roman Catholic Archbishop Adam Exner attacked the magazine for its "immoral" and anti-Catholic slant. The Manitoba Association of School Trustees criticized the publication and the St. James School Division withdrew copies of the magazine from its library shelves.

Although Flora MacDonald refused to take any action, the new federal Minister of Employment and Immigration Benoit Bouchard has decided to wind up the funding. The minister and his staff can take a bow. The taxpayers of Canada appreciate this action. Given a huge federal deficit, the elimination of wasteful expenditures and questionable grants is a good place to start.

The federal Tories are on a roll, they have made two good decisions in a row — first, the appointment of Sterling Lyon to the Manitoba Court of Appeal and second, the elimination of a costly grant to a questionable publication.

The editors of *HERizons* says they will now appeal to the private sector for support. They have had their snout in the public trough long enough!

THE BOOK NOOK

by Mona Bossi

With all the preparations, endless shopping lists and finally the festivities behind most people, take some time out for yourself. Try a new sport, a new craft, a little something innovative and relaxing during the hustle and bustle of every day life. Many people say, "But I'm not a creative person!", "I am not a genius", "I am just an average human being". None of us is average; each of us is unique and whatever we make and do has our own particular stamp on it as it were. The practice of an art leads to sociability, that is, to fellowship and unity. There are many booklets and leaflets with a broad range of craft ideas. In the "vertical file" section at Library Allard you will find such titles as: *Soft Fabric boxes - Boutique Designs* by Dorothy Plakorus, *Pretty and Purposeful Decorated Baskets* by Eileen Schreuer, *Things to Make with Leather, Fabric Photo Albums, Soft Sculpture Projects*, etc. Don't hesitate to ask the librarian on duty for help in locating these and any other reference material on any topic.

consultation and collaboration. Feel free to send in your ideas.

One such upcoming event will be a quilting course early in February with Jeannine Chevrefils as instructor. For such occasions the library will make available blocks of books borrowed from the main library in Lac du Bonnet and what we have on hand. In this case we now have a large selection of books on quilting as well as copies of *Quilt World* magazine dating from 1983 to 1987.

The theme at the library is *Crafty Ideas!*

NEIGHBORLY NEWS

by Fred McGuiness
Box 1020, Brandon R7A 6A3

Should urbanites pay for mail services?

Hey! Move it! If you act quickly you can become a charter member of a new "cause".

If its promoters have their way, Canada Post will lift its deficit by socking it to the city-dwellers. All we want them to do is pay for service rendered, the way the country folks do.

The idea that urbanites should pay for mail services is by no means new. I've written earlier columns on this topic; the weekly editors were suggesting it a couple of years ago. I think of it annually, on the day I pay that \$33.73 for a year's post-box rental. In its earlier form this idea won few supporters.

This time around the renewal may have begun at Steinbach. The *Carlton* suggests that a small tax, say, a dollar or two per month per household, would bring in a heap of money. In the case of a Calgary, Edmonton, or Winnipeg, \$2 per month for 50,000 households adds up to a couple of million per year per city.

Through the phenomenon known as journalistic osmosis, the *Virden Empire-Advance* has the same idea the same week. Here's a paper that says we wouldn't have to suffer cuts in postal service "if they would just treat urban dwellers the same as rural residents." Virden has an alternative to the monthly fee suggested by Steinbach. In this case it's recommended that city-dwellers pay no more than that \$6.74 minimum which country cousins pay for a box.

If there's a revolt against this payment, which is something on which you can bet the hometown, well, the *Virden* editor has a plan for this eventually. Any slicker who won't cough up can do the same as the

ruralites do; "go to the post office and pick up the mail from the wicket during normal office hours."

While ideas of this type are simmering on the eastern prairies, there's a parallel movement shaping up in the short-grass country. At Hanna the *Herald* says rural folk have a hard time understanding the attitude of people in the cities. "...most of them remember driving the sleigh, or perhaps riding horseback a mile or two, to meet the mailman on his twice-weekly rounds."

The *Herald* says, "A city the size of Calgary should have about four postal stations where people could pick up their mail." The position here is clear. If we can't have door-to-door delivery in the country, then why should they have it in the city. "City mail isn't any more important than country mail."

I made special note last week of a direct Mulroney quote, uttered in the Commons, "Canada is not going to have any second-class citizens." To some of us ruralites this comes as a blazing revelation. Perhaps I'm just dreaming that I drive six miles daily to get the mail.

While I'm on this subject, I must tell you that a number of papers are reprinting an editorial on postal rates from the *Shawnigan Standard*. For the past 70 years, as a means of encouraging the exchange of information, there have been special rates for periodicals. The *Standard* says hints from Ottawa suggest that these might end.

If Mulroney and Co. cancel these concessionary rates, then Canadian voices in print will dry up. This will hasten the day we become the 51st state.

COMMUNITY NEWS BRIEFS

by Dess Trudell

Over the Christmas holidays Wade Dimock and his two sons, Daniel and Steven of Edmonton, visited with parents and grandparents, Yolande and Don of Dimock of Pine Falls. Yolande had to spend some of the time working but she said it was so nice to have them home for the visit.

On December 21 Jennie Fountain flew to Edmonton to spend three weeks with her daughter, Sharon and two granddaughters, Sheri and Genny Bloomfield. Jennie says the weather was beautiful in Witsaskiwin, where Sharon lives. There was no snow at all and mentioned that her brother-in-law had left some wheat in swath that fall, and was able to combine it on December 24. The cattle were still feeding on the range as well. Jennie said, "It was just unreal weather for this time of year."

Mrs. Helen Poitras held her annual Ukrainian supper in Pine Falls Legion House on January 17. This is something Helen has done for the past ten years, and is a special occasion for her. Helen's many talents and skills are appreciated by the friends and guests who take part in this event.

The Powerview Arena is finally seeing some action! The ice is beautiful, the bleachers are almost full at each game, and the ladies who work in the canteen keep the coffee hot and ready for the fans. The PAA executive and volunteers have done a great job. The Pineview Major Atoms played host to Pinawa on Saturday afternoon. The game was great entertainment, and the final score was 3-3.

The volunteer firemen of Pine Falls held their annual mixed bonspiel on Saturday, with twelve teams taking part in the fun. The winners of the famous "trophy" was the Grant Dugard team, made up of Mike Oman, Jay Donnelly, and Elie Trudell. They, and the team of Roy Mysak's, had tied at 20 points each, resulting in a rock throw to determine the final win.

It was lots of fun (sometimes tricky for the team this reporter was on), and the supper and comradeship was unbeatable!

your clothes washer has a water level selector, be sure to use this important device when you do the laundry. Some dishwashers also have energy saving features, and you should look for these when buying a new one.

Replacing tap washers as soon as they show signs of wear and tear is simple and economical, yet people seem to ignore this task. By allowing one drop per second to leak from a tap, five-and-a-half gallons or twenty-five litres of water will go down the drain each day. If it's the hot water tap that's leaking, that means energy is going down the drain too.

Now's the time to reduce hot water waste and high energy bills!

For our data sheet — water heater maintenance, contact your local Manitoba Hydro representative.

The special presentation of an engraved silver tray to retired fire chief Pete Hutchison from Airthird-Price manager Bruce Hanson, on behalf of the Pine Falls volunteer firemen, was the highlight of the evening.

Pete said the community had always been first with him, and the dedication of past and present volunteers in the Fire Department says it all.

Willie Kemball, the present fire chief, heartily agreed.

And we couldn't resist adding this bit of wisdom. Not often are the dumb questions remembered — just the dumb mistakes.

Winnipeg River Historical Project would like to remind anyone still holding back from writing their family history, or if it is finished and you still have not turned it in, please do so by dropping it off at the Manitou Rapids Arts Council office in Pine Falls, or with one of the co-ordinators in your area.

Co-ordinators are: Loren Carlson or Eric Carlson in Broadlands; Jeanne Favore, Dave or Angeline Dufour in the Chevreuil area; Lori Alexander in the Cultural Centre; Warren Sinnock in Great Falls; Dess Trudell in Powerview; Shelagh Geet or Gordon Hanson in Pine Falls; Jean Dupont, Carl Vincent or Emmanuel Houvier in St. Georges; Bert and Helen Tramor at Victoria Beach.

Since this project is long overdue, we suggest that you start today. It will only take a few hours and you could be disappointed if, after the book is printed, your story was not included.

The book will be a limited edition, so ensure you will receive one by making a deposit. Don't risk being left out. Your children will thank you for remembering, and by contributing to their future memories, which over the years will be handed down from generation to generation.

ENERGY CORNER

Water heater energy tips

Prepared by Manitoba Hydro

Did you know that next to electric heating your water heater is the second biggest energy consumer in your house? That's why it's so important to make sure it works as efficiently as possible.

There are several ways that you can help reduce water heater energy consumption. Take short showers instead of baths. An average shower will only use

about five gallons or twenty-three litres of hot water, while a bath will use about twice that.

By installing a flow restrictor in the shower head, you'll save even more hot water, and that means saving the energy needed to heat up the water.

Clothes washers and dishwashers can eat up a lot of hot water too. Be sure to run these appliances at full loads. If

The Beaches connection by Jocelyn Stewart

This column used to be called **Hillside Highlights**, but there's been a change. The new name was suggested by Pytke Blaauw, former editor of the *Winnipeg River Review* before she departed for points east, and it has the approval of our new editor, Dess Trudell. It's hoped that in future we can be more representative of all the people who live along the east shore of Lake Winnipeg, the **Beaches** area, which extends from Beaconia in the south, to Victoria Beach at the north end of Highway 59, and includes approximately 1,900 permanent residents and 10,000 cottagers, these figures being estimated from current voters' lists.

Notices about upcoming **Beaches** functions and events are welcomed to be included in the *Winnipeg River Review* weekly **Calendar of Events**; or comments on any functions or events may be included in this space after the fact, along with any items of current interest. Please call this reporter at 754-2020.

At our house, we've been putting away the holiday decorations this week. We kept everything Christmas-like right

through to Epiphany and beyond, so the children and grandchildren could all get together at our place for the last turkey dinner of the season. We were with them in the city as part of larger family groups over Christmas, of course, but the fun isn't really finished till our own small group has had one last Christmas fling at Grandpa and Grandma's at Hillside. The grandchildren's stockings had hung by our chimney for nearly three weeks, their bulges growing as post Christmas sales gave me a chance to add to the treasures therein. The little ones' eyes lighted up to find the stockings waiting there on the 12th day of Christmas. Watching the emptying was as much fun for us as on Christmas past when our children were babes. Maybe we've begun a new family tradition!

All our Christmas books have been read and discussed and loaned out to friends. Charles Lynch's *A Funny Way to Run a Country* was Hank's favorite. My spouse has heard Lynch play the harmonica with the Winnipeg Symphony Orchestra, wearing a top hat and tails, looking much better than he sounded. He's also listened to the media man yarning with seat mates on night flying airplanes, when Lynch sounded much better than he looked, being crumpled and maybe a little into his cups, but in fine speaking form nonetheless. Hank says this latest book by Lynch does him proud, and is bound to give any Canadian a good belly laugh. Under the tree for me was Margaret Atwood's *The Handmaid's Tale* and Sandra Birdsell's *Ladies of the House*. These two authors

are worlds apart in their literary output, but it is obvious neither has any use for the opposite sex, toward whom both books are painfully pejorative — to put it mildly. But, good reads, both.

The Traverse Bay "100" Second Annual Can Am Cross Country Circuit Snowmobile Race, the first big **Beaches** event of the new year, was held on January 3. The good weather, and increasing popularity of the sport, drew many people to the area — good for local businesses and good for the race organizers. The only sorry note was that one of the racers, a man from North Dakota, was quite seriously injured on the race circuit during the third lap. Wolf Kraft, owner and operator of Hillside Power Products, main organizer of the event, reports that safety precautions, though always a primary concern, will be increased and improved for next year. There will be more stringent regulations for drivers entering the race and better communications between check points and the starting position. Riders equipped with sleds will be positioned at several points around the circuit in case of emergency on the trails. Snowmobile racing can be a dangerous sport and constant vigilance is necessary. Organizers also worry that increased numbers of spectators may increase risks to human life. On this account the starting gate this year was relocated to a position some distance from Highway 59's heavy motor traffic, and congestion around the Birchwood Motel which was racing headquarters. Greater spectator control may be a necessity in the future, and volunteers may need special training. We wish the organizers every success, the race is an exciting event.

Members of the Anglican Parish of St. Michael's Church of Victoria Beach held their annual meeting and pot luck supper on January 4 at the home of Dorothy Smith and Dianne Pennington of McCord Drive.

Yoga classes began again on January 12 for the enthusiasts in our community. Maybe some classmates besides me suffered painful muscles next day. Anyway, I resolve to practise the postures daily! Happy new year to all!

TAX TIPS

by Evelyn Jacks

Recently parents of an adult mentally retarded child asked me whether they would be subject to any tax changes in 1986. The answer is an overwhelming "yes!"

This family can take advantage of at least three new tax provisions in the 1987 year that may increase the family refund by hundreds, even thousands of dollars.

First, effective January 1, 1986, the \$2,860 disability deduction has been expanded to include the following afflictions:

1. Confinement to bed or wheelchair for substantial period of time each day for 12 month period beginning or ending in 1986.
2. Blindness at any time.
3. Confinement to a room or rooms because of severe emphysema or chronic chest disease.
4. Paralysis in one or more limbs.
5. Amputees who use special external devices to obtain mobility.
6. Sufferers of severe cardio-respiratory failure.
7. Mentally retardation.
8. Mentally illness.
9. Profound bilateral deafness.
10. Functional impairment of neuro- or muscular-skeletal systems.

First time filers under these qualifications must obtain Form T2201 Disability Deduction cer-

tificate from Revenue Canada, and have it signed by their doctors. This deduction may be claimed by a taxpayer for himself or by a supporting individual on behalf of the spouse or dependants. It may not be claimed where expenses for a full-time attendant or nursing home care were included in the deduction for medical expenses.

Second this family may claim a new exemption for their dependent children. Dependents who are mentally or physically infirm and over the age of 18 qualify for a maximum exemption of \$1,440, depending on the child's net income. This exemption is \$20 higher than the exemption for other children over 18.

Third the newly introduced Federal Sales Tax Credit can be claimed by each member of the family over the age of 18, provided the child files a tax return (spouses file jointly). This credit is payable to those over 18, based on net income, and amounts to up to \$50 per adult (or \$25 per dependent child under 18). New Schedule 11 must be filed.

For this family then, maximum new deductions of: a) \$2860 for the disability deduction; b) \$1440 for the dependent child deduction; and c) a tax credit of \$50 each under the Federal Sales Tax Credit will turn tax time into a gold rush.

Be sure to claim all you are entitled to.

Pine Falls Home & School

The "resource program" and "family life" were presented at our January 15 meeting. If anyone would like more information on these programs please contact Bill Borlase at the school. The "family life" curriculum is available for parents to examine.

We elected a new executive. They are as follows: past-president Marg Boyko, president Judy Fenez, 1st vice-president Helen Bouchard, 2nd vice-president Alice Dawson, secretary Donna Boyer, Treasurer Marilyn Cyr, program co-ordinator Susan Cline.

The out-going executive were: president Marg Boyko, past-president Judy Johnston, secretary Eileen Robertson, treasurer Renate Johnson, program co-ordinator Jeanette Schmidt.

The annual spring tea is being co-ordinated by Sandy Hansen

and Helen Bouchard. This is very much appreciated.

We would like to see more "Block Parents". If you are interested you can pick up an application form from the secretary at Pine Falls School or contact Cathy Dugard at 367-8274.

MANITOBA HIGH SCHOOL EQUIVALENCY TESTS

Manitoba high school equivalency tests will be held at Powerview School, Friday evening, March 6, and Saturday morning, March 7.

An adult can earn his Grade 12 standing by writing these exams. Applications and information can be obtained from Ian Thomson at Powerview School at 367-2296. Applications should be returned to Powerview School by February 10.

Firemen's bonspiel winners

Team skip Grant Dugard accepts the Fireman's Trophy from Brian Donnelly. Players are (left to right): Mike Oman, Faye Donnelly, Elie Trudell, emcee for the evening Brian, and Grant Dugard. Twelve teams were entered at the Pine Falls volunteer firemen's annual mixed bonspiel with a fun evening for everyone.

RECREATION NEWS and VIEWS
by Peggy Boyle 367-2533

I think Old Man Winter has come back to us now. He was vacationing on the east coast and finally came back to us with a vengeance. You know what it is like when you come back from vacation and have a mountain of work waiting for you. It takes a lot of extra hard work to get caught up. I see Old Man Winter having to give us that extra shot of super cold weather now to get caught up for all the nice weather we had. Personally, I think he is overdoing this whole thing.

You know it was so cold the other week that some nice, little country mice decided to move in and share my house with me. My dog was quite happy to have some little friends (actually I don't think she even noticed them) and needless to say I was not too happy. I mean you know if these little guys would help around the house or something — but they just run around and eat!

On with the news!
'Did you know' dept.

Did you know that the Dancing Blades Figure Skating Club is putting on a dance-a-thon with its members, dancing for two hours on Saturday, February 7 from 1:00 - 3:00 p.m. at Powerview School. The proceeds from this dance-a-thon will be used to help local skater Michael Rudd further his skating training.

Did you know that there is a seminar being offered in Winnipeg January 23-24 that deals with the prevention and treatment of emotional abuse of children in organized sports and physical activities. Registration will be done through the continuing education division of the University of Manitoba. The cost is \$45.00 and the course begins on Friday evening from 7:00 - 10:00 p.m. and continues on Saturday from 8:30 a.m. - 3:00 p.m. For further information contact the recreation office.

Did you know that there might be another St. John's ambulance course for basic first aid if

enough people indicate their interest. To do this, contact the recreation office and leave your name and number.

Did you know that the third annual sport award dinner will be held on Saturday, March 21 in Beausejour. Nominations are being accepted for male athlete, female athlete, team, coach/builder, senior and special olympic.

Finally, **did you know** that the Milk Marketing Board's super seminar is April 23-24 at the International Inn in Winnipeg and the topic will be effective coaching styles. For more information contact Marilyn Adam at 786-6063.

Interested in quilting?

The recreation district is organizing a "Learn the Basics of Quilting" course to be held on Saturday, February 7 and Saturday, February 14 during the afternoon at the St. Georges Community Club. The course will be taught by Mrs. Jeanine Chevrefils, who will take you through the stages from cutting out the quilting pattern, to the final needlework. It is proposed to have this course on two consecutive Saturday afternoons. I will be contacting those people who have already indicated their interest to me.

Minor hockey news

On Sunday, January 18, at 4:00 p.m. the Pine Falls 7 year old Peanuts played Lac du Bonnet. Right after the Peanut game at 5:30 p.m. the Pineview Minor Atoms played Lac du Bonnet in their league game. Lac du Bonnet scored twice in the first period, and scored three more times in the second. Pineview scored their first goal late in the third period. The final score was Lac du Bonnet 5, Pineview 1.

Duck Lake Ski Club news

by Cathleen Thurston
The ski club has sold approximately 125 memberships this season — if you still have not purchased yours they are available at the Sports Shop. Members please wear your button on the trails.

The new loop south of the chalet has been completed — it just requires some more snow and retracking. The new loop north of the chalet will be completed as soon as possible. All other trails are in good shape, but we could use some more snow.

The trails committee would like to thank all the volunteers who have helped, especially Clayton Farmer, George Gold, Bob Litchfield and Bill Rosenreter. Anyone who would like to help out please call Marcel Pirre at 2693, Hurr Mitchell at 8437 and Paul Doyle at 2204.

The executive and I'm sure all members would like to thank Clayton Farmer who has been looking after the maintenance of the chalet. He has been clearing it up and ensuring there is a supply of kindling at all times. Just a reminder to clean up after

yourself on the trails and at the chalet and to please take your garbage home.

The first ski clinic was well attended and the second one will be held Sunday, January 25. The ski club will be hosting the Eastman Games and Special Olympics on Sunday, February 22. Anyone wishing to help out please call Vince Keenan at 8390.

Other future events include a pot-luck supper at Maskwa on Sunday, February 8 and the annual poker derby and wiener roast on Sunday, March 8. For further information call Vince Keenan. More details will follow.

The club is also trying to think of ways to raise money for the purpose of buying a new Alpine power toboggan. A new one will be required sometime in the next two to three years and as the cost is somewhere around \$7,000.00 we will be holding fund-raising events in the future.

This past weekend I had the opportunity to officiate, along with other members of the Duck Lake Ski Club at the ski races held in Pinawa. It was really lots of fun and very exciting. So if you're not racing in the Eastman

games, though we do hope you are, please come out and cheer the racers on. Braving the cold is worth it to see the determination and excitement of our young people.

Happy skiing!

Major Bantam update

The team, which is made up of 14 and 15 year olds, is coached by Jim McNeill and Albert Garand with Wayne Josh as manager. So far we have played 15 games of which we have won six, lost five and tied four. Jason Garand and Craig McKechney are presently tied for top spot with 26 points each with Craig having 15 goals to his credit. A very inspired hockey team participated in the MAHA playoffs against St. Anne in the past two weekends resulting in our being eliminated from the playoffs! I hear the game in St. Anne was rough and tough and in spite of it all our boys showed a lot of sportsmanship and class by having to detour to the opposing teams' bench in order to go through the customary hand shaking!

Sorry I missed that game, guys!

Coming up is a bottle drive which will take place on Friday, January 23. Your generosity will be greatly appreciated. The proceeds will help pay for phone calls and entry fees on tournaments.

Each week we will bring you an update on what has happened and what will happen with the Major Bantam hockey team.

Enjoy the annual "ROBBIE BURNS" SOCIAL

Local Government District of Alexander council minutes

Minutes of a regular meeting of council of the Local Government District of Alexander held in the council chambers of the district on Tuesday, January 13, 1987 at 10:00 a.m.

Present: Reeve Richard W. Loring; Councillors Ken Danowich - Ward I, Nick Roman - Ward II, Peter Raymond - Ward III, Mary Ann Grewinski - Ward IV; Resident Administrator R. Bouvier.

Others present: Jack Richmond, chartered accountant; Patrick Lally, Armo Wested Inc.; Devs. Trudell, Winnipeg River Review (1:30 p.m.).

READING AND CONFIRMATION OF MINUTES
Resolution No. 1/87: Raymond - Roman RESOLVED that the minutes of the regular meeting of December 22, 1986 be adopted as circulated. Carried.

REPORTS OF STANDING COMMITTEES
Ward III - Councillor Raymond reported on his attendance at a regular meeting of the Eastgate Lodge board of directors in Beausejour on December 29, 1986.

Councillor Raymond reported on his attendance at an Adult Day Care meeting in Pine Falls on January 6, 1987 to discuss the purchase of a hand-van to serve the seniors from Great Falls to the Beaches. A municipality is required to sponsor the purchase. The purchase of a hand-van is financed through grants and fund raising. (See Resolution No. 5/87)

Councillor Raymond also reported on his attendance at a meeting of the Pine Falls and District Ambulance board of directors. George Harbottle, secretary-treasurer of the Village of Powerview appointed chairman of the board. The replacement of the existing ambulance was discussed.

HEARING DELEGATIONS

Jack Richmond, C.A. appointed by council to prepare a study on the implications of the LCD of Alexander assuming the responsibility for the operations of the township of Great Falls from Manitoba Hydro, met with council to present his draft report. Mr. Richmond presented council with copies of the draft study and reviewed the study with members of council. Mr. Richmond was authorized to present the draft study to representatives of Manitoba Hydro and report the concerns of Manitoba Hydro to council. A few suggestions were made to Mr. Richmond in regards to the final study. Mr. Richmond agreed to incorporate the changes in the final report.

Patrick Lally, sales representative, met with council to discuss various items, e.g. adverts, etc. available from Armo Wested Inc. Matter to be discussed further during budget meetings.

PUBLIC MEETINGS - Zoning of Part SW 31-19 AB, to "SR1" and "PER" re: 15 lot proposed subdivision by P. Mignon. No objections or

representations received to second reading to By-Law No. 821. (See Resolution No. 3/87)

ACCOUNTS
Resolutions No. 2/87 and No. 3/87: Provides second and third reading to By-Law No. 821 (SR1 and PER zoning of Part SW 31-19 AB). Carried.

Resolution No. 10/87: Roman - Danowich RESOLVED that By-Law No. 830 (Ideington Forsyth Raymond) be read a first time. Carried.

Resolution No. 11/87: Grewinski - Roman RESOLVED that By-Law No. 831 (Zoning Forsyth Raymond) be read a first time. Carried.

Resolutions No. 12/87 to No. 15/87: Suspends the requirements under Section 180(2) and provides three readings to By-Law No. 832 (termination of permanent employees of the district). Carried.

GENERAL BUSINESS

Sale of 1978 GMC 1-ton truck - Matter of selling 1978 1-ton truck by tender was discussed. Matter tabled until after further budget meetings.

Resolution No. 4/87: Grewinski - Roman RESOLVED that one member of council be authorized to attend the 1987 IHAM Annual Conference at the Gulf Harbour Resort on March 15-17, 1987.

AND FURTHER BE IT RESOLVED that the actual travelling expenses be paid. Carried.

Resolution No. 5/87: Roman - Danowich RESOLVED that Councillor Peter Raymond be authorized to attend a hand-van seminar in Neepawa on January 29-30, 1987.

AND FURTHER BE IT RESOLVED that his actual travelling expenses be paid. Carried.

Resolution No. 6/87: Roman - Grewinski RESOLVED that Councillor Ken Danowich be authorized to meet with the Albert Beach Property Owners (1983) Inc. in Birds Hill on January 25, 1987.

AND FURTHER BE IT RESOLVED that his actual travelling expenses be paid. Carried.

Resolution No. 7/87: Danowich - Roman RESOLVED that Roger Bouvier and Rose Baudry be authorized to attend the Professional Development Seminar in Winnipeg on February 20 and 21, 1987.

AND FURTHER BE IT RESOLVED that their registration and actual travelling expenses be paid. Carried.

Resolution No. 8/87: Roman - Grewinski RESOLVED that a donation of \$100.00 be made to the Association for Community Living in Beausejour. Carried.

Resolution No. 16/87: Grewinski - Roman RESOLVED that the resident administrator be authorized to make the necessary arrangements for the construction and installation of an eight foot counter and cabinet by Pfeiffer Brothers of Beausejour as quoted. Carried.

Resolution No. 17/87: Raymond - Roman RESOLVED that the resident administrator be authorized to make arrangements for a meeting with the Cottage Owners' Association in Winnipeg on February 11, 1987 at 6:00 P.M.

AND FURTHER BE IT RESOLVED that the reeve, council and resident administrator be authorized to attend this meeting.

AND FURTHER BE IT RESOLVED that the actual travelling expenses be paid. Carried.

Resolution No. 16A/87: Raymond - Roman WITH-REAS in accordance with Section 590(1) of the Municipal Act, the council of the LCD of Alexander has made provisional estimates of all operating and capital expenditures of the municipality for the period from January 1, 1987 until the adoption of the annual estimates; NOW THEREFORE BE IT RESOLVED that the following provisional estimates be hereby adopted.

OPERATING REQUIREMENTS:
General Government Services \$260,000.00, Protective Services 65,000.00, Transportation Services 555,000.00, Environmental Health & Welfare Services 25,000.00, Public Health & Welfare Services 40,000.00, Environmental Development Services 15,000.00, Economic Development Services 15,000.00, Recreation and

Cultural Services 25,000.00, Fiscal Services 1,000,000.00, Total 2,000,000.00 Carried.

Resolution No. 18/87: Roman - Danowich RESOLVED that the Minister of Highways be requested to widen the service road, extend the approach and collect, off PR No. 304 near the intersection with P.H. No. 11. Carried.

Council discussed the relocation of the Great Falls Nuisance Grounds. A meeting set for January 16, 1987 at 10:00 a.m. with Councillors Roman, Grewinski and Dale Hiltz, Health Inspector and Kip Tyler, Lands Manager, Department of Natural Resources, to review the new proposed site.

NEXT REGULAR MEETING
Tuesday, January 27, 1987 at 7:00 p.m.

ADJOURNMENT
Moved by Peter Raymond that meeting be adjourned. 3:50 p.m.

St. Georges Sand Bag League news

by Rita Fontaine
Game No. 8

Men's highest games were: first - Josephat Vincent, 8690; second - Alfred Guimond, 8500; third - Albert Desautels, 8340.

Women's highest games were: first - Rita Fontaine, 8050; second - Annette Dupont, 7530; third - Juliette Desautels, 6870.

Highest square went to men's - Albert Desautels, 1470; women's - Eliane Boulet, 1230. Door prize was won by Andre Dupont.

Team standings are: Josephat Vincent 37; Ludger Jubinville 32; Della Fisher and Eliane Boulet 29; Carolus Vincent 28; Julie Lavoie and Yves Lemire 22; Marg Boyer and Annette Dupont 21; Henri Desautels 20; Rita Fontaine 18; Horace Nault 15; Victor Vincent 12; Ted Dupont 9.

Hans Chevrefils, Norma Johannsson, Phillip Lachaire and Rejean Brunneau played spares this week. Thank you.

Attention

Anyone interested in a sand-bag tournament to be played on

February 8, 1987 at the St. Georges Church basement at 12:30 p.m. please make up your own teams and give your names to Sylvio Chevrefils 367-8578, Annette Dupont 367-8278, Marie Anne Cava 367-8522 or Carolus Vincent 367-2555.

We will accept 16 teams only so please give your name as soon as possible. Lunch available.

Card of Thanks

The family would like to express their sincere thanks to all relatives and friends who expressed their sympathy in acts of kindness and cards in passing of my dear husband, father and grandfather.

Special thanks to Father R. Jelaner for prayers and a most comforting service, the altar boys, the lectures, the choir, the organist, the pallbearers, the honorable pallbearers, ushers and all who organized, contributed time, and donated to luncheon after the service.

Sincere thanks to Russell Funeral Chapel for their kindness and help.

Mrs. Yvette Vincent and family

More Science Fair award winners

Grade 8 student Debbie Lehman stands beside her exhibit which earned her a silver award. She had a well drawn and charted display of caffeine and the results of drinking coffee; the types and what happens to your nerves and heart rate. It was educational and very interesting for all coffee drinkers.

Testing for Vitamin C won Gnette Dion and Shira Chochinov, Grade 6 students, a gold award. They may be entered in the regional science fair to be held later in the year.

CANADIAN HOCKEY UNIFORM-1987

Hundreds of cross-country skiers converge on Pinawa

Hundreds of cross country skiers converged on Pinawa this past weekend to take part in the Vachon Canada Cup, the Western Canadian Championship and the Whiteshell Open classic and freestyle races.

Manitoba topped the Western Canadian championships with 484 points, followed by British Columbia with 425 points, Saskatchewan with 325, Alberta with 169 and the Northwest Territories coming in with 101 points.

Local skiers competing were Trevor Olson, Eric Olson, Jeff Hampshire and Jeff Anderstedt.

Three of the eight member team to attend the Canada Winter Games in Cape Breton this year come from Pinawa. Skiing on the female side of the Manitoba team are Tamis Westdal and Sonali Bera of Pinawa, Melinda Ballendine and Erin Yushida of Winnipeg. On the male side, Joseph Szekely of Pinawa joins Matt Butler, Steve Daniels and Ross McKinnon.

The Vachon Canada Cup race was part of 24 races being held at 11 sites from Labrador City to Prince George. National team skiers participated along with western Canadian skiers from as far away as the Northwest Territories.

The series plays an important part in the development of competitive cross country skiing in Canada from the grass roots level right up to the high calibre of the national team. Teams selected throughout the season to represent Canada at international events are based on a points calculation from the Cup series.

Kevin Jones, guest speaker

Kevin Jones, the participation development coordinator for Cross Country Canada, was guest speaker at the cross country ski awards dinner held Saturday evening. He spoke of the work being done to get more people involved in cross country skiing for recreation, at the competitive level and as spectators for events such as the super relays.

The Jackrabbit program has been developing the skills of the very young skiers for several years and is to be followed by the Challenge program for skiers 12-17 years of age. Jones is currently developing the program which should be in place for next year.

People like Patrick Morrow, the climber of seven mountain summits around the world, who has skied on most of these summits has done a lot to bring public attention to both cross country skiing, Jones said.

The skiing community is excited by the development of world class competitive facilities in Canmore, Alberta, where the Nordic events will be held during the Winter Olympics in 1988. The facilities were opened in December and have met with

delighted approval from the skiers fortunate enough to ski the trails, he said.

There was praise for the efforts of the countless volunteers involved in the sport, for the coaches and all the people who worked with the organizers to put on the events and have it run smoothly. Even the weather cooperated, with the bitter cold promised not making an appearance after all.

Ernie Nairn emceed the Saturday night awards dinner held at the cafeteria at Whiteshell Research.

Among the guests for the event was the Hon. Jake Epp, Minister of Health and Welfare for Canada, who joined in the celebrations by presenting the ribbons for the Whiteshell Open winners.

Village of Powerview meeting

continued from page 1

bikes in summer, in the town. Other municipalities have banned them, and soon the freedom to operate these vehicles will affect every one.

During the meeting, objections were again raised by Mrs. Powell regarding the proposed relocation of the present lagoon, and zoning. Mr. Powell also requested a list of property and copies of titles that the Village owns. He will be mailed a list of the properties and he can pay for the search himself, with the suggestion of council. Mrs. Powell seemed to feel that the public was ignorant or did not care about what council was planning to do with the lagoon. The mayor suggested that since the Powells were the only ones objecting, perhaps that indicates that the public is aware and were in favour. The public's best interests were what the council was taking care of.

Rate payers may not appreciate the inference that they are ignorant about the pros and cons of expansion costs versus relocation, especially since the Municipal Act had been complied with, advertising in the local papers and in the municipal office as well as other public locations.

Perhaps remaining backward for another 30 years may suit a handful, but certainly not the majority of the ratepayers of this progressive little Village.

THE FARMERS' CORNER

by R.C. (Jerry) Moffat
Agricultural Representative
Manitoba Agriculture
Beausejour, 268-1411

Crop rotations — things to consider

With farmers likely to switch more acreage from cereals to special crops, oilseeds and forage, this year, it is important to realize some of the limitations (and strengths) in growing a different crop in 1987.

Things to consider are herbicides used for the past two to four years; problem perennial weeds in the field in 1986; soil fertility (fertilizer used and/or legumes grown in 1986); known insect and disease pests. All of these factors can have an influence on your cropping choices for 1987, and in fact, in some cases, could mean that some crops cannot be grown at all.

For example, peas are not a good choice on land seeded in 1985 or 1986 to rapeseed is sclerotinia was a problem. Peas are attacked by sclerotinia.

Peas grown on land seeded in 1986 to cereals will likely be infested with volunteer grain or volunteer flax, so allowance should be made to spray the crop with Poast.

Seeding canary seed on land seeded to cereals in 1986 has a high probability of being infested with volunteer grain in 1987. There is no recommended chemical for volunteer grain control in canary seed.

Canary seed grown on land treated in 1986 with Treflan has a high probability of injury from the herbicide.

Crops grown on land where perennial legumes were broken up before June 20, 1986, will benefit from high soil nitrogen levels.

Cropping on summerfallow

does not mean that the crop will not need nitrogen fertilizer. About 25% of summerfallowed fields in Manitoba do need nitrogen fertilizer. Soil testing on summerfallow is essential to determine this.

Some herbicides, while safe on recommended crops, are carried over in the soil and will be harmful to susceptible crops for one or more years, i.e. Tordon can injure alfalfa and sunflowers for two years, and injure potatoes, lentils, field peas and fababeans for up to four years after it was used.

Manitoba Agriculture has produced a very useful "crop rotation" chart indicating the herbicide carry-over, disease incidence, and fertilizer differences when growing specific crops on land treated in various ways the previous year. Come into the office and we can use this chart to help determine crop options open to you. We have a limited number of these charts available for distribution to producers as well.

Forages '87

Even though the deadline for registration for the homesteady course "Forages '87" is past, there is still time to get enrolled. The first lesson was mailed January 19, but late applications can still get all lessons and benefit from this course. We have registration forms at the office.

Upcoming events

The 1987 outlook conference scheduled for January 28, in the Ramada Inn, Winnipeg, commencing at 9:00 a.m. This will be an opportunity to be updated on what farmers might expect for crop and livestock pricing, export markets, and farm income in 1987.

FarmStart program now underway

Agriculture Minister Bill Uruski has announced that Manitoba's FarmStart program is now in place.

FarmStart is designed to ease the transfer of farms from one generation of farmers to the next. It provides beginning farmers with low-cost mortgage credit and gives retiring farmers a secure income and a continued investment in agriculture.

Under the program, the Manitoba Agricultural Credit Corporation (MACC) guarantees private mortgages for the purchase of land or a farm unit, including land, buildings, machinery and livestock.

In exchange for providing the guarantee, MACC requires that vendors charge a mortgage rate that is at least 30 percent lower

than MACC's regular interest rate (on loans amortized over the same period).

The maximum size of the loan guaranteed under the program is \$200,000.

If the seller needs a substantial down payment to relocate or to pay off debts, the purchasing farmer, under the program, can apply for a direct loan from MACC in conjunction with the guaranteed loan. (The sum of the direct loan and the guarantee may not exceed \$200,000).

"FarmStart will help provide beginning farmers with a cheaper source of credit than what can be found in the marketplace," Uruski said.

"The benefit to retiring producers is that they will be guaranteed regular and stable

payments for their farms."

(Under the program, the buyer makes mortgage payments to MACC and, in turn, MACC makes guaranteed payments to the vendor.)

Purchasers taking part in the program must be at least 18 years and be Canadian citizens or landed immigrants living in Manitoba. Their principal occupation must be farming (or must become so upon taking part in the program), and their net worth must not exceed \$185,000. Vendors must have personally operated the farm being sold.

Farmers can obtain more information about FarmStart by calling their nearest MACC office.

FOCUS ON: RESPs and your child's future

by Marilyn Zarecki
Home Economist

Registered Education Savings Plans (RESPs) are one way of saving money for a child's post-secondary education. A RESP is not a tax shelter. You may not deduct your contributions from income. Your child will be taxed when he or she receives the payments out of your plan. As a student your child's tax bracket will likely be lower than yours. This will serve to reduce the taxes on the money you put aside for this purpose.

Two types of RESPs are available — pooled and self-directed. University Scholarships of Canada is an example of the pooled type. Dominion Securities Pitfield has a self-directed plan.

According to the Money Reporter, University Scholarships of Canada invests most of the planholders' contributions in a pool of five-year Guaranteed Investment Certificates (GICs). It may also invest in government bonds or insured mortgages. This plan is limited in that it must be bought before your child is 13. It matures on your child's 18th birthday, and pays out for only four years. Your contributions are protected by Canadian Deposit Insurance.

The second type of RESP available is more flexible and is

offered by investment dealers. These plans are called self-directed because you can select where you wish to invest your contributions. Dominion Securities Pitfield has one of these plans. Under their plan you choose your investment from publicly-traded securities, provincial savings bonds or deposits. You aren't limited by the age of your child. You may name more than one beneficiary from time to time. There is presently a maximum contribution limit of \$25,000.

RESPs do create a means of "forced" savings for your child's education, but according to the Money Reporter, "they aren't the best method of saving for your child's post-secondary education". First, many plans have cut-off points for registering your child, perhaps before the age of 10 to 13. Early enrollment means a smaller monthly payment over a longer period of time. Second, if you miss a payment the plan may be cancelled. Third, some plans expect the child to enroll in college or university before the age of 21, and are only valid if used in four successive years. Therefore, in order to get the full benefit of an RESP, the child must complete all four years of a program. Finally, if your child decides not to continue his/her education after high school, all the interest accumulated over the past 18 years is lost.

Financial experts, like Monica Townson, suggest using another way to pay for your child's education. Open a bank account in your child's name and deposit all the monthly family allowance cheques. Unlike transfers of other funds to children, Revenue Canada says income from this source will be taxed in your child's hands — not yours.

As soon as you have enough in the account, buy a Guaranteed Investment Certificate (GIC) which will play a higher rate of interest. You'll probably need a minimum of \$1,000.00, although some financial institutions offer GICs with lower minimums.

Your \$30.00 a month family allowance, earning compound interest at seven percent a year until the child reaches 18 will

produce a fund of close to \$13,000 by the time your child is finished high school. Then the money could be spent on education or some other purpose.

POLICE REPORT

The Alert will remain in effect indefinitely, as the police indicate the apparent necessity. There seems to be more drinking drivers now than during the holidays, so be prepared to face the consequences.

There were two impaired drivers charged over the weekend.

On Sunday evening, a 22 year old Pine Falls man was charged with impaired driving in Powerview.

At 11:00 p.m. Friday, an 18 year old Pine Falls man was also stopped and charged.

Midnight Saturday, a 16 year old girl was arrested in Fort Alexander. She was a run away from the Manitoba Youth Centre in Winnipeg. She has been turned over to the Winnipeg Police Department.

Make a good impression:

According to a recent survey, Manitoba's rural community newspapers deliver almost five 'impressions' for each copy circulated — the total number of readers multiplied by the number of times each reader refers to the newspaper while it is in their home.

Paper Kings win season series with Blues 3-1

The Lac du Bonnet Blues came to town needing a win to stay in the playoff hunt, but the Paper Kings exploded by four unanswered goals in the first period and hung on to edge the charging Blues 5-4.

The Paper Kings opened the scoring at 11:44 on a two-on-one break, when Denien Normand took a pass from Dale Lamoureux and beat the Blues' goalie with a wrist shot from the slot. Luc Lemire made it 2-0 at 15:52 when he converted a Trevor Sokoloski pass. Jamie Veilleux made it 3-0 at 16:47 from Cam Sokoloski. Hank Seagull rounded out the scoring in the first period making it 4-0, assists going to Trevor Sokoloski and Mike Osis. Starting goaltender Laurent Raymond made some good saves to keep the Blues off the scoreboard in the first period.

The Blues opened the scoring at the 6:20 mark of the second when Glen Kettles shot was stopped by Laurent Raymond, but the rebound was accidentally kicked in by Kings Trevor Sokoloski. The Blues made it 4-2 at 14:25 when Randy Gustafson scored from Mike Williams and Glen Kettles. The Kings regained their three goal margin when Dwayne Tardiff scored the eventual winner with five minutes to play in the second, the period ended 5-2 Kings.

The Blues opened the scoring in the third when Paper King goalie Laurent Raymond came out to cover a puck between the goal and the blue line, he misplayed it, and Ken Cham-

pagne picked up the loose puck and backhanded it into the open net. The Blues pulled to within one goal with 6:24 left in the game, when Laurent misplayed a puck off the backboards, it came out in front of the open net and a diving Greg Lodge luckily chipped it in the Kings' net. The Blues pressed for the equalizer in the final minutes and when they scored with less than three minutes left it looked like overtime. However the goal was disallowed because Big Jim Turner was called for interfering with Kings' goalie Laurent Raymond. The Blues successfully killed the penalty and pulled their goalie in the last minute. Laurent Raymond had the last laugh as he made a clutch save in the final second of the game to preserve the victory.

The Kings served 15 of 26 minor penalties and win the season series with the Blues three games to one.

Avery Normand was the winner of the Paper Kings \$100.00 pool.

The Kings travel to Peguis on Sunday, January 25 to battle the Mohawks and then come home for a big encounter with the Gimli Wolves on Friday, January 30.

Ex Fire Chief honoured on retirement

Bruce Hansen listens to Peter Hutchison as he reveals some of the finer points of a fireman's life. Pete was presented with an engraved silver tray from the volunteer firemen of Pine Falls as past fire chief. Inset: Willie Kemball congratulates Pete and in turn receives warm commendation from the 'old chief to the new fire chief'.

Hon. Jake Epp, Provencher MP hosts New Year's Levee

by Noreen Ostasz

The Hon. Jake Epp, Minister of Health and Welfare and MP for the constituency of Provencher, hosted a levee at the Lac du Bonnet Personal Care Home on Saturday afternoon.

On hand to meet with Mr. Epp were members of the Lac du Bonnet Girl Guides who are currently working on their citizenship badge. Besides answering questions and asking a few of his own, the Minister presented each of the girls and their leaders with pins.

The Minister and his wife, Lydia, extended new year's greetings and wishes for a prosperous 1987 as they mingled with the guests and residents as well as listening to their concerns.

One area of concern was the long wait for a definite announcement about what is to be put in at Milner Ridge. Epp outlined what the federal government has done to date, namely given the province the site for \$1.00, purchased approximately 21 prison beds at a cost of \$3,045,000.00, agreed to heat the facility until take over on April 1, at a cost of \$300,000.00 and agreed to replace some of the materials removed when the base closed, such as fire truck to come from another base when it closes.

The federal government has told the province that they could go ahead with the renovations and building program prior to the April 1 takeover if they so chose.

When the facility opens, it is estimated that the facility will provide 65-75 jobs for Manitobans, with some of the jobs going to people within the area.

At present the provincial government has not made an official announcement of its intentions, but when in Lac du Bonnet in December, Premier Howard Pawley said that the announcement would be

forthcoming.

Immigration

Another concern brought to the Minister's attention is the massive influx of illegal immigrants into this country. The Turkish immigrants arriving in large numbers have many area residents upset over Canada's immigration policy.

Epp said that Canada accepted 18,000 immigrants in 1986. With more than 11 million people around the world waiting for refugee status, the pressure to increase the numbers of legal refugees into countries such as Canada has been increasing. The federal government will always be searching for the balance between what the refugees are asking and what the Canadian people will accept.

There are two ways of controlling refugee entry and that is before they enter the country by insisting that they obtain visas and be refusing to allow those without visas to stay after they have entered.

Canada has instituted a visa system which it hopes will stem

the flow of illegal immigrants. Thirteen of the fourteen countries accepting large numbers of refugees have implemented the visa system for the same reason Canada has.

Health care costs

While everyone resists the increasing burden of taxation, increased health care costs come from an increased demand for services. Epp said that \$28 billion of the federal government's \$107 billion budget goes to health care costs. To bring the figure closer to home, Manitoba's share is \$3.9 billion.

Besides the funded health care, over 7,000 registered volunteer organizations operate in the health care field alone, providing countless other services in and out of facilities such as personal care homes.

While in Regina to explain changes to the Pension Act, Epp presented Father Larre with an outstanding service award for his contributions in health care for emotionally disadvantaged young people.

Paul Pelland elected president of U.P.I.U.

by Dess Trudell

Local 1375 U.P.I.U. held their elections for new executives in December, 1986, and the swearing in was held January 7, 1987. Most of the members have held their former positions.

They are: Paul Pelland, president; Dorian Trethart, first vice president; Richard Fenez, second vice president; Al Majeau, third vice president; Marcel Guay, recording secretary; Ken Kahle, financial secretary; and Bob Pfefferle, treasurer.

Of the union executives and members, there are those who serve on other boards as well. On

the mill council is Al Majeau; Health and Safety are Brian Berthelette, Pierre Bourgeois, and John Savoie; Pine Falls General Hospital is Guy Hutchison; and the Pine Falls School board are Richard Fenez and Bob Breton.

April, 1987 will be the end of the present three-year agreement at which time a member, still to be selected, will attend the international discussion and negotiations as Local 1375 union representative.

Other than the fact that this Abitibi-Price mill is running at seven days, there has been very little comments to add.
