REVIEW

Pine Falls • Powerview • St. Georges

VOLUME NO. 2 ISSUE NO. 35 .35¢ WEDNESDAY, MAY 13, 1987

One of the six water bombers in use at the fire in the Wallace Lake, Bissett area, moments after take off. The machinery also being used in the fight to maintain a fire break are skidders and bull dozers with operators from Abitibi-Woods, working with the skilled and experienced people of the department of Natural Resources and local woodsmen of the area.

More forest burned than cut in past decade

by **Dess Trudell**
The very unusually warm, dry spring we are experiencing this year has made for an extremely hazardous fire situation. Public awareness is in order for everyone, especially in these surrounding areas of Pine Falls and Bissett, to use caution wherever you may be travelling, working or residing. The communities depend on the forest and timber industry, and so far in the past ten years more forest has been burned than has been cut.
In the spring dry grass and warm air are the most volatile combination, and adding to this the spring burns are usually man-caused — and you have a big wasteland as a result.
There were 88 forest fires in Manitoba last week, as compared to two for the previous year in May. Other extreme years for forest fires were 1980 and 1983 where thousands of hectares of prime timber were

destroyed. To not have a repeat occurrence for this year is crucial.
There have been over 30,000 acres burning, or destroyed, at the present fire which is east of Bissett in an area southwest of Wallace Lake. This was a beautiful cottage and camping area and is now completely reduced to ashes.
Water bombers, helicopters and skidders are all working in this area, with personnel from Abitibi-Price Woods Division. There are 40-60 staff, including foremen and operators with 17 wheeled skidders, tractor and bulldozers and 1/2-tons, supporting the action of the Department of Natural Resources. There are approximately 350 men supported by the three helicopters and 4-6 water bombers. Of the Woods Department crew, half remain to work rotating shifts with fire fighting crews, and the rest return late at night by com-
See MORE FORESTS / page 2

Technical machinists from Hurlock, setting studs along the fracture on the damaged gear cover. This is a part of a dryer on the No. 1 paper machine. The technique used is called lacing, and is a cost-saving factor when the down time of the paper machine is equated in dollars.

Short shut down at the mill

by **Dess Trudell**
Abitibi-Price has had minor shut-downs before and will have them again, as major industries of this size have all experienced at one time or another. This past week was such an occasion, and repairs were an absolute necessity calling for a shut down on number one machine. The shut

down began on Wednesday and start-up began on Sunday, almost 80 hours later.
Technical machinists from Hurlock Limited of Niagara Falls, Ontario, were brought in to repair a damaged gear cover for number 41 dryer. There are 48 dryers on the paper machines. Bringing in the machinists for the "on sight repairs" saves the company thousands of dollars in down time and freight costs.
The work entailed accurately preparing slots along the frac-

tures of the gear cover and inserting metal locks or studs, or a combination of both, into the slots. These are made of a high tensile strength alloy, and are driven in with a pneumatic tool to a predetermined depth, about three quarters to one and a half inches apart, transversing the fracture. After several of these studs are tapped in, they ultimately fill the fracture with new metal. Placing studs along the cracks and working them in is a method called
See SHUT DOWN / page 2

Fire rages to the left of the road leading into the fire area near Wallace Lake and thick billows of noxious smoke filters out the sun. Over 350 men are presently fighting the fire that has destroyed over 30,000 acres of prime timber; 60-70 cottages and presents a hazardous existence or future for any living thing. The abnormally dry spring and hard driving winds that are likely to shift at any time have created an intensely crucial situation.

Trustee questions use of small schools grant

by **Noreen Ostash**
The small schools grant, negotiations, declining school enrollment and the high school review panel were on the Agassiz School Division agenda at their May 5 meeting.
Trustee Dave Fisher questioned the use of the small schools grant in the past. Some of the purchases border on the "exotic", he said, and had the board not suggested the grant be used for computers for administrative purposes, the grant would have been treated as "play money".
Only the Hutterite schools and Reynolds School have opted to use the grant money for additional human and library resources. Fisher said that the board has always provided all the staff, so the schools have been

using this money for things other than human resources. He questioned the need to provide both when an estimated amount is known to come through this grant each year.
In the past, the board has been told that there was no guarantee from year to year that the grant would be available. Now the board is being told that the money is there for the schools to use for some of the basic requests they are making.
Negotiations with the support staff have reached a critical point with the conciliation officer and Trustee Richard Rattai, chairman of the finance committee said that the board would have to decide whether or not it wanted to take a hard line and

Births

CARLSON — Pat and Kristine are proud to announce the birth of their first child **ALISHA MEAGAN** born on April 15, 1987 at 3:35 a.m., weighing 7 lb. 15 oz., 20" long. Special thanks to the nursing staff and Dr. Meckin at Pine Falls General and to Daddy for all his love and support.

CALENDAR OF EVENTS

Monday, May 25 — 7:30 p.m. in Pinawa, Dr. Ken McCrea, child behavioral modification specialist will be speaking on topics of interest to residents of Pine Falls and communities. Sponsored by the Pinawa Health Auxiliary.

Community pipe band project — All welcome, juniors and adults.

4P Festival meeting — Every first Monday of the month, 7:00 p.m., Townsite Office, Pine Falls.

Scout meetings — Every Wednesday night, 7:00 p.m.

Adult Day Care meetings — Every first Tuesday of each month, 8:30 p.m., Townsite Office, Pine Falls.

Le Petit Soleil — Parents' meeting is every third Monday, 7:30 p.m., Le Petit Soleil, St. Georges Community Centre.

Three Bears Day Care board of directors meeting — First Wednesday of every month.

Pine Falls Public Library — Open Mondays and Thursdays, 7:00 - 8:00 p.m., Pine Falls School. Come out and borrow some books!

Allard Library — Open every Tues., Wed., Thurs. and Fri. 1:00 - 4:30 p.m.; Wed and Thurs. 6:30 - 8:00 p.m.; and Sat. 10:30 a.m. - 12:30.

Winnipeg River Historical Project — Every second Wednesday, 7:00 p.m., St. Georges Allard Library.

Winnipeg River Lions Club — Every second Wednesday of the month, 6:30 p.m., St. Georges Community Club. Supper meeting.

Bappige lessons — Every Wednesday evening, 6:00 - 7:00 p.m., Pine Falls School, by Pipe Master Bill MacLeod.

Wednesday, May 27 — 7:00 p.m. Three Bears Day Care general meeting. Fall registration will follow the meeting. Refreshments will be served.

Cribbage tournament — Second Sunday of every month, 7:00 p.m., Senior Citizens' Club. Everyone welcome.

Winnipeg River Lions Club — Every fourth Wednesday, 6:30 p.m., St. Georges Community Club.

Manitou Rapids Arts Council — Every second Monday of the month, 7:30 p.m., Townsite Office, Pine Falls.

Pine Falls Horticultural Society — Every first Tuesday of the month, 7:00 p.m., Golden Leisure Club, Pine Falls. Everyone welcome.

Winnipeg River Women's Institute — Every third Tuesday, 7:00 p.m., Library Allard, St. Georges. Everyone welcome.

Lazy Lopers 4-H Club — Every fourth Tuesday, 7:00 p.m., Library Allard, St. Georges. Everyone welcome.

Cribbage tournament — First Monday of every month, 1:30 p.m., Golden Leisure Club, Pine Falls.

Pine Falls Health Auxiliary — Every fourth Tuesday of the month, 2:00 p.m., Pine Falls General Hospital board room, Pine Falls.

Brownies and Girl Guides — Every Thursday, United Church Hall, Pine Falls.

Great Falls Women's Institute — Every first Thursday of the month 7:30 p.m., Great Falls Hall.

More forest burned than cut in past decade

continued from page 1

muter bus and trucks. They start out each morning at 5 a.m. and those at the camps begin at 6 a.m. It is a desperately exhausting period as they fight to control the fire which is destroying thousands of dollars worth of prime timber stands, and which is threatening the camp and vacation areas. Acres of the forest and natural habitat of the wild life have been destroyed, upsetting the ecological network we all depend upon.

We view a forest fire with alarm — we here, who depend upon it for our livelihood. The residue after a fire has soared through leaves charred timber which might be used for saw logs, if there is an access road into the area and the damage was not so bad — but mostly what remains is non-useable. Such a waste!

Because there hasn't been any noticeable rainfall, lightning cannot be blamed for all the fires in Manitoba this spring.

Glen Pinnell, logging superintendent of Abitibi-Price Woods, explained that basically spring fires are man-caused, due to grass and stubble burning and carelessness. In the fall it results mainly from lightning unless the situation remains extremely dry and potential risks remain the same. It is necessary for people to be aware of the high fire hazards and use extreme caution. Small grass fires tend to run away with the slightest breeze. We've had very high winds which have added to the problems.

Woods manager Dave Chown

The devastation of the burned out forest can best be described as similar to a holocaust. The dollar value would be in the 108 to 110 million dollar loss as related to the forest product industry. With thin soil coverage destroyed as well, reforestation would be almost non-existent in much of the burned areas.

said the acreage that Abitibi-Price would have soon harvested has been destroyed. This amounted to 108 to 110 million dollars in revenue. What would have taken 8-10 years to harvest was burned in less than a week. Eventually, harvesting supplies of timber will become that much more expensive for the company, as it puts the mill at some distance from a ready supply in the next few years. Access roads will be built to newer areas, but it sets the whole process of reforestation back. The ground cover in this burned-out area was pretty shallow and the soil was burned to the bedrock. Most times after a fire the natural process of reforestation begins on its own. This won't be possible here. Abitibi-Price is presently harvesting timbers in the Euclid Lake area which had been saved

Shut down at the mill

continued from page 1

stitching or lacing, and enables the particular pieces of machinery to be put into use in a relatively short time. The extent of repair work involved welding, and a combination of Hurclouck and Hurclouck machining techniques, devised by the founder, Bill Scott.

Repairs to equipment and machinery, such as the gear cover, prevents not only down time for the company, which is dollars down, but also prevents a total write off and many days waiting for a new piece of equipment to be ordered, arrive, be installed and start up again.

The Pine Falls Abitibi-Price mill is seldom down for long.

Card of Thanks:

Many thanks to all those who have contributed in one way or another in organizing the beautiful celebration of the 25th anniversary of my ordination to the priesthood, which took place at Powerview Church on Saturday, April 25.

A special mention goes to the many anonymous organizers who did the planning so discreetly and efficiently, to the choir for the excellent performance, to Mrs. J. Coulombe for the delicious and plentiful meal, to the neighboring priests in the concelebration of the Eucharist, to the servers, to the Ladies' Auxiliary for their generous donation, and to the parishioners for their love and wonderful present.

To one and all, blessings and heartfelt gratitude for their dedication and many prayers on this occasion of my Silver Jubilee.
Fr. Paul E. Boisjoli

from the fire in 1983.

"Volunteer fire fighters showed immediate response to this situation," said Chown "and it is gratifying to see the support they have willingly given to the conservation's fire fighters who are working to protect their livelihood."

Department of Natural Resources conservationist, Tom Mirus at Bissett, said the fire was east of Bissett and far enough away from the town so there was no immediate danger. A shift in the winds could change things. Friday was the severest and most crucial time with the extremely high temperature and high winds. The fires make their own wind as well, and fires explode all over the forest with the sparks blown before the hot wind. When the winds shifted on Friday it created a wall of fire which engulfed Wallace Lake and destroyed 60-70 cottages.

Fire fighters and operators had built a fire break but nothing could hold that fire back, and the men were evacuated. There are no injuries reported at this time; two skidders owned by the company and one owned by George Sabot were burned.

Reports from Tom Mirus at Bissett are that Beresford Lake is being held, and Long Lake so far is safe. Restrictions are to remain on the roads and uncontrolled travelling would not be recommended. People must respect the

hazardous situation and stay away from the back country and camp areas. This would eliminate potential problems for those working on our behalf.

The people overseeing the fire fighters movement, cooling down the burned-over areas, and maintaining fire watches agree that the scene is one of desolation, likened to a nuclear accident. The merest rainfall experienced early Tuesday morning is barely noticed. What is needed in a heavy downpour to assist the exhausted fire fighters.

So far reports of clouds with possible rain is all that is forecast. As a result, this is the driest spring on record and may well continue for some while. With conditions remaining critical, it's going to be a long... hot... summer!

Three Bears Day Care will hold their

THE BOOK NOOK

by B. Jubinville

During the National Book Festival Week, the author Mr. George T. Lalor visited the Powerview and Pine Falls schools. We are now proud to announce the winners of the book draw in Powerview: Joel Bouvier, Norman Jubinville, Joey Smith, Nancy Fontaine, Lynn Morissette, Kevin McNeil. Pine Falls School winners: Danielle Fenez, Shelly Rodych.

Congratulations to all.

The Allard Library has received a block of teens and junior fiction books from the Lac du Bonnet Library, also a few new westerns.

May 3-9 was National Forest Week. When one hears about the forest fires surrounding our areas one wonders if we really realize the wealth that is going up in flames, down to ashes.

Over 5,000 products can be made from wood, naming a few, lumber, pulp, paper, furniture, cellophane, shatter-proof glass, moulded plastics, adhesives and animal food stock. Each year many trees end up as rayon shirts, dresses, knits and even furniture upholstery.

Did you know a suction pump can move water no higher than about 9.75 metres (32')? Yet in a Douglas fir, nature can carry sap 80 metres (262') upwards with no problem.

An acre of trees can remove about 13 tons of dust and gases every year from the surrounding environment. Some call our forest the green gold, rightly so.

Bird's Hill or bust!

Standing in front of their newly acquired tent are just a few of the Brownies who will be enjoying their spring camp at Bird's Hill Park in June. Presenting cheques to the girls are Bill Watson on the left and Al Majeau and Paul Pelland, on behalf of the mill council. Left to right: Bill, Katrina, Rebecca, Cassandra, Vanessa and Derna Watson, Al and Paul. Both cheques were a generous \$175.00.

ENERGY CORNER

Use the proper extension cord

Extension cords can be very handy devices around the home. There are, however, some things to consider when you use extension cords.

The most important point to remember is that extension cords are for temporary use only. If you find yourself using many extension cords in your home, it might be an idea to check the wiring to be sure it is adequate for your needs.

If you need to use an extension cord, be sure that it is the proper size. To determine the correct size, first check the nameplate of the electrical product for its ampere rating. Then be sure that the rating is not higher than the extension cord rating, which you will find on a small label wrapped around the cord. If the product ampere is too high, the cord will be overloaded.

If you have an appliance with a polarized plug (one blade wider than the other), make sure the extension cord is also polarized. If it is not, the slots will be too small to accept the wider blade.

Never run a cord under a rug or carpet, or drape it over a hot surface. Never coil a cord when it is in use. Remove all ties and wrappings from a new cord before using it.

Again, never use an extension cord to replace building wires. An extension cord is not intended to be drawn through walls.

For more information on electrical safety, contact your local Manitoba Hydro representative.

Card of Thanks

Thanks to many people, the Brownies are now ready for spring camp June 5, 6 and 7 at Bird's Hill Park.

The Brownies worked hard fund-raising all year (bottle drives, cookie sales and bake sales) and were able to purchase four tents. Thanks also to the mill council and Bill Watson, they were able to purchase two more tents.

Thanks also to people like Paul and Jeanette Alarie who donated a camp stove and stand, and to The Bay store for allowing the Brownies to sell baking there last Saturday. Also all the parents who donated baking and/or cash for the sale.

It is Bird's Hill or bust, now!

OTHER OPINION:

Feds should be careful

The federal government's ban on tobacco advertising and promotion is going to hurt more than the tobacco companies.

It is not difficult to agree with the federal government that advertising of tobacco products is encouraging non-smokers to smoke. It is equally easy to understand that smoking and smoking related illnesses are major problems for our health system. We can therefore agree that it is senseless to spend millions to repair the ravages of tobacco if nothing is going to be done to stop the advertising of tobacco products.

Sports and arts are going to be the big losers when the tobacco companies are forced to keep their corporate profits in their back pockets. Every business in the world can differentiate between advertising and promotion.

Advertising is direct sell of a product, service or image. To promote means to help grow and develop and achieve success. Locally, businesses promote sports, both minor and adult. Hockey, ringette and baseball all benefit locally when business people promote their town.

When the government bans the promotion by the tobacco companies they virtually close the door on millions and millions of dollars set aside for the arts and sports. It is pretty difficult to imagine that because the name of Du Maurier is seen in conjunction with the Winnipeg Ballet, several dancers decided to start smoking.

The government should back off before they do some real damage. After all, if Oral Roberts can take a million-plus from some joker who owns a race track, a few million from the tobacco industry can't be all bad.

NEIGHBORLY NEWS

by Fred McGuiness
Box 1020, Brandon R7A 6A3

Bureaucracy is a giant mechanism operated by pygmies

It's time for a little target practice.

What I'm gunning for today are those faceless souls who seem to mess up our lives, to wit, the bureaucrats.

This is a force of unbelievable power. Mysterious are their ways. They appear to be non-accountable. When they perpetrate a giant screw-up, you never hear of discipline being weighed out. And there's one thing more; it grieves me to think that the public service may be Canada's only growth industry.

As a subject, they've occupied the attention of the thinkers over recent centuries. I shall not burden you with a whole bunch of quotations, when one is so clearly superior that it will suffice. It's now 150 years since the French author Honore de Balzac said that, "Bureaucracy is a giant mechanism operated by pygmies." I like that.

A couple of months ago when I was prattling away on one of my favorite topics, community enterprise, I saluted the Kinsmen of the Pas for their shop-at-home promotion. They had a raffle with a difference; first and only prize was \$10,000 worth of credit, good only at local stores.

Well, it was won by a student. He's taking training under a student-aid program. As soon as he was announced as the winner of the raffle, his student aid was

cancelled. This argument is by no means settled, and could end up in court. The *Opasquia Times* of The Pas says that the federal government "does not consider lottery winnings to be earnings for unemployment insurance purposes," which raises an obvious question, why call them earnings in the case of a student under subsidy?

Anyway, we've got bureaucracy rampant, and more of us are going to have to scream to legislative members and MPs to bring things under control.

Another bureaucratic bungle has to do with the age of your postmaster. If I read the current announcements correctly, many of these popular local fixtures will be replaced at time of retirement.

What bothers me is the suggested replacement service. Say, for example, your post office is closed, and the service is transferred to the general store. This now puts the merchant in charge of your mail. When he or she hands out your incoming cheques, you may get a sharp reminder about an unpaid account. Does this bother you?

Some of our editors have become clearly ambivalent on the subject of public service. At Minnedosa the *Tribune* does a then-and-now story. Then, 20 years ago, public employment was rare, and outlets for autos and implements flourished. In the interim there's been a reversal.

At Herbert the *Herald* ponders the fate of 2,000 provincial employees about to get the gate. It asks if keeping them on unemployment insurance is really that much different from keeping them in their departments. Surely the answer to this must be yes. When they find employment in the private world they may help to create some new wealth, which is what the system requires most.

You can expect some fancy footwork from the editors on the subject of cutbacks in the public service. They all want lower taxes, but if anyone has to lose a job, then let it be in some other town, please.

May is speech and hearing month

Beatitudes for friends of the handicapped

Blessed are you who take the time to listen to difficult speech, for you help me to know that if I persevere, I can be understood.

Blessed are you who never bid me to "hurry-up" or take my tasks and do them for me, for often I need time rather than help.

Blessed are you who stand beside me as I enter new and untried ventures, for my failures will be outweighed by the times I surprise myself and you.

Blessed are you who asked for my help, for my greatest need is to be needed.

Blessed are you who understand that it is difficult for me to put my thoughts into words.

Blessed are you who with a smile encourage me to try once more.

Blessed are you who never remind me that today I asked the same question twice.

Blessed are you who respect me and love me as I am, just as I am, and not as you wish I were.

My arts, books and dogs

by Doris M. Thomas
Powerview, Man.

The interests of life vary. Mine is the arts, books and dogs. Not necessarily in that order. My Ginny was my everyday friend.

She was never away from me Nor I from her. I trained her, fed her, and most importantly, I loved her.

My art is my love. I paint. I understand the frustrations, Involved when I cannot paint. The patience I need to put into my Canvas, when I can paint. The pleasure I feel When my canvas is finished.

My books are my written friends. I have been to many countries Without leaving my home. I can feel sorry for the heroine Or mentally censor the villain. I can choose my authors Or take pot-luck, I enjoy.

Special camp needs funds

Lakeside Camp at Gimli is a very special camp. It serves children and adults with disabilities. Lakeside is the only camp in Manitoba that can provide the necessary medical and personal support required by people with special needs.

Because of those important services, Lakeside costs more than many families can afford. Please help send a child or adult to camp for a summer vacation they'll never forget.

Give to the Lakeside Camp - Campership Fund. Call the Society for Manitobans with disabilities at 786-5601 today.

Forests for the future is theme of Forest Week

"Forests for the Future" is the theme for Forest Week 1987 being celebrated in Manitoba this May.

Natural Resources Minister Leonard Harapiak said the theme reinforces the importance of reforestation by both government and industry to ensure that a healthy forest remains for our future generations.

"We encourage all Manitobans to pick up a free Scotch Pine seedling at their local mall where the Forest Week is being celebrated, and to plant it with the thought of reforestation in mind," the minister said. He noted that Scotch Pines although not commercially grown in Manitoba, are hardy, grow fast and provide a beautiful ornamental tree for yards.

Focus on:
Keeping track of small expenses
 by Marilyn Zarecki
 Home Economist
 268-1411

To keep a small amount of "walking around" money in your pocket or purse to pay small bills or purchases, write out a cheque for, say \$100.00, and cash it. Put it in your wallet and when you are running low, gather up all the receipts and small bills you have paid. Add them up and staple them together with the tape from your adding machine. Then write out a cheque to yourself for the amount of the bills and receipts. This way you will have "operating money" and an accurate record of where you spent it.

Don't lose those small bills or receipts? They add up fast and you can't claim them as expenses or claim the refund on provincial taxes paid on farm items unless you have those receipts!

If you don't have an adding machine that prints out an itemized list and totals on paper, you might consider buying one. They come in very handy on the farm or in the household. The purchase of one goes under "miscellaneous" in the expenses section and should be described as office equipment.

Did you know that: most people believe they are entitled to return merchandise to the place of purchase for a refund or exchange, but they're not. In most cases, sales are final. Always ask about a store's refund and exchange policy before purchasing a product. Unless the merchandise is defective, refunds and exchanges are a matter of store policy.

When purchasing a gift, remember to ask about the store's policy regarding refunds and exchanges on returned items.

Did you know

submitted by Great Falls Women's Institute
 There is a Safe Home in Lac du Bonnet for abused wives. Call the RCMP at 345-8685 or 345-8686, or Zenith 50,000 and you will be escorted to safety.
 There is also a 24-hour toll free Crisis Line 1-800-362-3344. This number will not appear on your telephone bill.

Great Falls bowlers host awards night

by Des Trudell

The 20th annual Great Falls banquet and awards night was held on May 2, at the community hall. The banquet and presentation of awards was followed by a fun evening of dancing to the music of the Dawson Trails Echoes.

Presentation of awards was the highlight of the 1986-87 bowling season. Bill Hladki presented the first trophy to the grand aggregate league champs as well as individual trophies, and the following is a list of all winners. Perfect attendance awards were also given to players.

League champs — Elaine

Thomas, Terry Thomas, Donna Boyer, Norma Johannson and Claudette McLeod.

League runners up — Myrna Skoglund, Doreen Champagne, Alice Meade, Winnie Levstek and Wes Jansson.

Roll off champs "A" — Bill Hladki, Alan Pepin, Susan Pepin, Doris Hladki.

"A" division runners up — Bev Oxenforth, Yvette Anderson, Joyce Lamb, May Scott and Gordon Scott.

Roll off champs "B" — Alex Thomas, Shirley Cyr, Ari Cyr, Carol Blatz and Kelly Blatz.

"B" division runners up — Karen Davis, Erika Bracken, Darrell Bracken, Rae Bristow

and Al Bristow.

Team high triple, 3605 — Mike Osadchuk, Eve Bennington, Carol Nilsson, Art Meade and Don Grabowski.

Team high single, 1363 — Bill Hladki, A. Pepin, Susan Pepin, Janice Pepin and Doris Hladki.

High average — Kevin Nally 227, Wes Jansson 227, Shirley Cyr 217.

High average runners up — Kelly Blatz 209, Terry Thomas 197, Bev Oxenforth 197.

High triple — Wes Jansson 837, Shirley Cyr 834.

High triple runners up — Kevin Nally 814, Nicki Nissen 767.

High single — Wes Jansson 337, Shirley Cyr 321.

High single runners up — Bud Monkman 310, Don Grabowski 310, Laurie Postnicks 308.

Most improved player — Bill Huculuk and Doris Hladki.

Last place team — Laurette Sundstrom, Annette Papineau, Rose Fomaine, Jean Lavioie and Lucie Caya.

300 and over games — Wes Jansson, Shirley Cyr, Bud Monkman, Don Grabowski, Laurie Postnicks, Kevin Nally, Harvey Zeckel, Sheila Bonkowski, Bev Oxenforth and Wayne Carriere.

Shirley Cyr played on the "B" division champion team and cleaned up a few individual trophies as well, winning ladies' high average, high triple, highest single and 300 and over game.

Wes Jansson and Kevin Nally accept their individual plaques and the trophy for men's high average presented to them at the Great Falls 20th annual bowlers' banquet and awards night.

Great Falls bowling grand aggregate champs are (left to right): Donna Boyer, Claudette McLeod, Terry Thomas, Norma Johannson and Elaine Thomas. Each received individual trophies with Terry Thomas collecting an award for ladies' high runner-up.

League runners-up were (left to right): Alice Meade, Winnie Levstek, Wes Jansson, Doreen Champagne and Myrna Skoglund, all from the Lac du Bonnet area. Wes also took men's high average, high triple and over 300 game.

"A" division roll-off champs were (left to right): Alan Pepin, Susan Pepin, Bill and Doris Hladki and Jan Pepin (missing). This team also won the team high single, and Doris an individual award for most improved player at Great Falls bowling awards night.

"B" division roll-off champs (left to right): Ari Cyr, Carol Blatz, Shirley Cyr, Kelly Blatz and Alex Thomas. Men's high average runner-up awarded to Kelly as well.

NOTICE OF PUBLIC HEARING

Application by the Consumers Association of Canada (Manitoba), the Manitoba Society of Seniors, and seven individual users of power for a review of the price or prices charged for power by Manitoba Hydro.

NOTICE IS HEREBY GIVEN that the Public Utilities Board (the Board) has received an application from the Consumers Association of Canada (Manitoba), the Manitoba Society of Seniors and seven individual users of power (the Applicants), pursuant to Section 39(4) of the Manitoba Hydro Act:

- i) To review the price or prices charged for power by Manitoba Hydro effective April 1, 1986 and April 1, 1987.
- ii) To have the terms of Public Utilities Board Order No. 56/85 amended Guidelines concerning the awarding of Costs to intervenors apply to the Section 39 rate review proceeding a copy of Order No. 56/85 is available from the secretary of the board.

By Order No. 78/87, the board has determined that the scope of the hearing to be conducted in this matter will include a review of Manitoba Hydro's revenue requirements, rate design, cost of service and system performance. The board has also established Minimum Filing Requirements for information to be provided to the board by Manitoba Hydro. Further particulars of the application, the scope of hearing, and the Minimum Filing Requirements may be obtained from the board's secretary.

All persons, firms or corporations wishing to intervene in this application and to participate in the examination of witnesses, to provide evidence, or to make submissions are requested to make their intentions known by appearing at a pre-hearing meeting to be convened by the board at the board offices, 1148 - 405 Broadway Avenue, Winnipeg, Manitoba (The Woodworth Building) on Monday, the 1st day of June, 1987, at the hour of 10:00 a.m.

All those parties who intend to intervene, together with the representative of the applicants, should be present at the pre-hearing meeting. The purpose of the pre-hearing meeting is, amongst other things, to identify the intervenors and the reasons for intervention, to establish a timetable for the orderly exchange of information and to provide an opportunity for intervenors to cooperate.

For the purpose of this hearing, an intervenor shall be a person who intends to participate in full hearing, to cross-examine witnesses and, at their option, introduce testimony and lead evidence.

Parties who merely wish to address the board or present a brief will be known as presentors and shall not have to be present at the pre-hearing meeting, but in accordance with the notice, should advise the secretary of the board of their intention to appear.

Pursuant to Section 39(8) of the Manitoba Hydro Act, the board may define the status and rights of any intervenor and may confine the public hearing to matters within the scope of the hearing, as established by the board.

AND FURTHER TAKE NOTICE that the applicants intend making a motion to the board at the pre-hearing meeting to have the matter relating to Part (i) of their application decided by the board as soon as possible. The board will hear argument with regard to this matter at the pre-hearing meeting.

The time, date and place of the public hearing into the application will be established by the board at the pre-hearing meeting. Publication of the said time, date and place of the public hearing will be made in the same newspapers in which this notice has been published.

After conducting the public hearing and receiving evidence and submissions in respect of the application, the board is required under the Manitoba Hydro Act to make a report to the Minister, which shall include the board's recommendations as to the prices that should be charged for power supplied by Manitoba Hydro and the reasons for the said recommendations. Thereafter the report shall be referred to the Lieutenant-Governor in Council for its consideration and any directions which might be given to Manitoba Hydro with respect to the prices to be charged for power in Manitoba.

DATED this 4th day of May, 1987.

G. O. Barron, Secretary
Public Utilities Board
Province of Manitoba

**Manitoba

Northeastern Fastball League preparing for season, starts May 26

The Northeastern Fastball league has begun preparations for another season.

This season the league will consist of seven teams: Lac du Bonnet Flames, Victoria Beach Bandits, Hollow Water Panthers, Hole River Phillies, Fort Alexander Steelers, Pine Falls Cardinals.

Three teams have opted to drop out for various reasons.

The season begins on May 26 and ends in late August.

The new executive for 1987 was elected at a meeting on April 25: president — Gilbert Nault, Pine Falls; vice president — Lorne Anderson, Victoria Beach; secretary — Danny Nault, Pine Falls; treasurer — Denten Normand, Powerview; statistician — Danny Nault.

Following is a schedule for all games, including play-off dates, so cut it out and keep it and follow your team through its season.

Northeastern Fastball League 1987 schedule

Tuesday, May 26 — H.R. Panthers at F.A. Steelers, F.A. Raiders at H.R. Phillies, Pine Falls at Victoria Beach, Bye — Lac du Bonnet.

Tuesday, May 28 — F.A. Steelers at F.A. Raiders, H.R. Phillies at Pine Falls, Victoria Beach at Lac du Bonnet, Bye — H.R. Panthers.

Tuesday, June 2 — H.R. Panthers at F.A. Raiders, F.A. Steelers at H.R. Phillies, Lac du Bonnet at Pine Falls, Bye — Victoria Beach.

Thursday, June 4 — Pine Falls at H.R. Panthers, F.A. Raiders at Victoria Beach, H.R. Phillies at Lac du Bonnet, Bye — F.A. Steelers.

Tuesday, June 9 — H.R. Panthers at H.R. Phillies, Victoria Beach at F.A. Steelers, F.A. Raiders at Lac du Bonnet, Bye — Pine Falls.

Thursday, June 11 — Lac du Bonnet at H.R. Panthers, F.A. Steelers at Pine Falls, H.R. Phillies at Victoria Beach, Bye — F.A. Raiders.

Tuesday, June 16 — H.R. Panthers at Victoria Beach, Lac du Bonnet at F.A. Steelers, Pine Falls at F.A. Raiders, Bye — H.R. Phillies.

Thursday, June 18 — F.A. Steelers at H.R. Panthers, H.R. Phillies at F.A. Raiders, Victoria Beach at Pine Falls, Bye — Lac du Bonnet.

Tuesday, June 23 — F.A. Raiders at F.A. Steelers, Pine Falls at H.R. Phillies, Lac du Bonnet at Victoria Beach, Bye — H.R. Panthers.

Thursday, June 25 — F.A. Raiders at H.R. Panthers, H.R. Phillies at F.A. Steelers, Pine Falls at Lac du Bonnet, Bye — Victoria Beach.

Tuesday, June 30 — H.R. Panthers at Pine Falls, Victoria Beach at F.A. Raiders, Lac du Bonnet at H.R. Phillies, Bye — F.A. Steelers.

Thursday, July 2 — H.R. Phillies at H.R. Panthers, F.A. Steelers at Victoria Beach, Lac du Bonnet at F.A. Raiders, Bye — Pine Falls.

Tuesday, July 7 — H.R. Panthers at Lac du Bonnet, Pine Falls at F.A. Steelers, Victoria Beach at H.R. Phillies, Bye — F.A. Raiders.

Thursday, July 9 — Victoria Beach at H.R. Panthers, F.A. Steelers at Lac du Bonnet, F.A. Raiders at Pine Falls, Bye — H.R. Phillies.

Tuesday, July 14 — H.R. Panthers at F.A. Steelers, F.A. Raiders at H.R. Phillies, Pine Falls at Victoria Beach, Bye — Lac du Bonnet.

Thursday, July 16 — F.A. Steelers at F.A. Raiders, H.R. Phillies at Pine Falls, Victoria Beach at Lac du Bonnet, Bye — H.R. Panthers.

Tuesday, July 21 — H.R. Panthers at F.A. Raiders, F.A. Steelers at H.R. Phillies, Lac du Bonnet at Pine Falls, Bye — Victoria Beach.

Thursday, July 23 — Pine Falls at H.R. Panthers, F.A. Raiders at Victoria Beach, H.R. Phillies at Lac du Bonnet, Bye — F.A. Steelers.

Tuesday, July 28 — H.R. Panthers at H.R. Phillies, Victoria Beach at F.A. Steelers, F.A. Raiders at Lac du Bonnet, Bye — Pine Falls.

Thursday, July 30 — Lac du Bonnet at H.R. Panthers, F.A. Steelers at Pine Falls, H.R. Phillies at Victoria Beach, Bye — F.A. Raiders.

Tuesday, August 4 — H.R. Panthers at Victoria Beach, Lac du Bonnet at F.A. Steelers, Pine Falls at F.A. Raiders, Bye — H.R. Phillies.

All postponed games must be made up by August 9. Playoffs will begin on August 10. Dates are — semi-finals: August 10, 11, 13, 17, 18; best of five. Finals: August 20, 24, 25.

27, 31, September 1, 3; best of seven.

Top four teams will make playoffs — 1st place vs. 4th place, 2nd place vs. 3rd place. **Hole River Panthers** — John Bushie, Wanipigow, ROE 2E0, 363-7447 or 363-7278.

Hole River Phillies — Ken Moneyas, Wanipigow, ROE 2E0, 363-7419; Dan Moneyas, Wanipigow, ROE 2E0, 363-7350. **Fort Alexander Braves** — Gary Swampy, Box 909, Pine Falls, ROE 1M0, res. 367-8925, work 367-2287.

Lac du Bonnet Flames — Paul Chapman, Box 445, Lac du Bonnet, res. 345-2229, work 345-2431; Carl Nilsson, Box 1198, Lac du Bonnet, res. 345-8167, work 345-8658.

Fort Alexander Steelers — Leslie Dore, Box 345, Pine Falls, ROE 1M0, 367-2000; George Abraham, Pine Falls, ROE 1M0, 367-2758.

Victoria Beach Bandits — Lorne Anderson, Victoria Beach, 754-2460; Denis Danwich, Traverse Bay, 754-2665.

Pine Falls Cardinals — Gilbert Nault, Powerview, ROE 1P0, res. 367-8822, work 367-8013; Danny Nault, Box 694, Pine Falls, ROE 1M0, res. 367-8013, work 367-8786.

Community news

by Dess Trudell

At Powerview School on May 7 the annual open house spring tea and bake sale was a very successful day. The multi-purpose room was decorated with the art work and displays of the primary grades with roses blooming on boughs and trees which gave the tea room a spring-like look.

Pouring at the main table were Madeline Guay and Yvonne Dube and high school students served the tea and dainties to individual tables, which were decorated with centre pieces of vases and sprays of blossoms made by the students. Crafts, baking and art display tables in the outer hall were well attended adding to the overall success of the event.

Next week's issue will have the write-up and pictures of the Pine Falls bowling league — so watch for them.

A social evening and a shower were held for Roddy Geer and his fiancée Francine Yolkowski at the Powerview Arena and Pine Falls on the weekend. It was a chance for his friends and family to meet his bride-to-be. His mother Shellagh, sisters Moira, Camella and Ross Bosina and children attended the events. The young couple returned to Ontario with many good wishes and gifts.

In last week's paper it was erroneously reported Mr. Ed Shaw was the widow of Mr. Jack Shaw. She is the wife of Mr. J. Shaw, who was an employee of the Pine Falls Abitibi-Price mill, since retired. Sorry for any embarrassment this may have caused.

The Winnipeg River Historical Project meets tonight, Wednesday, May 13 at 7:30 p.m. in the Library-Allard reading room.

RECREATION NEWS and VIEWS

by Peggy Boyle

367-2533

This past week saw me experience my first golf game of 1987. What an experience it was, as I picked the best day to try golfing, 90 km winds and 33°C temperature. As if that wouldn't be enough to throw off my "perfect" game, there were mosquitos! I don't understand how those pesky little suckers hang on in the wind.

If you happen to see someone on the golf course in the bushes swinging madly away — it is not someone trying to net butterflies — but just me as I go from rough to rough. I think it has something to do with my alternating slice and hook! The thing that keeps me going is that one shot the moment you hit it, you know it will be great. That may only happen once in nine holes, it's the other 55 shots that feel awful and look awful.

On with the news!

Would you like to be "crafty"?

The Craft Guild of Manitoba is offering rural Manitobans the opportunity to participate in local workshops that are instructed by someone from the guild. Workshops available include: off loom weaving, basketry, crochet, crewel, corn dollies (wheat weaving), knitting, hooking, pottery, pressed flowers, soft sculpture, tatting, weaving, quilting and finally, twining (weaving — no aids).

The Craft Guild asks for a minimum of ten people and maximum of twenty people to hold the workshop.

If you or a group are interested in any of these workshops, contact the recreation office and we will set it up for you.

"Two-Love" or not "Two-Love" — Saturday - Sunday, May 23-24

Are you confused by this? If not, you could likely help those who are. A tennis instructor's clinic will be held on Saturday, May 23, Sunday, May 24 from 10:00 a.m. - 4:00 p.m. each day at the Steinbach Tennis Club. In order to qualify for this clinic you must possess a National Coaching Certification Program Level 1 Theory or be a physical education graduate.

Registration fee is \$15.00 and must be mailed to the Manitoba Tennis Association, 1700 Ellice Avenue, Winnipeg, Man. R3H 0B1.

St. John's Ambulance — Saturday, May 30

This one day emergency first aid course will be held at Manitou Lodge. The instructor will be Mrs. Sharon Coote. Registration must be in on or before May 20. To register contact the recreation office 367-2533. Cost will be available as soon as it becomes available to me.

Pine Falls pools

Attention all local, budding "Victor Davis's" — the pool committee is setting up swim lessons for three and four year old swimmers. But be cautioned Mom — you must be willing to jump in the water with the little ones. Lessons will be run from 11:30 a.m. - 1:00 p.m. for half an hour beginning early June.

If you are slightly older, seniors are being invited to swim from 3:00 - 4:00 p.m. Mondays, Tuesdays, Thursdays and Fridays.

If you would like some spirited competition, inner-tube basketball will be offered Saturday nights for 8-15 year olds and Sunday nights for over 16 years.

Scrub it till it shines

The PFRA playground committee had a sunny day for their fund-raising car wash. It turned out to be a mostly family affair. The little guys were "helpful" and the big guys did mighty fine too. With the weather and the public being co-operative, the association should have a profit for the playground.

New driver, vehicle licensing fees

A new fee schedule for licensing of drivers and vehicle registration has been announced by Highways and Transportation Minister John Plozman.

Details of the fee increase for drivers' licenses, vehicle registration, driver records (abstracts), and copies of accident reports were provided by the minister during review of the 1987-88 Highways and Transportation spending estimates. The fee increases are expected to generate an additional \$9.3 million annually.

The increases are:
Driver license fee — current fee \$7, new fee \$9, as of July 1,

1987;
Drivers' abstracts — current fee \$2, new fee \$3, as of July 1,
Copies of accident reports — current fee \$2, new fee \$5, as of July 1, 1987;

Vehicle registration fee — current fee various, new fee various, as of March 1, 1988.

"Registration increases are calculated on a slicing scale — the bigger the vehicle the bigger the increase. For 76% of the passenger vehicles registered in the province, the registration fee increase will be \$18 or less," said Plozman.

A 1985 comparison of passenger car registration fees

shows Manitoba's rates are among the lowest in the country. The average fee for passenger cars ranged from \$21.60 in Manitoba to \$57.10 in Quebec.

The latest revenue statistics available from 1983-84 show Manitoba's registration fees generate the second lowest in revenue per motor vehicle of any province, the minister pointed out. The average revenue per motor vehicle registration was \$44.38, far below the average provincial revenue of \$75.79. In Saskatchewan, the average revenue per vehicle was \$77.46.

Agassiz board meets

continued from page 1

brace itself for a strike. Further discussions were held in camera.

Salary settlements are coming in slightly above and below three percent. The Whiteshell School District has decided to go with the median of the first five Winnipeg divisions and the first two Interlake divisions. Board chairman Bob Gmitroski wondered why they did not go with provincial bargaining.

The monthly enrollment survey shows that student numbers have declined steadily all year from 2821 in September to 2755 as of the end of April. Only one sector showed an increase and that was one extra student in French Immersion in Powerview. The declines in Lac du Bonnet Senior School, Whitmouth and Powerview English sector do not correspond with the completion of the first semester. No explanations were given.

Board members showed almost no interest in the high school review panel which was holding a hearing in Selkirk on May 6 and will be holding another in Steinbach on June 12. The review panel is considered an important bench mark in secondary education in the province and when Trustee Fisher asked if anyone had considered submitting a brief, he hardly rated the cursory grunts usually accorded such suggestions.

When JM Schneider first started making luncheon meats back at the turn of the century, he set down one simple rule: Only quality ingredients could go into JM Schneider luncheon meats before he would put his name on them. And like all of JM's rules, it's been followed to the letter ever since. Today, Schneider's luncheon meats are still made with the finest quality cuts of meat, naturally smoked and carefully spiced to Schneider's own recipe. Maybe that's why, after ninety six years, people still keep coming back for more. With all Schneider's products, you can still taste the difference quality makes.

General meeting May 21, 1987, 7:00 p.m.

UNDER THE PLANNING ACT NOTICE OF PUBLIC MEETING REGARDING BY-LAW 845

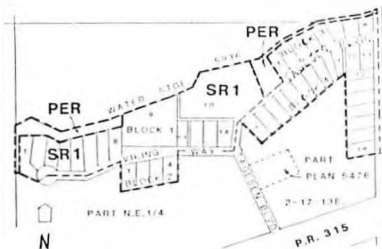

The Council of the Local Government District of Alexander under the authority of The Planning Act will hold a PUBLIC MEETING at the office of the District at St. Georges, Manitoba on the Tuesday, June 9, 1987 at 11:00 a.m. at which time and place the Council will receive representations and objections from any persons who wish to make them in respect of By-law No. 845 to amend the Alexander District Planning Scheme 1971, as amended.

A copy of the above By-law of the Local Government District of Alexander and supporting material may be inspected by any person between the hours of 8:30 a.m. and 4:30 p.m. Monday to Friday at the office of the District at St. Georges, Manitoba.

The general intent of the above By-law of the Local Government District of Alexander is to provide partly "PER" Public Environmental Reserve District and partly "SR1" Seasonal Resort District zoning to the following property:

Part of the N.E. ¼ of Section 2, Township 17, Range 13 E.P.M. as shown on a plan prepared by T.H. Stevens M.L.S. and sworn to by him at Winnipeg on the 20th day of November 1986 as shown on map below.

The property is presently undesignated.

The area affected is adjacent to and on the north side of P.R. 315 and is referred to as "Viking Village" on the Bird River.

Youth Job Centre opens in LdB

Manager Lianne Anderstedt
Phone 345-6342

Once again, the Manitoba Youth Job Centre has opened its doors for business. Hi! I'm Lianne, but more important, I'm also the manager of this year's Youth Job Centre.

This year the location of the

office has changed. It is no longer in the RM building, but is now located in the old Fire Hall across from Sportsmen's Family Restaurant. I will be in the office from 8:30 a.m. to 4:30 p.m. for anyone who wants to drop in and take advantage of this free service. For those who can't make it to the office, my phone number this year is 345-6342. If I am not in at the time, please leave a message on my answering machine and I will be sure to get back to you.

The Manitoba Youth Job Centre provides a free referral service to both employers and youth. For employers, it provides them with suitable applicants for any position they may have. When an employer comes in with a job order, what I will do is:

1. Look through my youth registrations
2. Find as many suitable applicants as the employer wants to interview
3. Refer those youth to the employer.

By taking advantage of this service the employer can avoid large numbers of youths from showing up at the door, some of whom may not be qualified, as well as the cost of advertising.

For youths it provides them with the help of not only finding a job, but the job that they will be best suited to do.

A youth is any one between the ages of 16 and 24 years or a full-time student.

The Manitoba Youth Job Centre also provides assistance with resume writing, job interview preparation, and how to fill out application forms. If you need help or have any questions about these topics please feel free to come see me; I'll be more than happy to help.

During the rest of this week and next week, I will be travelling to high schools in the area to obtain youth registrations. These schools will be Lac du Bonnet, Powerview, Pinawa and Whittemouth. Also look forward to a poster contest coming up within the next few weeks. See you soon.

Powerview RCMP called to loud parties

Over the weekend Powerview RCMP were called to four loud parties in Powerview and the beach areas. It may be a good idea to remind everyone that the Village of Powerview and the LGD of Alexander have noise by-laws. Both noise and loud assemblies that disturb the peace call for a maximum of \$1,000.00 fine and/or 30 days in jail. Normally the police warning is issued first; the second time they are called charges are laid under the by-laws; emphasizing that if unsuccessful at stopping these disturbances, the RCMP will then use the Criminal Code. They will deal with it as an unlawful assembly.

Under the by-law the charges are to the owner or the person responsible for the property.

Under the Criminal Code charges will be laid against all those assembled. This will mean arresting everyone there, which results in criminal records; charges of \$300.00 fines and/or six months in jail for everyone who is there.

A little consideration might have been thought of before this

approach is used. As a result of the May 3 highway accident on No. 59 and Saffie Road a passenger, Otto Hintz, 56, resident of Winnipeg, passed away in St. Boniface Hospital on May 4 after injuries he received in the accident. Charges have been laid.

May 8, between noon and 8:00 p.m. a man's black Pathfinder mountain bike, 12 speed, was stolen from the south shore.

May 9, a cottage at Albert Beach was completely destroyed by fire. It was apparently caused by a bird's nest in the chimney. The fire was attended by the Victoria Beach fire department who did an excellent job of preventing further spread of the fire.

At 4:25 a.m., May 10, RCMP were called to Fort Alexander regarding vandalism to a house. This is presently under investigation and charges are expected to be laid.

Reminder: all road blocks will remain in effect, especially during this long weekend. They seem to have been effective recently as there have been no charges laid.

Beausejour, Manitoba Everyone welcome

Annual open house and spring tea

It was a well attended afternoon at the annual open house and spring tea held in the Powerview multi-purpose room on Thursday, May 7. The room was decorated with the primary grades' art and class work, and many "blooming boughs" around the room, gave it a cheerful spring-like appearance. Crafts and a bake sale were soon sold out making the day a success.

Obituary

AURORE BOHEMIER
(nee SAINDON)

Suddenly on Wednesday, May 6, 1987 at the Grace Hospital, Aureore Bohemier, aged 65 years, beloved wife of Ephrem Bohemier of St. Georges, Man.

Prayers and viewing were held Saturday, May 9, followed by Mass of the Resurrection at Holy Rosary Church, 510 River Ave., with Rev. Fr. Marcel Brodeur, O.S.M., celebrant. Interment followed in Glen Lawn Memorial Gardens.

Mrs. Bohemier was predeceased by a son, Maurice. Besides her husband Ephrem, Mrs. Bohemier is survived by one son Gerard and wife Rolande; grandchildren, Lise, Lynn, Marc and Therese; also survived by three sisters, Mrs. Maria Hebert, Mrs. Marie-Ange Olivier, Mrs. Anna Sallé; numerous nieces and nephews.
